PART I.

No. R. 8006-18—L. R. 554-16-4. DATED 4TH FEBRUARY 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

(1) Rule 3 (*a*) and (*b*) of Government Order No R. 2565-612—L. R. 35-14-43, dated 2nd September 1916, prescribing certain educational qualifications for officials to be selected for the posts of Amildars and Deputy Amildars.

(2) G. O. No. R. 7304-52—L R. 345-17-1, dated 21st January 1918, issuing revised rules for recruitment to Amildari and Deputy Amildari and laying down qualifications for officials eligible for such appointments.

Order No. R. 8006-18- L. R. 554-16-4, dated 4th February 1918.

The subject of giving some practical training to officials who aspire for the posts of Amildars and Deputy Amildars in the work which they have to do as Amildars later on, has been engaging the attention of Government for sometime past, and various suggestions have been made by members of the Legislative Council and others in the matter.

2. On a careful consideration of the whole question, Government are of opinion that training in a Treasury for six weeks and Survey training for six weeks and experience of Shekdari work for a minimum period of three months are absolutely necessary for Amildars, Deputy Amildars and Sheristadars and they are accordingly pleased to lay down the following rules to provide for the training referred to above :—

The Deputy Commissioners and Heads of Departments concerned will prepare lists of the officials of their districts or departments who wish to qualify themselves for the above posts and who are otherwise qualified for the same, and forward them to the Revenue Commissioner at the end of August and February of every year. The list will be confined to officials drawing a pay of at least Rs. 50.

(2) The Revenue Commissioner will, on receipt of such lists, select about 16 officials therefrom and attach them to Taluk Treasuries for undergoing Treasury training in the first instance for six weeks.

(3) After this training is over, the Revenue Commissioner may direct the officials to report themselves to the Survey Superintendent for being trained in Survey work for six weeks. The Survey Superintendent will arrange to have a class for this purpose at Bangalore for about three months in a year.

(4) These officials will, after training as above, be posted by the Revenue Commissioner (in consultation with Deputy Commissioners) as shekdars in leave or other vacancies and when such vacancies do not exist, the officials may be attached to hoblis where there is heavy work.

(5) Arrangements will be made, as far as possible, to attach officials to taluks nearest to places where they are employed and they will be granted their usual pay during such periods.

(6) When travelling in this connection, the officials will be granted half the travelling allowance otherwise admissible to them under the Rules.

(7) The periods of training will count as service for pension and increments, but not for privilege leave. This will, however, not be treated as an interruption involving forfeiture of privilege leave already earned.

(8) No seriatim promotions should be given in the vacancies of officials so deputed, but where absolutely necessary, extra hands may be appointed for the lowest clerical places in the offices, the object being to minimise expenditure as far as possible.

(9) After the required period of training is over, the Deputy Commissioners of Districts concerned, will, on satisfying themselves, furnish the officials with certificates as to their being qualified in the work in which they were employed. Thereupon, the names of such of the subordinates who are not in the Amildari list will be included in the list in order of seniority.

(10) In appointing Amildars or Deputy Amildars, preference will ordinarily be given to officials who are qualified as above.

The Government trust that a careful selection of the officials and strict supervision over their prescribed training, will provide a qualified and competent set of candidates for recruitment to the Amildari service.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No R. 8440-1—L. R. 341-17-12, dated 14th February 1918.

It has come to the notice of Government that Pavagada (Taluk Head-quarters) has often been left uninspected for longer periods than a year by the Deputy Commissioner, Tumkur District. As this is obviously unsatisfactory, Government direct that the Deputy Commissioner of the Tumkur District should visit Pavagada at least twice a year.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. R. 4009-21—L. R. 522-13-5, dated 1st December 1914, laying down rules for the grant of land under the scheme for the creation of large landed estates.

2. Government Order No. G. 15601-50—G. M. 554-16-1, dated 19th May 1917, constituting Special Committees during the Second Session of the Representative Assembly held in April 1917, for consideration and submission of recommendations on the measures necessary to popularize the Large Landed Estates Scheme along with certain other selected subjects of general importance.

3. Letter dated 26th September 1917, from Mr. B. Narasinga Rao, convener of the meeting forwarding the report * of the Special Committee containing suggestions as to the modifications required in the existing rules on the subject.

*(Printed as an accompaniment.)

No. R. 8951-9000—L. R. 65-17-23, dated 28th February 1918.

The suggestions of the Committee which are summarised in the last paragraph of the report are accepted to the extent specified below :—

Suggestion No. 1.—Government have no objection to the appointment of District Committees for selecting lands suitable for formation as large landed estates. It will be a purely Advisory Committee. The Committee in each district will consist of the Deputy Commissioner (President).

2. The Sub-Division Assistant Commissioner at Headquarters (Secretary).

MEMBERS.

3. The District Excise Officer.

4. The District Forest Officer.

5. The Senior Daroga or other representative of the Amrut Mahal Department to be nominated by the Amrut Mahal Superintendent.

6. Five non-official members to be nominated by the Deputy Commissioner.

The Committee may meet at convenient centres and send up definite proposals to Government within six months from the date of this order. Government observe that some excess lands in Amrut Mahal Kavals have since been thrown open for cultivation. Large estates may be proposed to be formed out of such lands after setting apart such portions as may be required to meet ordinary darkhasts by local inhabitants of limited means.

Government are not in favour of raising the minimum limit of an estate from 50 to 100 acres as suggested, as men of moderate means will thereby be excluded from taking advantage of the benefits of the scheme.

Suggestion No. 2.—Government consider that the grant of these large landed estates should at present be subject to their sanction as provided in the existing rules. The question of authorising the Deputy Commissioners to dispose of such applications on their own authority will be considered after watching the results of the scheme for some time.

Suggestion No. 3.—Under the rules, only upset price is recoverable when there is not more than one application for a block, and there is further provision in special cases to allow the upset price to be recovered in instalments, or to be remitted altogether. These provisions are liberal, and Government do not consider that the lands should be granted free of price in all cases.

No. R. 8951-9000—L. R. 65-17-23, DATED 28TH FEBRUARY 1918.

Suggestion No. 4.—The rules do not prohibit alienation absolutely, but require that the period of *shraya* tenure should be over, and the title-deed obtained by the grantee before alienation can be recognised. This restriction seems necessary.

Suggestion No. 5.—Loans may be granted for the improvement of such estates subject to the terms and conditions laid down in the existing loan rules.

Suggestion No. 6.—Government accept the suggestion that timber and bamboos required *bona-fide* for the construction of cattle sheds and farm houses for the estate labourers may be given at concession rates. Half the seigniorage rates prevailing in the locality may be levied.

The foregoing additions will be incorporated in the Rules.

Government desire to convey their thanks to the members of the Committee for their valuable report.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Excise Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Heads of other Departments.

PRESS TABLE.

REPORT.

We, the members of the Committee appointed by the Government in their Order No. G. 15601-50, dated 19th May 1917, for suggesting measures necessary to popularise the Landed Estate Scheme, beg to state as follows:—

(1) The Proceedings of the Government No. 4009-21—L. R. 522-13-5, dated 1st December 1914, with regard to the creation of Large Landed Estates are sufficiently encouraging.

But with a view to popularise the formation of Large Landed Estates, the Committee are of the following opinion:—

To give the name of "Large Landed Estate" a block must consist of at least 100 acres.

Lands, which are to be set apart as a block, should be, as far as possible, a fertile one. Assessed waste lands, unassessed lands are generally of a character not fit for cultivation and no person would either care to own such lands and much less to invest large sums of money in improving the same. Such of the assessed and unassessed waste lands, the soil of which is of a fertile kind, have already been taken up for cultivation. It is, therefore, necessary to select such lands that possess sufficient fertility and water facility and set them apart as separate blocks for realising the object in view.

The lands which are fit for being converted into Large Landed Estates are:—

(1) Amrut Mahal kavals,
(2) Date groves,
(3) Small tracts of forest reserves,
(4) Large blocks below Marikanave Reservoir, Krishnarajasagara, Soolekere, in Malvalli Taluk, and below various other large works of Irrigation, and,
(5) Such other lands as may be considered fit for cultivation.

While realising that certain extent of date groves and Amrut Mahal Kavals and forest reserves are necessary for the benefit of the departments, we consider that the existence of extensive Amrut Mahal Kavals and date groves and forest reserves are more than necessary for

the departments concerned. There are some date groves which are only so in name, with a few date trees here and there. There are also best lands reserved as Amrut Mahal Kavals in different localities of the State, which bear no proportion either to the small number of cattle which are reared in that locality or to the number of cattle as a whole reared by the department.

In spite of these facts, the departments are generally conservative and would not easily surrender those lands for public cultivation. Whenever the lands of that kind are applied for with a view to lay out a large landed estate, the officers of the department concerned refuse to give those lands on the ground that they are required for departmental needs. So the applicants will not get the lands they desire and this accounts for the paucity of enterprising applicants.

By throwing open for cultivation the date groves it will also minimise the supply of toddy and thus prevent to an appreciable extent, the growth of drinking evil which has of late been increasing in an alarming rate which increase the Government also is solicitous of checking.

It is the opinion of some of the members of the Committee that the order of the Government that such estates should not be partitioned without the sanction of Government, will be a great hardship and would interfere with the rights under the law of succession. No doubt it does interfere with the law of succession to a certain extent. But if partition of such estates is permitted, it will cut at the very root of the name "Large Landed Estates" and such divisions would be a hindrance to the development of agriculture on a large scale. Though an exception made in favour of large landed estates as not being partible, may be considered a drastic change in the law of devolution of property, yet, it is desirable in the interests of preserving the estate as a single compact block, that it should be made impartible.

With a view to popularise the landed estates scheme, the Committee beg to place before Government the following suggestions :—

(1) That in each district a Committee may be appointed with the Deputy Commissioner of the District as President, the representatives of Amrut Mahal, Excise and Forest Departments, with a majority of non-official gentlemen of the district to investigate and set apart such of the lands as are fit for cultivation and improvement. A list of such lands should be published in the *Mysore Gazette* and copies of such lists should be freely circulated throughout the State.

(2) When such lands are applied for, the Deputy Commissioner may be authorised to give them to the applicants.

(3) The rule requiring an upset price being fixed and paid may be done away with, as the applicant has to invest large sums of money in improving the lands by buying machineries with a view to undertake the improved and scientific methods of agriculture.

(4) In order to attract men to invest money on such concerns and in view of the fact that such landed estates should become a valuable property, it is essential that the alienation of such estate as a single unit, in favour of one person should be permitted.

(5) The Government may lend money on easy terms for the purchase of machinery and other costly agricultural implements if in the opinion of the Government the applicant is sufficiently solvent.

(6) In order to enable the applicants to erect farm-houses, cattle sheds and houses for workmen, the Government may give them the required quantity of timber and bamboos at a concession rate and recover the same by instalment system.

Instructions for promptly intimating cases of Cattle and Horse Diseases.

No. R. 8019-28—Agri. 26-17-6, dated 4th February 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. R. 7604-13—Agri. 26-17-1, dated 27th January 1918 directing that the Deputy Commissioners of Districts should promptly intimate to the Madras authorities, the occurrence of cases of certain diseases among horses, in their respective districts.

Order. No. R. 8019-28—Agri. 26-17-6, dated 4th February 1918.

With a view to ensure prompt despatch of such intimations and guard against inadvertent omissions regarding diseases among cattle and horses in the State, Government further direct that whenever such cases occur in a village, the village officer should promptly report the same, both to the Taluk Amildar and the nearest Veterinary Inspector, who in their turn should forthwith forward the intimation to the Deputy Commissioner, for transmission to the Madras authorities. In case the disease is of an epidemic form, the village officers should continue to send daily reports, till the epidemic subsides.

2. The Revenue Commissioner is requested to issue the necessary circular instructions on the lines indicated above, both in English and Kannada, and to forward copies of the same for the information of Government.

REVENUE COMMISSIONER'S REVIEW.

Recorded.

2 The accompanying statement shows in detail the losses in cattle of various kinds in the several districts during the quarter under review as compared with that in corresponding quarter of the previous year. There was an increase in the number of deaths due to sickness among cows, bulls and buffaloes in the districts of Bangalore, Kolar, Tumkur, Mysore, Hassan and Chitaldrug, while in the Shimoga District there was a marked decrease under these heads. The Deputy Commissioners of Hassan and Chitaldrug explain the increase as being due to the increased prevalence of cattle diseases. The mortality among sheep and goats in the Kolar, Tumkur and Chitaldrug Districts was also higher than in the previous year. Mortality among cattle due to sickness increased most markedly in the Tumkur District (from 1,964 to 4,775), and decreased most markedly in the Shimoga District (from 5,334 to 1,169).

Statement showing the losses in cattle of various kinds in the Mysore State for the quarter ending the 30th September 1917.

Reorganization of the Civil Veterinary Department in Mysore.

No. R. 8854-63—Agri. 27-16-11, dated 27th February 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. Fl. 6768-9—G. F. 106-07, dated 27th June 1908, sanctioning a scheme for the organization of the Civil Veterinary Department in Mysore.

2. Letter No. C. 210, dated 28th October 1916, from the Revenue Commissioner in Mysore, submitting proposals for increasing the pay of the *Subordinate Establishment* of the Veterinary Department at an additional cost of Rs. 978 per annum.

3. Letter No. C. 938, dated 21st March 1917, from the Revenue Commissioner in Mysore, submitting proposals for increasing the scale and pay of the *Executive Staff* of the Civil Veterinary Department at an additional cost of Rs. 6,615 per annum.

4. Letter No. 1148—B. R. 29, dated 21st July 1917, from the Comptroller to Government, forwarding duly verified the proposition statement submitted by the Revenue Commissioner.

5. Letter No. C. 938, dated 9th August 1917, from the Revenue Commissioner in Mysore, recommending that the pay of the last grade Assistant Inspector may be fixed at Rs. 40—$\frac{1}{2}$—50, instead of Rs. 30—4—50, as proposed in the statement.

Order No. R. 8854-63—Agri. 27-16-11, dated 27th February 1918.

In their Order No. R. 1727-37—Agri. 38-05-22, dated 4th September 1907, Government sanctioned a scheme for the organization of a Civil Veterinary Department in Mysore. In that scheme provision was made as a beginning for three hospitals and four dispensaries exclusive of the hospital at Bangalore which had already been sanctioned in Government Order No. R. 6162-220—Agri. 98-06-2, dated 20th December 1906, with a scale of establishment consisting of one Veterinary Assistant Inspector for each institution in the grade of Rs. 30—2—40, besides one salustry, one compounder, one farrier, and one sweeper. The scheme also provided on the whole for 12 hospitals and 18 dispensaries to be distributed at each District Headquarter and in important and convenient taluk and village centres according to requirements. The maximum strength then sanctioned was 30 Assistant Veterinary Inspectors for these 30 institutions and 4 assistants as a reserve for itineration work in places where there are no hospitals or dispensaries, 1 Veterinary Inspector in charge of every 2 districts for supervision work, 1 Veterinary Inspector to work under the Superintendent and 2 Superintendents, one for touring round the districts and supervising the work of Inspectors and their assistants and the other as expert assistant to the Revenue Commissioner, who was to be in control of the Veterinary Department. The cost of the sanctioned scale as indicated above, including that of the clerical and menial establishments came to Rs. 49,776 per annum. Subsequently, in an order dated the 27th June 1908, progressive scale for Assistant Inspectors, salustries, and compounders was abolished and a fixed pay substituted therefor. The pay of the Superintendent was raised from Rs. 150-25-300 to Rs. 250—30—400 in Government Order No. C. 3-4—Agri. 16-16-2, dated 16th October 1916.

2. During the past few years provision has been made in the annual budget for the opening of new dispensaries and hospitals in accordance with the sanctioned scheme of 1908 and during 1916-17 there were in the Mysore State 4 hospitals and 8 dispensaries including the 4 dispensaries at Channapatna, Nagamangala, Davangere and Sagar which were opened at the end of the year, and the cost of the

department came to Rs. 15,552 approximately. Four more dispensaries at Chikballapur, Maddagiri, Saklespur and Tarikere have been ordered to be opened during the current year in Government Order No. R. 2419-25—Agri. 14-17-2, dated 5th September 1917.

3. It has now been brought to the notice of Government that the scale of pay provided for Veterinary Officers is not sufficiently attractive and that extreme difficulty is experienced in securing the services of qualified hands for the growing needs of the department. Proposals were therefore called for from the Revenue Commissioner for a reorganization according to the present needs in the scale of pay of the executive officers and the other establishments and in his letters dated 28th October 1916, 21st March 1917 and 9th August 1917, the Revenue Commissioner has submitted his proposals for the sanction of Government.

4. Government have carefully considered these proposals and are of opinion that till the expansion of the department has reached the limit as fixed in 1908 there is no case made out for any substantial modifications, except in regard to the supervising agency and the pay and prospects of the staff. The changes now sanctioned are indicated below :—

(1) The pay of the Superintendent which was raised from Rs. 150—25—300 to Rs. 250—30—400 in Government Order No. C. 3-4—Agri. 6-16-2, dated 16th October 1916, will stand at the latter figure.

(2) Instead of the second Superintendent provided in the order of June 1908, an Assistant Superintendent on a pay of Rs. 150—10—200 will be entertained with territorial jurisdiction over the Shimoga, Kadur and Chitaldrug Districts to exercise the duties of a Superintendent in this area. His headquarters will be at Shimoga and he will be subordinate to the Superintendent.

(3) The pay of the Inspectors will be :—

I Grade one on Rs. 100—5—125.
II Grade three on Rs. 75—5—100.

There will be 4 such Inspectors, one for two districts, instead of five as provided for in the original Order of 1908. Their duty will be chiefly to supervise the work of the stationary and itinerating Assistant Veterinary Inspectors and to direct all operations in the districts to prevent the spread of epidemics and cattle mortality and to supervise cattle breeding operations. They will also be in charge of propogandist work giving lectures to the rural population on Veterinary subjects.

(4) The Assistant Veterinary Inspectors will be placed in two grades :—

I Grade Rs. 50—5—75.
II Grade Rs. 40—$\frac{5}{2}$—50.

The hospitals should always be placed in charge of I Grade Assistant Veterinary Inspector, while the dispensaries should be placed in charge of a II Grade Assistant.

(5) In addition to the Assistant Veterinary Inspectors in charge of Hospitals and Dispensaries, there will be one II Grade Assistant Veterinary Inspector for each district for itineration and inoculation work. There will thus be 8 Assistants instead of 4 sanctioned in the original scheme of 1908, who will form a sort of mobile corps to be deputed for work according to necessity in any part of the State under the orders of the Superintendent and Assistant Superintendent as the case may be, for duty on occasions of epidemics. The necessity for the employment of a special staff to attend to inoculation work is emphasised by the markedly successful results which have attended the adoption of that measure in Madras where on account of the large number of inoculations there is a perceptible decrease in the cattle mortality as compared with Mysore.

(6) This establishment which will be permanent in character will eventually absorb the temporary staff sanctioned in Government Order No. R. 716-17—Agri. 36-14-8, dated 16th February 1915.

(7) The pay of the salustries will be raised from Rs. 12, 15 and 20 to Rs. 15, 20 and 25, respectively, and the number in each class will be as shown in the statement accompanying this order.

(8) The compounders will get a uniform pay of Rs. 10.

No. R. 8854-63—Agri. 27-16-11, dated 27th February 1918.

(9) The pay of the clerical establishment will remain as sanctioned in 1908, except that in the case of the clerk of the Superintendent which will be raised from Rs. 20 to Rs. 30 per mensem.

(10) The minimum pay of the peons will be Rs. 7.

5. The duties of each grade of officers will be as detailed in Appendix A of the Order of 1908.

6. The following scale of establishment shall be adopted for each hospital and dispensary hereafter to be opened, as well as for the dispensaries already opened at Channapatna, Nagamangala, Sagar and Davangere :—

Hospitals.

One Assistant Inspector on Rs. 50—5—75.
One salustry on Rs. 20.
One farrier on Rs. 12.
One compounder on Rs. 10.
One peon or sweeper on Rs. 8.

Dispensary.

One Assistant Veterinary Inspector on Rs. 40—5—50.
One salustry on Rs. 15.
One compounder on Rs. 10.
One peon on Rs. 7.

7. A statement is appended showing the cost of the whole scheme as now revised. The men required will not be entertained all at once, but only as necessity arises, subject to Government sanction and when funds are provided.

8. The additional expenditure that will be required for the current year to give effect to these orders will be met from the provision of Rs. 5,000 made for new institutions and from Rs. 6,484 allotted for the reorganization of the department, in the current year's budget.

9. The Revenue Commissioner is requested to submit proposals for filling up the posts of Assistant Superintendent and the required number of Inspectors and Assistant Inspectors to be entertained this year calling for applications by advertisements whenever necessary.

B. RAMASWAMAIYA,
Offg. Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Comptroller to Government through Branch II
The Deputy Commissioners of Districts.

No. R. 8727-37—Ft. 54-16-15, dated 22nd February 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. R 426-8—Ft. 126-06-2, dated 17th July 1907, sanctioning the appointment of an auditor on Rs. 75 per mensem for checking the accounts of the District Forest Offices and the Range Offices.

2. Government Order No. R. 4287-8—Ft. 3-09-3, dated 20th December 1909, sanctioning the revision of the scale and pay of the Surveyors and draftsman attached to the Forest Department.

3. Government Order No. R. 2672-81—Ft. 96-10-5, dated 16th November 1912, sanctioning the re-organisation of the Forest Department.

4. Government Order No. R. 8159-60—Ft. 102-13-2, dated 17th April 1914, sanctioning the permanent retention of the temporary establishment of 4 clerks of the Conservator's office referred to in the order of 16th November 1912, on account of increase of work

5. Government Order No. R. 3754-5—Ft. 17-16-4, dated 24th October 1916, sanctioning the continuance, pending the revision of the ministerial establishment of the Forest Department, of the 6 additional hands sanctioned in Government Order No. R. 10517-8—Ft. 164-14-4, dated 20th May 1915, for the work of compilation of forest accounts transferred from the Comptroller's Office to the District Forest Offices.

6. Government Order No. 10414-25— Ft. 139-14-6, dated 11th May 1916, ordering tentatively for one year, the bifurcation of the District Forest charges of Shimoga and Mysore and the constitution of 11 new ranges by splitting up some of the heavy ranges in the Mysore, Shimoga and Kadur Districts and sanctioning an additional temporary establishment therefor costing Rs. 10,128 per annum.

7. Correspondence ending with letter No. 1821, dated 16th August 1916, from the Conservator of Forests in Mysore, urging the necessity for the entertainment of two more auditors in order to improve the efficiency of the account work in the several subordinate forest offices.

8. Letter No. 7915, dated 14—15th March 1917, from the Comptroller, forwarding, with a proposition statement in duplicate, duly verified letter No. 8833, dated 10th February 1917, from the Conservator of Forests submitting comprehensive proposals for the re-organisation of the Executive, Protective and Ministerial Establishments of the Forest Department.

9. Subsequent correspondence ending with the report of the Conservator of Forests No. 1747, dated 24th August 1917.

Order No. R. 8727-37—Ft. 54-16-15, dated 22nd February 1918.

The last reorganisation of the Forest Department took place in 1912. It aimed chiefly at the improvement of the pay and prospects of the officers and officials of the Department in all its branches, and did not strengthen the personnel to any appreciable extent. On the contrary, in order to provide for the extra cost, the number of hands in the protective staff was actually reduced. The appointment of separate ministerial and menial staffs for the Range Offices in place of the Foresters and Guards who were previously employed in those capacities was the only substantial addition to the numerical strength worth mentioning. The revision seems to have proceeded on the assumption that better remuneration would attract better material and thus greater efficiency could be secured. The strengthening of the establishments *pari passu* with the increase of work does not appear to have been regarded as a measure of such great importance.

2. Since the last reorganisation was sanctioned there has been an expansion in the area of State Forests by about 500 square miles, an extent which is likely to

double itself very soon when the reservation proposals now under consideration are fully developed. The revenue has increased by nearly 100 per cent and there is considerable scope for further expansion in this direction for which more intensive working on scientific lines under trained supervision is recommended, involving a reduction in the size and increase in the number of territorial charges and officers to hold them. The several industrial activities have added not a little to the work of the Department. Many irregularities resulting in the leakage of Forest revenue have been discovered, which, there is reason to believe, could have been prevented by the timely audit of accounts which was neglected on account of insufficiency of establishments. The transfer of the classified abstract work to the District Forest Offices, and the numerous accounts and registers which have to be maintained in a Range Office, call for urgent strengthening of the ministerial establishments of these offices to enable them to keep all account work up-to-date. The Central Office is also under-manned. Low paid and ignorant subordinates are now entrusted with responsibilities which require a better class of men. Such men cannot be attracted to the service unless their pay and prospects are brought into line with those obtaining elsewhere, and improved so as to suit the present conditions. For these reasons, Government recognise that the re-organisation of the Department in all its branches is a measure of urgent necessity. They therefore consider that time has now come for revising the whole organisation of the Forest Department with a view to see how the administration can be improved in efficiency and rendered capable of discharging the greater responsibilities now devolving upon it. The Conservator of Forests has submitted detailed proposals in this respect which have been subjected to a very careful scrutiny. Government will now deal with these proposals in detail.

3. *Territorial distribution.*—(1) *District Charges.* The bifurcation of the forest charges of the Mysore and Shimoga Districts, sanctioned tentatively in the Government Order of 11th May 1916, read above, is confirmed. There will thus be ten Forest Districts in the State hereafter instead of eight, as detailed in statement A appended.

(2) *Range Charges.*—Including the eleven range charges sanctioned in the Order of the 11th May 1916, and two *Koti* charges, the existing number of Range charges is 54. The Conservator's proposal is to increase the number to 84 and to reduce the size of each charge so that the officer in charge may be able to give adequate attention to his work in all its branches. Government have carefully considered the additional requirements and are pleased to direct that the number of ranges including the four koti charges be fixed at 75 as noted in the margin. This will give an average area of 50 square miles to each Range which is about the maximum area which can be efficiently looked after by a single officer.

	Range	Koti or Depot.
Mysore West ...	7	1
Do South ...	6	...
Shimoga ...	10	2
Sagar ...	9	1
Kadur ...	12	...
Hassan ...	4	..
Bangalore ...	7	...
Kolar ...	6	...
Tumkur ...	5	...
Chitaldrug ...	5	...
Total ...	71 plus	4

4. *Executive Staff.*—The Conservator proposes to do away altogether with the class of Deputy Rangers who are said to be lacking in technical qualification. Having regard to the substantial increase in the number of ranges which will reduce the area under each charge, Government agree with the Conservator of Forests and directs the abolition of the class of Deputy Rangers.

Four out of the 75 reconstituted Ranges may as heretofore be in charge of Sub-Assistant Conservators. So the number of Rangers required for Range charges will be 71. Government consider that a trained reserve staff should always be available for filling up casual vacancies due to officers going on leave, special duties, etc. The provision of such a reserve is very necessary to prevent dislocation of work. This is recognised in the Madras Presidency where a reserve of 20 per cent has recently been provided for. Government are therefore of opinion that the reserve in Mysore may be fixed at 10% including the staff required for working plans. These officers will be regarded as Probationers in the Department.

No. R. 8727-37—Ft. 54-16-15, dated 22nd February 1918.

The 78 Rangers (71 ordinary strength plus 10% reserve or Probationers) will be distributed as follows:—

		No.	Pay
1st Grade	...	2	150 each.
2nd „	...	2	125 „
3rd „	...	4	100 „
4th „	..	8	80 „
5th „	..	16	70 „
6th „	...	24	60 „
7th „		15	50 „
Probationers	...	7	40 „
Total	.	78	5,180 per mensem

5. *Protective Staff.* (*a*) *Foresters.*—As the size of Range charges will be reduced, the continuance of Sub-Ranges will be no longer necessary. The Conservator of Forests proposes the retention, however, of 40 Foresters for being deputed on special work in Ranges according to requirements. Government are pleased to direct that the existing number of Foresters (130) should be reduced by 100, and the 30 Foresters should be graded in 5 classes as follows:—

		No.	Pay
1st Class		4	45 each
2nd „	...	5	40 „
3rd „	.	7	35 „
4th „	...	6	30 „
5th „	.	8	25 „
Total	.	30	Cost 1,000 Rs.

The proposal to attach these Foresters mostly to Forest Ranges with the exception of a few senior men to be placed in charge of Kotis and important timber depots is approved. Suitable proposals for the distribution of the men should be submitted with particulars as regards service, qualification, etc., for the sanction of Government.

(*b*) *Guards.*—In view of the great reduction in the number of Foresters and the abolition of the grade of Deputy Rangers, Government agree with the Conservator of Forests that the staff of Guards should be strengthened and their prospects improved. The Conservator proposes to increase the present number of 825 by 200. Government, however, think that having regard to the distribution proposed and the forest area to be looked after by each Guard, an increase by 150 will be quite sufficient. Their pay will also be revised as noted below, the distribution now existing between the Maidan and Malnad Guards being done away with.

1st Class	..	55 on Rs. 15 per mensem.	
2nd „	...	60 „	13 „
3rd class	...	115 on Rs. 12 per mensem.	
4th „	...	150 „	11 „
5th „	...	180 „	10 „
6th „	...	260 „	9 „
7th „	...	155 „	8 „
Total	...	975	10,015

6. *Ministerial Staff.*—The Conservator's proposals which aim at the increasing of the strength of the clerical establishments in the various offices according to the present needs and also at improving the pay and prospects of the officials are in the opinion of Government capable of some reduction in some cases; but Government agree that to secure greater efficiency, promptitude and precision in the technical work of the department a general revision is necessary and are accordingly pleased to sanction the Conservator of Forest's scheme with some modification. The details of the existing and revised scale will be found in the appended State ment B. The minimum pay of the clerks will be raised to Rs. 20. The main features of the revision now sanctioned are briefly indicated below.

7. *Conservator's Office.*—The present staff of 18 hands including the Personal Assistant and the auditor will be increased by 4 hands, and will be distributed among the several branches as indicated in the margin. The question of appointment of auditors under the Conservator for detailed audit of the accounts of the several District and Range offices does not commend itself to Government. They consider that the audit should be independent of the Head of the Department and accordingly direct that the work be transferred to the local audit branch of the Comptroller's office.

1	Personal Assistant.
10	Accounts Branch.
9	Correspondence Branch.
2	Hands to assist the Conservator in his inspection work of District and Range offices.
22	

8. *District Forest Offices.*—The Conservator proposes to increase the existing number of 51 hands by 18, thus making a total of 69.

The distribution proposed by the Conservator of Forests for the several District offices is given below :—

Shimoga	...	8	Major Districts.
Mysore-West	...	8	
Kadur	...	8	
Mysore-South	...	7	
Sagar	...	7	
Bangalore	...	7	
Kolar	...	6	
Tumkur	...	6	
Hassan	...	6	
Chitaldrug	...	6	
	Total	69	

The Government accept these proposals in view of the revenue produced in each district and the future developments.

The Head Accountant in the Major District Forest Offices should always get a pay of Rs. 60 to 70 and those in the other District offices Rs. 50 each, the other hands being properly distributed among the several offices according to requirements. The Conservator of Forests should see that only competent men are appointed in the reorganisation of these offices and increase of pay or number of hands is not allowed to affect efficiency or provide for promotion as a matter of course. A complete statement showing the distribution of the whole ministerial staff should be submitted for the approval of Government.

9. *Range clerks.*—In lieu of the existing scale of 60 clerks for 52 Ranges, Government are pleased to sanction 87 clerks at 1 for each of the 71 ranges, exclusive of Koti or depot charges, and one additional clerk for each of the 16 heavy Ranges which will be manned by Sub-Assistant Conservators or Rangers on a pay of Rs. 80 and above. Foresters should be in charge of all clerical work relating to Kotis and Depots.

10. *Other clerks.*—Besides the above, four clerks are also sanctioned for duty under Working Plan Officers.

11. *Reserve clerks.*—In order to have trained hands ready for taking the place of clerks on leave, etc., Government are pleased to sanction a reserve staff at 8 per cent on the total strength or 15 additional hands on Rs. 20 each who will be attached to the several District offices and the office of the Conservator at one or two each according to the requirements of each office. The distribution of these hands will require the sanction of Government.

12. *Menial Establishment.*—Government do not see any necessity for any increase in the number of menials in the Conservator's Office. They also consider that 40 men are sufficient for the District Forest Offices at the rate of 4 for each office. For the Range offices Government consider that 80 peons are sufficient at 1 peon for each of the 75 Range charges and 5 Koties and depots. The minimum pay of peons will be fixed at Rs. 8. The pay of the dafterband and lascars of the Conservator's office will be slightly increased as shown in the appended statement.

No. R. 8727-37—Ft. 54-16-15, dated 22nd February 1918.

13. *General.*—The whole of the ministerial establishment will be placed on a provincial scale.

Except the five highest appointments in the Conservator's Office, the pay of no appointment in any office should be fixed in a particular grade, each man rising to the next higher grade in his own office when a vacancy occurs in the higher grade without necessarily being transferred to the office in which the vacancy occurs unless such a step be found necessary on other grounds, such as, long stay in the particular place, etc.

14. The financial effect of the reorganisation will be a net increase of Rs. 56,418 per annum in cost as shown in the proposition statement.

15. The revision will take effect from the 1st March 1918, on which date the temporary Records-sorting Establishment in the offices of the Conservator of Forests and the District Forest Offices except Chitaldrug and Hassan referred to in Government Order No. R. 2160-1—Ft. 54-16-14, dated 25th August 1917, will cease to exist.

16. The existing Forest Survey Establishment, both permanent and temporary, attached to the Forest Department, which is not included in the proposition statement, by the Conservator, is not affected by this Order.

17. The question of revising the strength and prospects of the controlling staff referred to in the concluding paragraph of the Conservator of Forest's report will be taken up for separate consideration when definite recommendations are framed and submitted.

18. The Conservator of Forests is requested to take immediate steps to give effect to the reorganisation now ordered and so far as the new Ranges created are concerned take every care to see that they are manned by trained and qualified men. Any temporary arrangements necessary before trained Rangers are available should be reported to Government for sanction in each case and all appointments under the reorganisation both in the executive and ministerial line should have the approval of Government. The question of giving the Conservator of Forests and the District Forest Officers greater authority over their own establishments and relieving the Deputy Commissioners of the control now exercised by them over forest establishments will be considered separately.

To—The Conservator of Forests in Mysore.
The Comptroller, Mysore Government, through Branch II.
The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
PRESS TABLE.

STATEMENT A.

The Revenue Districts of Bangalore, Kolar, Tumkur, Hassan, Chitaldrug and Kadur each form a separate forest district charge. The Revenue Districts of Mysore and Shimoga are divided into two Forest Districts each as follows:—

Mysore District.

Mysore South Division.

1. Chamrajnagar.
2. Seringapatam.
3. T.-Narsipur.
4. Gundlupet.
5. Nanjangud.

Mysore West Division.

1. Mysore.
2. Hunsur.
3. Yedatore.
4. Mandya.
5. Malvalli.
6. Nagamangala.
7. Heggaddevankote.
8. Krishnarajpete.
9. French Rocks Sub-Taluk.

Shimoga District.

Shimoga Division.

1. Shimoga.
2. Honnali.
3. Channagiri.
4. Kumsi Sub-Taluk.
5. Tirthahalli.

Sagar Division.

1. Sagar.
2. Sorab.
3. Shikarpur.
4. Nagar.

No. R. 8727-37—Ft. 54-16-15, dated 22nd February 1918.

NOTIFICATION.

No. R. 8125—Ft. 125-17-5. dated 6th February 1918.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from 1st March 1918, the area, the boundaries of which are set forth in the Schedule annexed to this notification, shall be deemed to be a State Forest subject to the exercise of rights specified at foot thereof :—

SCHEDULE.

District	Taluk	Approximate area	Name of block	Boundaries
Shimoga	Sorab	1,816 acres and 18 guntas or 2·83 square miles	Tavanandi	*North.*—Starting from the trijunction bandhs of Kerekoppa, Tavanandi and Sarekoppa villages, the line runs north-east for about 14 chains along the southern boundary of Survey No. 10 of Kerekoppa to the south-west corner of Survey No. 11 of the said village; then along the southern boundary of Survey Nos. 11 and 13 of the same village to a point on the south side of the last named survey number about 6 chains south-west from the south-east corner of Survey No. 13, then south-east for about 7 chains through Survey No. 195 of Tavanandi to a point about 5 chains south-west from its north-east corner; then south for about 23 chains through Survey No. 195 to a point about 5 chains north from the northernmost corner of survey No. 18; then south-west for about 4 chains to a point about 5 chains north-west from the same corner; then south-west for about 13 chains to a point on the high road leading from Sorab to Banavasi about 5 chains west from the westernmost corner of Survey No. 18; then south-east for about 13 chains to a point about 6 chains south-west from the south-west corner of survey No. 17; then south-east for about 5 chains through survey No. 195 to a point about 8 chains south-west from the south-east corner of Survey No. 17; then south-west for about 8 chains through Survey No. 195 to a point about 5 chains north-west from the north-west corner of Survey No. 3; then again south-west for about 5 chains to a point about 6 chains north-west from the south-west corner of the said survey number; then south-west for about 8 chains to a point about 7 chains south-west from the south-west corner of the same survey number; then south-east for about 8 chains to a point about 5 chains south-east from the same corner; then again south-east for about 53 chains to the westernmost corner of (the tank) Survey No. 187; then along its western boundary to its south-west corner; then south-east for about 60 chains through Survey No. 195 of Tavanandi and Survey No. 6 of Bendekoppa to the south-west corner of a tank situated to the south of Survey No. 7; then along its southern boundary to its south-east corner; then north-east for about 41 chains through Survey No. 6 of Bendekoppa to a point about 5 chains south-west from the southernmost corner of Survey No. 5; then south-east for about 7 chains through Survey No. 6 of the said village and No. 19 of Dodderikoppa to a point about 5 chains south-west from the southernmost corner of Survey No. 20 of the latter village; then north-east for about 11 chains to a point about 10 chains east from the abovenamed corner; then east for about 22 chains through Survey No. 19 to a point about 6 chains south-west from the south-west corner of Survey No. 2. *East.*—Thence south-east for about 11 chains to a point about 6 chains south-west from the south-east corner of Survey No. 1; then south-west for about 7 chains to a point about 5 chains north-west from the westernmost corner of Survey No. 64 of Thotlagondanakoppa; then south-west for about 5 chains to a point about 5 chains north-west from the north-west corner of Survey No. 63 of the said village; then again south-west for about 9 chains to a point on the common boundary between Dodderikoppa and Votur about 5 chains south-west from the south-west corner of Survey No. 63 of Thotlagondanakoppa; then south-east for about 13 chains through Survey No. 9 of Votur to a point about 8 chains north-west from the south-west corner of Survey No. 61 of Thotlagondanakoppa; then south for about 41 chains through Survey No. 19 of Votur to the north-west corner of Survey No. 17; then along its western boundary to its south-west corner; then south-west for about 17 chains through the same survey number to a point about 11 chains south-east from the northernmost corner of Survey No. 10. *South.*—Thence south-west for about 9 chains to a point about 5 chains north-west from the westernmost corner of Survey No. 10 of Votur; then north-west for about 9 chains to a point on the common boundary between Chittrattehalli and Votur about 8 chains north-west

No. R. 8125—Ft. 125-17-5. dated 6th February 1918.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from 1st March 1918, the area, the boundaries of which are set forth in the Schedule annexed to this notification, shall be deemed to be a State Forest subject to the exercise of rights specified at foot thereof :—

SCHEDULE.

District	Taluk	Approximate area	Name of block	Boundaries
Shimoga	Sorab	1,816 acres and 18 guntas or 2·83 square miles.	Tavanandi	*North.*—Starting from the trijunction bandhs of Kerekoppa, Tavanandi and Sarekoppa villages, the line runs north-east for about 14 chains along the southern boundary of Survey No. 10 of Kerekoppa to the south-west corner of Survey No. 11 of the said village; then along the southern boundary of Survey Nos. 11 and 13 of the same village to a point on the south side of the last named survey number about 6 chains south-west from the south-east corner of Survey No. 13, then south-east for about 7 chains through Survey No. 195 of Tavanandi to a point about 5 chains south-west from its north-east corner; then south for about 28 chains through Survey No. 195 to a point about 5 chains north from the northernmost corner of survey No. 18; then south-west for about 4 chains to a point about 5 chains north-west from the same corner; then south-west for about 13 chains to a point on the high road leading from Sorab to Banavasi about 5 chains west from the westernmost corner of Survey No. 18; then south-east for about 13 chains to a point about 6 chains south-west from the south-west corner of survey No. 17; then south-east for about 5 chains through survey No. 195 to a point about 8 chains south-west from the south-east corner of Survey No. 17; then south-west for about 8 chains through Survey No. 195 to a point about 5 chains north-west from the north-west corner of Survey No 3; then again south-west for about 5 chains to a point about 6 chains north-west from the south-west corner of the said survey number: then south-west for about 8 chains to a point about 7 chains south-west from the south-west corner of the same survey number; then south-east for about 8 chains to a point about 5 chains south-east from the same corner; then again south-east for about 53 chains to the westernmost corner of (the tank) Survey No. 187; then along its western boundary to its south-west corner; then south-east for about 60 chains through Survey No. 195 of Tavanandi and Survey No. 6 of Bendekoppa to the south-west corner of a tank situated to the south of Survey No. 7; then along its southern boundary to its south-east corner; then north-east for about 41 chains through Survey No. 6 of Bendekoppa to a point about 5 chains south-west from the southernmost corner of Survey No. 5; then south-east for about 7 chains through Survey No. 6 of the said village and No. 19 of Dodderikoppa to a point about 5 chains south-west from the southernmost corner of Survey No. 20 of the latter village; then north-east for about 11 chains to a point about 10 chains east from the abovenained corner; then east for about 22 chains through Survey No. 19 to a point about 6 chains south-west from the south-west corner of Survey No. 2. *East.*—Thence south-east for about 11 chains to a point about 6 chains south-west from the south-east corner of Survey No. 1; then south-west for about 7 chains to a point about 5 chains north-west from the westernmost corner of Survey No. 64 of Thotlagondanakoppa; then south-west for about 5 chains to a point about 5 chains north-west from the north-west corner of Survey No. 63 of the said village; then again south-west for about 9 chains to a point on the common boundary between Dodderikoppa and Votur about 5 chains south-west from the south-west corner of Survey No. 63 of Thotlagondanakoppa; then south-east for about 13 chains through Survey No. 9 of Votur to a point about 8 chains north-west from the south-west corner of Survey No. 61 of Thotlagondanakoppa; then south for about 41 chains through Survey No. 19 of Votur to the north-west corner of Survey No. 17; then along its western boundary to its south-west corner; then south-west for about 17 chains through the same survey number to a point about 11 chains south-east from the northernmost corner of Survey No. 10. *South.*—Thence south-west for about 9 chains to a point about 5 chains north-west from the westernmost corner of Survey No. 10 of Votur; then north-west for about 9 chains to a point on the common boundary between Chittrattehalli and Votur about 8 chains north-west

from the north-west corner of survey No. 9 of Votur; then west for about 8 chains through survey No. 11 of Chitrattehalli to a point about 5 chains north-west from the north-west corner of survey No. 24; then south-west for about 7 chains to a point about 6 chains west from the abovementioned corner; then almost west for about 51 chains through survey No. 11 to a point about 6 chains north-west from the north-west corner of survey No. 10; then north-west for about 15 chains through survey No. 11 to a point on its western boundary about 7 chains north-west from the northernmost corner of survey No. 7.

West.—Thence in a north-westerly direction through survey No. 13 of Bilavagode to meet the Sorab-Banavasi road at a point about 8 chains south-east from the easternmost corner of survey No. 16; thenalong the road to the north-east corner of survey No. 18; then west crossing the abovementioned road along the northern boundary of the said survey number for about 28 chains to a point about 5 chains north-east from the north-west corner of survey No. 46; then north-west along the common boundary between Bilavagode and Tavanandi to the trijunction bandhs of the said villages and Sarekoppa; then north, north-west and again north along the common boundary between Tavanandi and Sarekoppa to the southern most corner of the tank (survey No. 232) of Sarekoppa; then east for about 26 chains through survey No. 195 of Tavanandi to a point about 5 chains south from the south-west corner of survey No. 221 of Sarekoppa; then south-east for about 15 chains to a point about 5 chains south from the south-west corner of survey No. 227 of Sarekoppa; then east for about 12 chains to a point about 5 chains south-east from the south-east corner of survey No. 230 of Sarekoppa; then north-east for about 10 chains to a point about 8 chains east from the easternmost corner of survey No. 231 of the said village; then north-west along the Sorab-Banavasi road for about 22 chains to a point about 10 chains north-east from the north-east corner of survey No. 228 of Sarekoppa; then west for about 31 chains through survey No. 195 of Tavanandi to a point about 5 chains north-west from the north-east corner of survey No. 218; then north-west for about 16 chanis to the starting point.

Remarks.

A. *The following rights of way are admitted in the block.*—(1) *High Road,* leading from Sorab to Banavasi. It enters the block at the trijunction bandhs of Bendekoppa, Bilavagode and Tavanandi villages, runs north-east for about 23 chains through survey No. 195 of Tavanandi and quits the forest in the northern boundary of the block at a point about 11 chains west from the westernmost corner of survey No. 7 of Bendekoppa. It again enters the forest at a point about 5 chains west from the northernmost corner of survey No. 17 of Tavanandi, passes north-west for about 44 chains through survey No. 195 of same village and quits the forest at a point about 5 chains east from the south-east corner of survey No. 11 of Kerekoppa.

(2) *Cart-track* leading to Belavagode from Tavanandi.—It enters the forest in the northern boundary of the block at a point about 9 chains south from the southernmost corner of survey No. 178 of Tavanandi, passes south for about 36 chains through survey No. 195 and quits the forest at a point about 10 chains west from the trijunction bandhs of Bendekoppa, Belavagode and Tavanadi villages

(3) *Foot-path* from Tavanandi to the cultivation land survey No. 178 of Ambigara Malla.—It enters the forest at a point about 2 chains north from the westernmost corner of the tank (survey No. 187) of Tavanandi, runs west, south and south-east for about 18 chains through survey No. 195 and quits the forest at a point about 3 chains south-east from the south-west corner of survey No. 187.

(4) *Foot-path* from Tavanandi to Sarekoppa.—It enters the forest a point about 7 chains north from the westernmost corner of (the tank) survey No. 187 of Tavanandi, runs west for about 37 chains through survey No. 195 and quits the forest in the western boundary of the block at a point about 43 chains north from the trijunction bandhs of Belavagode, Tavanandi and Sarekoppa.

(5) *Foot-path,* branching from the foot-path number 4 *supra* and going to Belavagode.—It branches at a point about 17 chains north-west from the westernmost corner of (the tank) survey No. 187, passes south and south-west for about 50 chains through survey No. 195 of Tavanandi and quits the forest in its western boundary at a point about 8 chains south-east from the trijunction bandhs of Belavagode, Sarekoppa and the above mentioned village.

(6) *Foot-path,* from Chittrattehalli to Chowdikatte.—It enters the forest at a point about 5 chains north-east from the northernmost corner of survey No. 21 of Chittrattehalli, runs north-west for about 22 chains through survey No. 11 and reaches the kattey

(7) *Foot-path,* from Chittrattehalli to Dodderikoppa.—It touches the eastern boundary of the forest at a point about 11 chains south-west from northernmost corner of survey No. 10 of Votur, runs along the same boundary for about 61 chains and quits the forest at a point about 8 chains north-west from the south-west corner of survey No. 61 of Thotla gondanakoppa.

No. R. 8118-21—Ft. 125-17-4, dated 6th Feburary 1918.

(8) *Cart-track*, from Votur to Dodderikoppa.—It enters the forest in the eastern-boundary of the block at a point about 9 chains north from the north-west corner of survey No. 17 of Votur, runs north-west for about 76 chains through survey Nos. 19 of Votur and 19 of Dodderikoppa and quits the forest at a point about 5 chains south from the southern-most corner of survey No. 20 of the latter village.

(9) *Foot-path*, branching from the cart-track No. 8 *supra* to Tudakattey situated in survey No. 19 of Votur.—It branches from the same point where the cart-track No. 8 enters the forest, runs south-west for about 20 chains through survey No. 19 of Votur and meets the Kattey.

(10) *Cart-track*, leading from Sorab to Anavatti.—It branches from the road No. 1 *supra* at the trijunction bandhs of Bendekoppa, Bilavagode and Tavanandi villages, runs north-east and north for about 33 chains through survey No. 6 of Bendekoppa and quits the forest at a point about one chain north-east from the south-east corner of the tank in survey No. 6.

N. B.—The cart-tracks and foot-paths described above are 12 feet and 6 feet wide respectively.

B. The following concessions are admitted within the block :—

Dry wood, dry leaves, Adachari burloos ಅಡಚಾರಿಬುರ್ಲು Hegguniballi ಹೆಗ್ಗುನಿಬಳ್ಳಿ for manure baskets, burloos (twigs) for roofing purposes and pegs for hedges should be given to Tavanandi villagers free as per quantities to be fixed by the Forest Range Officer according to the requirements of the applicants for the time being.

Dead bagam wood for putting up enclosures to sugar-cane lands and (ಚಂದನತ್ತ ಬಗಿನಮರ) bagini trees which cease to grow for making koradoos may be given, the former free and the latter on the payment of the usual royalty.

By Order,
B. RAMASWAMAIYA,
Offg. Secy. to Govt., Rev. Dept.

Letter No. 311 dated 26th October 1917 from B. Basavaradhya, Esq., B.A., B L., Forest Settlement Officer in Mysore, Bangalore, to K. R. Srinivasa Iyengar, Esq., M.A., Revenue Commissioner in Mysore, Bangalore (through the Deputy Commissioner, Shimoga).

I have the honor to report on the conclusion of the settlement of Tavanandi block in Sorab Taluk, Shimoga District.

2. The initial notification under section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest appeared on pages 1178 and 1179, Part I of the English issue of the *Mysore Gazette*, dated 9th September 1915, and the proclamation under section 5 of the said Regulation was issued on 2nd January 1917 and the same appeared on pages 30 to 32, Part II, of the Kannada issue of the *Mysore Gazette*, dated 11th January 1917. The proclamatory notifications were got served on the villagers concerned through the Amildar of Sorab Taluk.

3. The locality was inspected and perambulated by me in company with the Range Officer and the Amildar, Sorab, on the 20th and 21st May 1917.

4. The following 16 claims were preferred to me during the enquiry :—

(i) Seven claims to right of way.
(ii) Two claims to right of water.
(iii) Seven claims to miscellaneous rights.

The claims in (i) and (ii) were admitted. Out of 7 claims in (iii) 2 were fully and 2 partly admitted and 3 were rejected. In addition to the above, I have allowed 3 rights of way which I found quite necessary to the villagers during my inspection.

5. The Deputy Commissioner, Shimoga, intimates in his docket No. Mis. C. 240 Rev. 17-18, dated 8th September 1917, that no appeals have been preferred to him against my decision.

6. The following records are herewith submitted :—

(i) "B" Register.
(ii) C Do
(iii) Sketch Map.
(iv) Topo Tracing.
(v) Boundary Notification

7. The date from which the reservation is to take effect may kindly be inserted in the draft boundary notification.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Tavanandi State Forest.

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3		5	6	7	8	9
1	Doddiah, patel of Tavanandi.	19th May 1917	Stating that Purle katte (Registered No. 662) adjacent to Survey No. 18, Deevaroombli katte (ದೀವರು ಉಂಬಳಿ ಕಟ್ಟೆ) adjacent to survey No. 3 and Bendekere (Registered No. 671 to the south of survey No 7 of Bendekoppa have to be excluded from the reserve. (2) Right of way to a foot-path and a cart-track to Sarekoppa and a foot-path and a cart-tract to Belavagode may be granted. (3) Permission to bring the following from the State Forest freely may be granted (ಬಂಡೆ ಕತ್ತಿ ಬಗನಿ ಮರ) tree, (2) Dead bagani trees for putting hedges for sugar-cane fields, (3) Pegs for hedges (ಜಾಲಿ) (4) House-building fibres. (5) Heggunniballi, Adachari barlu, Dry leaves and dead wood for fuel.	.. ..	The three kattes may be excluded The following rights of way may be allowed. (*a*) Tavanandi to Sarekoppa. (*b*) Tavanandi to Belavagode. (*c*) Tavanandi to Votur. As regards wood for agricultural implements, leaf manure and creepers they may be got not only from survey No. 28 but also from the excluded portion of survey No. 195. Dead bagani trees could only be removed on paid licenses.	The three kattes are excluded from the reserve. Foot-path from Tavanandi to Sarekoppa is admitted. (*b*) Cart-track to Sarekoppa branching from the Sirsi-Sorab road is outside the forest line and needs no orders. (*c*) Cart-track from survey No. 177 to Belavagode passing through survey No. 195 is allowed. (*d*) Foot-path branching from the foot-path leading to Sarekoppa and going to Belavagod too is also admitted. (3) The following concessions are granted to the villagers as about 1,000 acres of the village land are taken for the forest. Dry wood, dry leaves, Adachari barlu (brooms), Heggunniballi for preparing manure baskets, barlu (twigs) for roofing purposes for house-buildings and pegs for hedges should be given free as per quantities to be fixed by the Forest Range Officer according to the requirements of the applicants for the time being. Dead bagani trees for putting up enclosures to sugar-cane fields and bagani trees which cease to grow (ಬಂಡೆ ಕತ್ತಿ ಬಗನಿ ಮರ) for preparing koiadoos may be given from the reserve, the former free and the latter on payment of usual royalty. High-road from Sorab to Banavasi passing through survey No. 195 is allowed.	.. ..	

Ambigara Malla of Tavanandi.	20th May 1917	Praying for a right of way to go to his land (Survey No. 178) as the way in the tank bed used by him during summer becomes unusable in the rainy season.	...	A foot-path may be granted.	This is allowed (round the tank Survey No. 187 to Survey No. 178). B. BASAVARADHYA, Forest Settlement Officer.
Basappagowda, patel of Belavagode.	19th May 1917	Stating that a triangular bit of Survey No 13 between Sorab-Sirsi road and the northern boundary of Survey No. 13 may be excluded as the same is required for the villagers' use. (2) The line may be shifted away from Survey Nos. 14, 15 and 16 which are in cultivation. (3) There is a quarry in the south-eastern portion of Survey No. 195 of Tavanandi village in which laterite bricks are taken and the right to take the same may be recognized.		The area left for the villagers is 104 acres 26 guntas and an additional area of 5 chains in width all along the cultivated survey numbers will have to be excluded. There will be no necessity to exclude Survey No. 13 totally as they could get their requirements from the excluded portion.	Only 90 acres are proposed to be taken out of Survey No. 13 which is 191 acres and 26 guntas. It was represented to me that there is not much grass growing at present in the other portion of Survey No. 13. I inspected it and it is recently wooded and it will take some years for the villagers to clear it so as to grow grass thereon. I have therefore left some more land by shifting the line to run along the northern boundary of Survey No. 13 up to the point where the road from Sorab to Banavasi meets and therefrom along the margin of the road. (2) By the above change of the line the cultivation margin does not arise at all. (3) It is said that there is a quarry in the south-eastern corner of Survey No. 195 of Tavanandi village and patel says that it should be left for the use of the villagers. According to his evidence itself there is only a solitary occasion on which he took laterite from there and he admits there is no other occasion on which neither the villagers of Tavanandi nor those of any other village have taken laterite therefrom. Thus the claim set up is absolutely without proof and is therefore rejected. B. BASAVARADHYA, Forest Settlement Officer.
Mancha Naika, patel of Chittrattehalli.	19th May 1917	Stating that the tank in Survey No. 11 known as Chowdikere is used in the rainy season for the cattle to drink water as the tank near the village cannot be used owing to the surrounding lands being brought under cultivation and the same is required. (2) Dry leaves, fuel, green leaves for manure and wood for agricultural implements are required from the kan Survey No. 11.		The right to make use of water may be allowed for six months (from July to December). The villagers can get these from Survey No. 27 and also from the excluded portion of Survey No 11.	The right for the cattle of the village to drink the water of the tank is recognized and a foot-path 6 feet wide is allowed for the purpose from the south-eastern corner of Survey No. 11. The water may be used from the beginning of Jyeshta to the end of Kartheeka every year. (2) Not granted, being found unnecessary.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Tavanandi State Forest.

1	Doddiah, patel of Tavanandi.	19th May 1917	Stating that Purle katte (Registered No. 662) adjacent to Survey No. 18, Deevaroombli katte (ದೀವರ ಉಂಬಳಿ ಕಟ್ಟೆ) adjacent to survey No. 3 and Bendekere (Registered No. 671 to the south of survey No 7 of Bendekoppa have to be excluded from the reserve. (2) Right of way to a foot-path and a cart-track to Sarekoppa and a foot-path and a cart-tract to Belavagode may be granted. (3) Permission to bring the following from the State Forest freely may be granted (ಚಂಡೆ ಮತ್ತೆ ಬಗನಿ ಮರ) tree, (2) Dead bagani trees for putting hedges for sugar-cane fields, (3) Pegs for hedges (ಜಲ್ಲಿ) (4) House-building fibres. (5) Heggunniballi, Adachari barlu, Dry leaves and dead wood for fuel.	. ..	The three kattes may be excluded. The following rights of way may be allowed. (*a*) Tavanandi to Sarekoppa. (*b*) Tavanandi to Belavagode. (*c*) Tavanandi to Votur. As regards wood for agricultural implements, leaf manure and creepers they may be got not only from survey No. 28 but also from the excluded portion of survey No. 195. Dead bagani trees could only be removed on paid licenses.	The three kattes are excluded from the reserve. Foot-path from Tavanandi to Sarekoppa is admitted. (*b*) Cart-track to Sarekoppa branching from the Sirsi-Sorab road is outside the forest line and needs no orders. (*c*) Cart-track from survey No. 177 to Belavagode passing through survey No. 195 is allowed. (*d*) Foot-path branching from the foot-path leading to Sarekoppa and going to Belavagod too is also admitted. (3) The following concessions are granted to the villagers as about 1,000 acres of the village land are taken for the forest. Dry wood, dry leaves, Adachari barlu (brooms), Heggunniballi for preparing manure baskets, barlu (twigs) for roofing purposes for house-buildings and pegs for hedges should be given free as per quantities to be fixed by the Forest Range Officer according to the requirements of the applicants for the time being. Dead bagani trees for putting up enclosures to sugar-cane fields and bagani trees which cease to grow (ಚಂಡೆ ಮತ್ತೆ ಬಗನಿ ಮರ) for preparing koradoos may be given from the reserve, the former free and the latter on payment of usual royalty. High-road from Sorab to Banavasi passing through survey No. 195 is allowed.	....	

2	Ambigara Malla of Tavanandi.	20th May 1917	Praying for a right of way to go to his land (Survey No. 178) as the way in the tank bed used by him during summer becomes unusable in the rainy season.	.....	A foot-path may be granted.	This is allowed (round the tank Survey No. 187 to Survey No. 178). B. BASAVARADHYA, Forest Settlement Officer.
3	Basappagowda, patel of Belavagode.	19th May 1917	Stating that a triangular bit of Survey No. 13 between Sorab-Sirsi road and the northern boundary of Survey No. 13 may be excluded as the same is required for the villagers' use. (2) The line may be shifted away from Survey Nos. 11, 15 and 16 which are in cultivation. (3) There is a quarry in the south-eastern portion of Survey No. 195 of Tavanandi village in which laterite bricks are taken and the right to take the same may be recognized.		The area left for the villagers is 104 acres 26 guntas and an additional area of 5 chains in width all along the cultivated survey numbers will have to be excluded. There will be no necessity to exclude Survey No. 13 totally as they could get their requirements from the excluded portion.	Only 90 acres are proposed to be taken out of Survey No. 13 which is 194 acres and 26 guntas. It was represented to me that there is not much grass growing at present in the other portion of Survey No. 13. I inspected it and it is recently wooded and it will take some years for the villagers to clear it so as to grow grass thereon. I have therefore left some more land by shifting the line to run along the northern boundary of Survey No. 13 up to the point where the road from Sorab to Banavasi meets and therefrom along the margin of the road. (2) By the above change of the line the cultivation margin does not arise at all (3) It is said that there is a quarry in the south-eastern corner of Survey No. 195 of Tavanandi village and patel says that it should be left for the use of the villagers. According to his evidence itself there is only a solitary occasion on which he took laterite from there and he admits there is no other occasion on which neither the villagers of Tavanandi nor those of any other village have taken laterite therefrom Thus the claim set up is absolutely without proof and is therefore rejected. B. BASAVARADHYA, Forest Settlement Officer.
4	Mancha Naika, patel of Chittrattehalli.	19th May 1917	Stating that the tank in Survey No. 11 known as Chowdikere is used in the rainy season for the cattle to drink water as the tank near the village cannot be used owing to the surrounding lands being brought under cultivation and the same is required. (2) Dry leaves, fuel, green leaves for manure and wood for agricultural implements are required from the kan Survey No. 17.	.....	The right to make use of water may be allowed for six months (from July to December). The villagers can get these from Survey No. 27 and also from the excluded portion of Survey No. 11.	The right for the cattle of the village to drink the water of the tank is recognized and a foot-path 6 feet wide is allowed for the purpose from the south-eastern corner of Survey No. 11. The water may be used from the beginning of Jyeshta to the end of Kartheeka every year (2) Not granted, being found unnecessary.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Tavanandi State Forest, etc.—*concld.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
			(3) The cattle graze in this Survey No. 11. So the whole number may be excluded. (4) A foot-path leading to Tavanandi, *viz.*, Dodderikoppa is needed.		As the area left for the village is 339 acres 39 guntas and the cattle only 104, there is no necessity for any concession.	(3) I see no reason to grant any grazing concessions as the gomal left, *viz.*, 35 acres 15 guntas coupled with 304 and odd acres of kharab is enough for 183 heads of cattle including 45 goats. (4) Granted (*vide* the foot-path admitted in the Votur village). B. BASAVARADHYA, Forest Settlement Officer. 19th May 1917.		
5	Mancha Naika, patel of Votur.	19th May 1917	Stating that the Survey No. 19 which is used by the villagers for grazing and other purposes may be excluded as it contains a tank adjacent to Survey No. 17 where their cattle have to go for water.	.....	As the area left is far greater than their requirements no concessions are necessary.	The cattle of the village are allowed to drink in Tudakatte in Survey No. 19 and a foot-path for the same is allowed. As only a portion of Government kan is taken for the forest and 319 acres and 5 guntas are still left intact no concession of any kind is considered necessary. The cart-track and a foot-path to Dodderikoppa are allowed. B. BASAVARADHYA, Forest Settlement Officer. 19th May 1917.		
6	Bheema, Khatedar of Survey No. 63 of Thotiagondanakoppa.	22nd May 1917	Praying for the right of way to his land leading from Survey Nos. 1, 2, 3 of Dodderikoppa through the block.	.....	....	This is excluded from the block as the line is now fixed during the settlement. A cart-track leading from Survey No. 20 of Votur to Dodderikoppa passing through Survey No. 19 of Dodderikoppa and another cart-track leading from Sorab to Anavatti passing through Survey No. 6 of Hendekoppa are allowed for use throughout the year. B. BASAVARADHYA, Forest Settlement Officer 22nd May 1917.

B BASAVARADHYA
Forest Settlement Officer

No. R. 8594-7—Ft. 136-17-4, dated 20th February 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Notification No. R. 10765—Ft. 160-15-3, dated 19th May 1916, issued under Section 4 of the Forest Regulation in the matter of the proposed constitution of the Santebande Forest Block in the Molakalmuru Taluk as a State Forest.

2. Letter No. C. 2383, dated 9th January 1918, from the Revenue Commissioner in Mysore, forwarding the Forest Settlement Officer's letter No. 450, dated 13th December 1917, reporting on the conclusion of the settlement of the block.

3. Letter No. 6741, dated 8th February 1918, from the Conservator of Forests, agreeing to the issue of the final notification in the matter.

Order No. R. 8594-7—Ft. 136-17-4, dated 20th February 1918.

The settlement effected by the Forest Settlement Officer is approved. The Notification under Section 17 of the Forest Regulation constituting the block a State Forest with effect from the 1st April 1918, will be published in the *Gazette*.

2. The Deputy Commissioner, Chitaldrug District, is requested to duly promulgate the boundaries of the block in the villages concerned.

B. RAMASWAMAIYA,
Offg. Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Superintendent of Revenue Survey and Settlement in Mysore.
The Deputy Commissioner, Chitaldrug District, with map and registers.

Exd.—C. R.

No. R. 8594-7—Ft. 136-17-4, dated 20th February 1918.

NOTIFICATION.

No. R. 8598—*Ft.* 136-17-5, *dated* 20*th February* 1918.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900), that from 1st April 1918, the area, the boundaries of which are set forth in the Schedule annexed to this Notification, shall be deemed to be a "State Forest", subject to the exercise of rights specified at foot thereof:—

SCHEDULE.

District	Taluk	Approximate area	Name of block
Chitaldrug ...	Molakalmuru ...	3,250 acres, 6 guntas or 5·08 square miles.	Santhebande.

Boundaries.

North.—Starting from the north-west corner of Survey No. 62 of Chikkanahalli, the line runs north-east for about 87 chains through Survey No. 15 of Vaderahalli to a point on its northern boundary about 5 chains south-east from the south-east corner of Survey No. 18 of the same village; then south-east, north-east and north-west along the northern boundary of Survey No. 15 to the north-east corner of Survey No. 16; then east and north-east for about 50 chains along the Kudligi-Rampur road to the northernmost corner of Survey No. 35 of Devasamudra; then east along the common boundary between Rampur and Devasamudra villages to the south-west corner of the tank Survey No. 43 of Rampur; then along its southern boundary to its south-east corner; then south for about 5 chains along the eastern boundary of Survey No. 34 of Devasamudra, then turns south-east for about 46 chains through Survey No. 33 of the said village to a point on the Bangalore-Bellary High road about 13 chains south from the north-east corner of the said survey number.

East.—Thence south along the Bangalore-Bellary road for about 56 chains to a point about 5 chains north-west from the south-east corner of Survey No. 33, then west for about 18 chains through Survey No. 33 to a point about 8 chains north-west from the north-west corner of Survey No. 101 of Ramasagara; then south-east for about 5 chains to a point on the common boundary between Devasamudra and Ramasagara villages, about 5 chains west from the above mentioned corner; then south for about 13 chains through Survey No. 100 of Ramasagara to a point about 6 chains south-west from the westernmost corner of Survey No. 101; then south-east for about 16 chains through Survey No. 100 to a point about 5 chains south-west from the south-west corner of Survey No. 101; then south east for about 7 chains through Survey No. 100 to a point about 6 chains south-west from the south-east corner of Survey No. 101; then again south-east for about 6 chains through Survey No. 100 to a point about 7 chains south-west from the north-west corner of Survey No. 99; then south-west for about 13 chains through Survey No. 100 to a point about, 6 chains west from the south-west corner of Survey No. 99; then south-west for about 13 chains through Survey No. 100 to a point about 6 chains north-west from the south-west corner of Survey No. 98; then again south-west for about 4 chains through Survey No. 100 to a point on the common boundary between Ramasagar and Gowrasamudra about 4 chains north-west from the southernmost corner of Survey No. 100.

South.—Thence in a south-westerly direction for about 21 chains through Survey No. 63 of Gowrasamudra to the northernmost corner of survey No. 65; then along the northern boundary of the said survey number to the southernmost corner of Survey No. 63; then north-west for about 22 chains through the said survey number to a point about 5 chains north from the northernmost corner of Survey No. 64; then west for about 27 chains through Survey No. 63 to the northernmost corner of Survey No. 52; then north-west for about 66 chains through Survey Nos. 61 and 62 to a point on the western boundary of the latter survey number about 8 chains north from the north-east corner of Survey No. 53 of Chikkanahalli; then south-west for about 39 chains through Survey No. 55 to a point about 5 chains north from the northernmost corner of Survey No. 25; then south-west for about 22 chains through Survey No. 55 to a point on the western boundary of the said survey number about 5 chains north-east from its south-west corner; then west for about 23 chains through Survey No. 56 to a point about 6 chains north-east from the south-east corner of Survey No. 59;

No. R. 8594-7—Ft. 136-17-4, dated 20th February 1918.

then north-west for about 27 chains through No. 56 to a point about 6 chains east from the south-east corner of Survey No. 61; then again north-west for about 15 chains through Survey No. 56 to the north-east corner of Survey No. 61; then along the northern boundary of the said survey number to its north-west corner; then south for about 46 chains through Suvrey No. 62 to a point about 13 chains north-west from its south-east corner; then almost west for about 88 chains through Survey Nos. 62 and 63 to the westernmost corner of the latter survey number.

West.—Thence along the western and northern boundaries of Survey No. 63 of Chikkanahalli to the starting point.

Remarks.

The following rights of way are admitted within the block for the use of men and cattle throughout the year.

Foot-path, 6 feet wide leading from Vaderahalli to Chikkanahalli. It enters the forest in the northern boundary of the block from the south-west corner of Survey No. 16 of Vaderahalli, runs south-west for about 44 chains through Survey Nos. 15, Vaderahalli, and 56 and 62 of Chikkanahalli and quits the forest in the southern boundary of the block at a point about 3 chains west from the north-east corner of Survey No. 61 of Chikkanahalli.

2. *Foot-path,* 6 feet wide from Gowrasamudra to the halla in Survey No. 61 of the said village. It enters the forest in the southern boundary of the block at a point about 3 chains west from the south-east corner of Survey No. 61, runs in a north-easterly direction for about 7 chains through Survey Nos. 61 and 63 and reaches the halla.

3. *Cart-track,* 12 feet wide leading from Siddapur to Chikkanahalli. It enters the forest in the southern boundary of the block at a point about 17 chains east from the westernmost corner of Survey No. 63 of Chikkanahalli, runs in a north-westerly direction for about 18 chains and quits the forest in its western boundary at a point about 4 chains north from the abovenamed corner.

This is open for carts also.

By Order,
B. RAMASWAMAIYA,
Offg. Secretary to Government,
Revenue Department.

Letter No. 450, dated 13th December 1917 from B. Basavaradhya, Esq., B.A., B.L., Forest Settlement Officer in Mysore, Bangalore, to K. R. Srinivasa Iyengar, Esq., M.A., Officiating Revenue Commissioner in Mysore, Bangalore, through the Deputy Commissioner, Chitaldrug District.

I have the honor to report on the conclusion of the settlement of Santhebande block in Molakalmuru Taluk, Chitaldrug District.

2. The initial notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest appeared on pages 392-393 of the English issue of the *Mysore Gazette,* Part I, dated 25th May 1916 and the proclamation under Section 5 of the said Regulation was issued on 29th December 1916 and the same was published on pages 7-9, Part II of the Kannada issue of the *Mysore Gazette,* dated 4th January 1917. The proclamatory notifications were got served on the villagers concerned by the Amildar, Molakalmuru Taluk.

3. The locality was inspected and perambulated by me in company with the Range Officer, Molakalmuru and the villagers and village officials concerned, on the 22nd, 23rd and 24th July 1917.

4. The following six claims were preferred to me during the enquiry:—

(i) Three claims to right of way. | (ii) Three claims to miscellaneous rights.

The claims in (i) were admitted and the claims in (ii) were partly admitted.

No. R. 8594-7—Ft. 136-17-4, dated 20th February 1918.

5. The Deputy Commissioner, Chitaldrug, says in his docket No. D. Dis. 309—Rev. 17-18, dated 16th November 1917, that no appeals have been preferred to him against the decision of the Forest Settlement Officer.

6. The following records have been submitted herewith:—

(i) "B" Register
(ii) "C" Register.
(iii) Boundary Notification.
(iv) Sketch Map.
(v) Topo tracing.

7. The date from which the reservation is to take effect may kindly be inserted in the draft boundary notification.

B. —Register of claims to lands, Rights to Forest produce or easements in the proposed Santebande State Forest in Chitaldrug District.

Serial No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claim	Brief summary of the Forest Officers arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	Kallagowda patel of Gowrasamudra on behalf of the villagers.	21st July 1917 ...	(a) Stating that Survey Nos. 52 and 61 may be left for the villagers and the remaining lands proposed may be included in the reserve. (b) The foot-path in Survey No. 61 leading to the halla as noted in the village map is required for them.	..	(a) Survey No 61 being most hilly must be included inside the State Forest for the following reasons :— (1) To prevent erosion of the catchment area of the channel leading to the tank. (2) To secure rational boundary. (3) To facilitate perambulation of demarcation line and successful fire protection. (4) To decrease the cost of clearing and annual maintenance of fire lines etc. (b) The right of way may be allowed.	The villagers pray that Survey No. 61 may be entirely left for them. The Forest Department opposes the said prayer. The growth of grass being poor in these parts owing to scanty rains, the villagers' prayer is entitled to some consideration. I therefore change the line so as to reserve a portion of Survey No. 61 for their use. A foot-path 6 feet wide is allowed through Survey No. 61 to the channel.		
2	Do patel of Chikkanahalli.	Do	(1) Stating that the gomal Survey No. 63 may entirely be left for the villagers. (2) The foot-path to Vaderahalli passing through Survey Nos. 56 and 62 and the cart-track from Siddapur to Chikkanahalli may be left for their use.	...	The villagers' prayer is quite unreasonable as enough of khaiab and gomal have been still left for them. This survey number being situated on the frontier should necessarily be included in the State Forest for more reasons than one. The right of way may be allowed.	The villagers represent that Survey No. 63 should be left for them entirely. The cattle in the village is only 160 exclusive of sheep and goats for which there is still left about 187 acres of gomal and 30 acres of khaiab which is ample. But there is a narrow indent of the proposed block between the limits of Rayapur village of Bellary district and the cultivation lands of Chikkanahalli. This will be still more narrowed after leaving the cultivation margin. This narrow bit will be inconvenient for the Forest Department, as it cannot possibly admit of the two permanent demarcation lines being properly cut. To avoid this irksome inconvenience I have changed the line so as to exclude this narrow bit as well as to allow the cultivation margin to Survey Nos. 57, 58, 59, 60, 64, 65, 66, 25 and 26. (2) A foot-path 6 feet in width to Vaderahalli and a cart-track 12 feet wide from Siddapur to Chikkanahalli are admitted for use through out the year for men, cattle and carts.		

3	**Hanumanthappa, patel of Vaderahalli, on behalf of the villagers.**	22nd July 1917 ..	Stating that some lands of their village have been taken for Sanjivarayankote State Forest situated to the north of the village and some more lands have been proposed for Santhebande block to the south of the village. The forest is on both sides of their village and they have no other land to graze their cattle and so Survey No. 15 may be excluded from the block.	The claim put forward by the raiyats for the exclusion of Survey No. 15 is far from satisfactory as there still remains about 720 acres of kharab and gomal lands. Besides this the villagers pay a lumpsum grazing fee of Rs. 20 annually to Sanjivarayankote State Forest for grazing their cattle there. An equal area of kharab lands may be caused to be converted into gomal land for the use of the villagers.	An area of 1,16[illegible] acres of land has already been taken for the Sanjivarayankote State Forest to the north of the village. It is now proposed to take 552 acres and 24 guntas (Survey No. 15) for the present block on the south of the village. The villagers say that this involves great hardship. The village is hemmed in on both sides by the State Forests. The gomal and kharab still left in the village is, it is contended by the Range Officer, sufficient for the village cattle. As per resurvey accounts there are 401 cattle, 120 sheep and 189 goats. The Range Officer admits that the people are paying a fee of Rs. 20 annually to the Forest Department for allowing their cattle to graze in the Sanjivarayankote State Forest. This is a proof, positive of the insufficiency of the existing pasturage for the village cattle. So I think it is necessary to allow some more portion of Survey No. 15 for them. Accordingly I have altered the line so as to allow, 170 acres more to the villagers.
	Forest Settlement Officer	.....	.....	... ..	A foot-path 6 feet wide to Chikkanahalli passing through Survey No. 15 is allowed as shown in the sketch.
4	**Giddannagowda, patel of Rampur.**	21st July 1917 ...	Praying for the exclusion of Survey Nos. 44 and 45 of their village from the reserve as 2,135 heads of cattle in their village depend upon those lands only and the gomal Survey No. 47 left for them is all rocky-hill.	The area proposed viz., (15 acres and 39 guntas) to be taken up for the block may be included in the reserve as it is an insignificant area and the portion left for the village is quite ample.	The only area taken from this village is 45 acres and 39 guntas in a corner to the west of tank Survey No. 43. As this is a big village containing a large number of cattle and as the growth of grass in these dry parts is scanty exclude from the block the whole area proposed and have taken the line along the southern boundary of Survey Nos. 44 and 45.
5	**Pathaiya, Nandalappa, Hanumanthappa cultivators of Chikkanahalli lands.**	24th July 1917 ..	Praying for the exclusion of the lands taken from their village to the block as they have to bring their agricultural and domestic requirements from those lands only and also to graze their cattle there and in case they are not left for them permission for free grazing and to bring freely their requirements from the forest may be granted.	..	*Vide* decision to claim No. 2 above.

B. BASAVARADHYA,
District Settlement Officer

Read—

Government Notification No. R. 1401—Ft. 31-11-2, dated 1st September 1911, issued under Section 4 of the Forest Regulation in the matter of the proposed constitution of the Gangagiri Forest Block in the Chikmagalur Taluk.

2. Letter No. C. 2009 of 17, dated 19th December 1917, from the Revenue Commissioner in Mysore, forwarding the Forest Settlement Officer's letter No. 388, dated 17th November 1917, reporting on the conclusion of the settlement of the block.

3. Letter No. 6147, dated 24th January 1918, from the Conservator of Forests agreeing to the issue of the final notification in the matter.

Order No. R. 8570-3—Ft. 124-17-4, dated 19th February 1918.

The settlement effected by the Forest Settlement Officer is approved. The Notification under Section 17 of the Forest Regulation constituting the block a State Forest with effect from 1st April 1918, will be published in the Gazette.

2. The Deputy Commissioner, Kadur District, is requested to duly promulgate the boundaries of the block in the villages concerned.

3. The assessment of the undermentioned assessed waste lands included in the block, should be written off the accounts.

NOTIFICATION

No. R. 8574—Ft 124-17-5, dated 19th February 1918

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from 1st April 1918, the area, the boundaries of which are set forth in the Schedule annexed to this Notification shall be deemed to be a "State Forest" subject to the exercise of rights specified at foot thereof.—

SCHEDULE

District—Kadur.
Taluk—Chikmagalur
Approximate area—10714A-34G or 16 74 square miles
Name of block—Gangagiri

BOUNDARIES

North—Starting from the right bank of the Bhadra river at the south-west corner of survey No 12 of Heggarmathivani, the line runs north-east for about 73 chains along the southern boundary of the said survey number to a point about 5 chains north west from the northernmost corner of survey No 16 of Sirgola, then south west for about 13 chains through survey No 15 of Sirgola to a point about 6 chains west from to westernmost corner of survey No 16, then south-east for about 5 chains through survey No 15 to a point about 5 chains south-west from the said corner, then again south-east for about 15 chains through survey Nos 15 and 19 to a point about 6 chains south from the southernmost corner of survey No 16, then north-east for about 21 chains through survey Nos 19 and 18 to a point on the northern boundary of the first named survey number, about 5 chains south-east from the eastern-most corner of survey No 17, then north for about 4 chains through survey No 10 of Heggarmathivani to a point about 5 chains east from the southernmost corner of survey No 11, then north-west for about 13 chains through survey Nos 10, 11 and 12 to a point about 5 chains north east from the north west corner of survey No 11, then north west for about 9 chains through survey No 12 to a point about 8 chains north-west from the abovenamed corner, then north east for about 26 chains through survey No 12 to a point on its eastern boundary about 8 chains north west from the north-west corner of survey No 9 then again north-east for about 90 chains through survey Nos 13 and 14 to the southernmost corner of survey No 15, then south-east along the eastern boundary of survey No 16 to the northernmost corner of survey No 60 of Sugadavani, then north-east for about 60 chains along the northern boundary of survey No 254 of Sugadavani to a point about 16 chains south-west from its northernmost corner, then south-west for about 41 chains through the said survey number and survey No 59 to the north-west corner of survey No 58, then south-west for about 9 chains through survey No 59 to a point about 5 chains north-west from the north-west corner of survey No 256, then again south-west for about 32 chains through survey No 59 to its south-west corner, then along the common boundary between Heggarmathivani and Sugadavani villages, to a point about 25 chains east from the southernmost corner of survey No 1 of Heggarmathivani, then it passes in a semi-circular way for about 16 chains through survey numbers 16 of Heggarmathivani and 19 of Sirgola to a point about 19 chains south east from the southern-most corner of survey No 1 of the latter village, then along the common boundary between Sirgola and Sugadavani to the tri-junction bandhs of the said villages and Bidare, then south-west for about 39 chains along the common boundary between Sirgola and Bidare to a point about 18 chains north-west from the north-east corner of survey No 60 of Bidare, then north west for about 14 chains through survey Nos 22 19 and 20 of Sirgola, to a point about 6 chains north-west from the south east corner of survey No 20, then south-west for about 41 chains through survey Nos 20 and 22 to a point about 21 chains north from the north-west corner of survey No 21, then south-west through survey No 22 to a point on a halla about 5 chains north-west from the abovenamed corner of survey No 81, then south-west for about 23 chains through survey No 22 to a point about 9 chains west from the westernmost corner of survey No 21, then south-east for about 33 chains through survey No 22 to a point on its eastern boundary about 5 chains south-west from the southernmost corner of survey No 69, then along the common boundary between Sirgola and Bidare to a point about 5 chains north east from the easternmost corner of survey No 28 of Sirgola, then west for about 4 chains through survey No 24 to a point about 5 chains north from the abovenamed corner, then south west for about 5 chains through survey No 24 to a point on its western boundary about 5 chains north-west from its southern-most corner, then south-west for about 21 chains through survey No. 28 to a point about 16 chains north from the northernmost corner of survey No 226 of Bidare, then sout-west along the common boundary between Sirgola and Bidare to the north-east corner of survey No. 232 of

of the latter village; then along the eastern boundary of the said survey number to the northernmost corner of survey No. 231; then along the southern boundary of survey No. 230 to its south-east corner; then along the western boundary of survey No. 236 to its south-west corner; then south-east for about 39 chains through survey No. 235 to the southernmost corner of survey No. 249; then in the same direction for about 32 chains through survey No. 250 to a point about one chain south from the south-west corner of survey No. 262; then south-west for about 3 chains through survey No. 250 to a point about 4 chains south-west from the abovenamed corner; then south-east for about 8 chains through survey No. 250 to a point about 2 chains west from the south-west corner of survey No. 157; then east for about 2 chains to the said corner; then south-east for about 36 chains through survey Nos. 250 and 181 to the southernmost corner of survey No. 159; then north-east for about 20 chains through survey No. 181 to a point about 13 chains south-west from the southernmost corner of survey No. 160; then north-east for about 30 chains through survey No. 181 to a point about 5 chains south-east from the south-east corner of survey No. 161; then north-east for about 15 chains through survey No. 181 to a point about 8 chains south-east from the north-east corner of survey No. 167; then north-east for about 9 chains to the south-east corner of survey No. 169; then along its east side to its north-east corner; then north-west for about 33 chains through survey numbers 181 and 182 to the easternmost corner of survey No. 194; then along the western boundary of survey No. 182 to the south-west corner of survey number 191; then along the southern boundary of the said survey number to its south-east corner; then along the southern and eastern boundaries of survey No. 190 to its easternmost corner; then north for about 37 chains through survey No. 182 to a point on its northern boundary about 10 chains south-east from the north-east corner of survey No. 183; then north-east for about 87 chains through survey No. 124 to a point about 4 chains south-east from the north-east corner of survey No. 133; then north-east for about 105 chains through survey Nos. 116 and 50 to a point on the northern boundary of the latter survey number about 14 chains south-west from the southernmost corner of survey No. 89 of Sugadavani; then east for about 17 chains through survey No. 100 to a point about 5 chains west from the south-west corner of survey No. 99; then south-east for about 5 chains through survey No. 100 to a point about 6 chains south-west from the abovenamed corner; then east for about 8 chains through survey No. 100 to a point about 6 chains south-east from the south-east corner of survey No. 99; then north-east for about 6 chains through survey No. 100 to a point about 5 chains east from the said corner; then again north-east for about 10 chains to the south-east corner of survey No. 98; then north-east for about 24 chains through survey No. 100 to a point about 5 chains west from the westernmost corner of survey No. 103; then south-east for about 6 chains through survey No. 100 to a point about 6 chains south-west from the said corner; then north-east for about 10 chains through survey No. 100 to a point about 8 chains south-east from the abovenamed corner; then south-east for about 29 chains to a point about 3 chains north-west from the southernmost corner of survey No. 103.

East.—Thence south-west for about 4 chains through survey No. 100 of Sugadavani to a point on its southern boundary about 3 chains south-west from the south-west corner of survey No. 103; then south-east for about 17 chains through survey No. 180 to a point about 2 chains south-west from the south-west corner of survey No. 181; then again south-east for about 29 chains through survey No. 180 to a point about 15 chains south-west from the south-west corner of survey No. 145; then south-east for about 16 chains to a point about 5 chains north-west from the northernmost corner of survey No. 178; then south-west for about 9 chains to a point on the southern boundary of survey No. 180 about 8 chains south-west from the abovementioned corner; then south-west for about 17 chains through survey No. 177 to a point about 7 chains south-west from the westernmost corner of survey No. 176; then south-east for about 29 chains through survey No. 177 to a point on its southern boundary about 6 chains south-west from the southernmost corner of survey No. 333; then south-west for about 30 chains through survey No. 239 of Siravasi to a point on its western boundary about 19 chains west from the southernmost corner of survey No. 241; then south-east for about 31 chains through survey No. 105 of Bogassy to the westernmost corner of survey No. 104; then south-west for about 147 chains through survey Nos. 22 and 21 to the northernmost corner of survey No. 90 of Basapur, then along the northern and eastern boundaries of survey No. 108 to a point about 1 chain east from the north-east corner of survey No. 91.

South.—Thence along the north-side of survey Nos. 91 and 96 of Basapur to the northernmost corner of survey No. 94; then north-west for about 16 chains through survey Nos. 92 and 91 to the north-east corner of survey No. 86; then along its northern and western boundaries to a point about 2 chains north-east from the easternmost corner of survey No. 87; then west for about 6 chains through survey No. 108 to the northern-most corner of survey No. 87; then south-west for about 9 chains to the north-west corner of survey

No R. 8570-3—Ft. 124-17-4, dated 19th February 1918

No 66, then along its western boundary to a point about 3 chains east from the easternmost corner of survey No 64, then south west for about 6 chains through survey No 66 to the south east corner of survey No 65, then again south-west for about 52 chains through survey Nos 62 and 69 and again 62 to a point about 5 chains north-east from the north west corner of survey No 22, then south west for about 7 chains through survey No 62 to a point about 5 chains north-west from the abovementioned corner, then south-west for about 70 chains through survey No 62 to a point on its western boundry about 5 chains north west from the north-west corner of survey No 20 then again south-west for about 27 chains, through survey No 135 of Devadan to a point on its western boundary about 27 chains north-east from the northernmost corner of survey No 315, then west for about 25 chains through survey No 316 to a point on its western boundry about 11 chains north-east from the north-east corner of survey No 14 then north-west for about 16 chains through survey No 12 to a point on its northern boundary about 5 chains east from the south-east corner of survey No 341, then north-west for about 10 chains through survey No 11 to the eastern most corner of survey No 259 of Bidare then again north west for about 13 chains through survey No 11 to the north east corner of survey No 256 of Bidare then along the eastern, northern and western boundaries of survey No 252 and west side of survey No 253 to the north-west corner of the latter survey number

West —Thence along the right bank of Bhadra river through survey Nos 250, 235, 234 233 and 232 of Bidare and 28 Siragola to a point about 3 chains south-east from the southern most corner of survey No 60 of Siragola then north-east for about 22 chains through survey No 61 to the south-east corner of survey No 63, then along its eastern boundry to its north east corner, then along the right bank of Bhadra river through survey Nos 61 and 28 to a point about 5 chains west from the northernmost corner of survey No 27, then east for about 11 chains through survey No 28 to a point about 3 chains north-east from the north-east corner of survey No 27, then north-east for about 21 chains through survey No 28 to a point about 7 chains north west from the north-west corner of survey No 31, then south east for about 10 chains through survey No 28 to a point about 5 chains south-west from the south-west corner of survey No 34, then again south-east for about 21 chains through survey Nos 28, 25 and again 28 to a point about 7 chains south-west from the south-west corner of survey No 29 then north east for about 8 chains through survey No 26 to a point about 5 chains south from the southernmost corner of survey No 29, then north-east for about 9 chains to a point about 5 chains south east from the southernmost corner of survey No 30, then again north-east for about 9 chains through survey Nos 28 and 24 to a point about 6 chains south-east from the easternmost corner of survey No 30, then north west for about 24 chains through survey No 24 to a point about 6 chains east from the easternmost corner of survey No 36, then again north-west for about 22 chains through survey No 24 to a point about 5 chains east from the easternmost corner of survey No 39, then north east for about 44 chains through survey No 24 to a point on its northern boundry about 16 chains south-east from its northernmost corner, then again north-east for about 46 chains through survey No 15 to the south-east corner of survey No 14, then its east side to its easternmost corner, then north-east for about 12 chains through survey No 15 to the south-east corner of survey No 12, then its east side to its east unmost corner, then north-east for about 23 chains through survey No 15 to a point about 5 chains east from the south-east corner of survey No 9, then north for about 9 chains through survey No. 15 to a point on a halla about 5 chains north-east from the north-east corner of survey No 9, then along the halla for about 8 chains to a point on the right bank of the Bhadra river about 9 chains north west from the north east corner of survey No 9, then along the said bank to the starting point

Remarks —(A) The following rights of way are admitted in the block throughout the year —

1 *Foot-path* —Leading from Khandya to a house in survey No 15 of Sugoli It enters the forest in the southern boundary of the block at a point about 2 chains south-west from the northernmost corner of survey No 253 of Bidare, runs north-west in a winding manner for about 280 chains through survey Nos 250, 235, 232 of Bidare and 28 of Siragola and quits the forest in the western boundry of the block at a point about 2 chains south from the easternmost corner of survey No 60, then again it enters the forest at a point about 2 chains south-east from the south-east corner of survey No 63, passed north-east and north-west for about 61 chains through survey Nos 61 and 28 and quits the forest in its western boundary at a point about 4 chains west from the northernmost corner of survey No 27, then again it re-enters the forest at a point about 9 chains north-east from the north-west corner of survey No 9, runs north-east for about 85 chains through survey No 15 of Siragola and quits the block in its northern boundry at a point about 5 chains south-east from the south-west corner of survey No 16

No. R. 8570-3—Ft. 124-17-4, dated 19th February 1918.

2. *Foot-path* leading to enclosure No. 1.—It branches from the foot-path number I *supra* at a point on the right bank of the river Bhadra about 9 chains north-west from the north-east corner of survey No. 9 of Siragola, passes in a south-easterly direction for about 27 chains through survey No. 15 and reaches the enclosure at a point about 5 chains north-west from the westernmost corner of survey No. 67.

2. *Foot-path*.—to Enclosure No. II from Bidare.—It enters the forest in the northern boundary of the block at a point about 4 chains south-east from the north-east corner of survey No 133, passes for about 32 chains through survey No. 116 along the northern boundary of survey Nos. 124 and 122 and reaches the enclosure at a point about 5 chains south-west from the north-west corner of survey No. 121.

4. *Foot-path* leading from Bidare to Bogasey.—It enters the forest in the northern boundary of the block at a point about 18 chains east from the easternmost corner of survey No. 10 of Bidare, passes south-east for about 35 chains through survey Nos. 124 of Bidare and 105 of Bogasey and reaches the enclosure No 3 at a point about 10 chains west from the north-west corner of survey No 107: and again it re-enters the forest at a point about 9 chains south-east from the south-east corner of survey No 109 of Bogasey, runs north-east and south-east for about 41 chains through survey No. 22 and quits the forest in the eastern boundary of the block at a point about 19 chains north-west from the westernmost corner of survey No. 26

5. *Foot-path*, from Bogasey to the cave temple (Enclosure No. V). It branches from the foot-path number 4 *supra* at a point about 17 chains south-east from the south-east corner of survey No. 109, passes north-west for about 9 chains through survey No. 22 and reaches the enclosure at a point about 9 chains south-east from the easternmost corner of survey No. 109.

6. *Foot-path*, from Bidare to Basapura.—It enters the forest in the northern boundary of the block at a point about 4 chains south from the southernmost corner of survey No 160, runs south-east for about 41 chains through survey No. 181 of Bidare and 62 of Basapur and quits the forest in the southern boundary of the block at a point about 4 chains north from the northernmost corner of survey No. 22

7. *Foot-path*, going to Bhattadakal Bhavi.—It branches from the foot-path number 6 *supra* from the same point where it enters the forest runs south-east for about 21 chains through survey No 181 and reaches the enclosure.

8. *Foot-path*, from Bidare to Khandya passing through the enclosure No. III.—It enters the forest in the northern boundary of the block at a point about 9 chains south-west from the south-east corner of survey No. 157 of Bidare runs in a south-westerly direction for about 9 chains and reaches the enclosure; it again enters the block at a point about 15 chains north-east from the northernmost corner of survey No. 251 of Bidare, passes south-west for about 47 chains through survey Nos 250, 271, 278 of Bidare and 11 of Devadan and quits the forest in the southern boundary of the block at a point about 5 chains north-west from the eastern-most corner of survey No. 259 of Bidare.

9. *Foot-path* leading from Bidare to the foot-path number I.—It enters the forest in the northern boundary of the block at a point about 13 chains north-west from the northernmost corner of survey No. 249 runs south-west and north-west for about 60 chains through survey No 235 and reaches the foot-path No. I *supra* at the southernmost corner of survey No. 232.

10. *Foot-path* from Bidare to "Kudre Abbe" in Bhadra river in survey No 235.—It branches from the foot-path No 8 *supra* at the same point where it enters the forest, runs north-west for about 96 chains through survey Nos. 250 and 235 and reaches "Kudre Abbe" in the river.

11 *Foot-path* from Kallamma's temple in Bidare to "Kavalakandagiri" in survey No. 294—It branches from the foot-path No. 9 *supra* at the same point where No. 9 enters the forest runs along the demarcation line for about 21 chains and then along the western boundary of survey No. 236 and leaves the forest in its north-west corner.

12. *Foot-path* from Sugadavani to Gundihombala in Bidare.—It enters the forest in the eastern boundary of the block at a point about 7 chains south-west from the westernmost corner of survey number 176 runs in a south-westerly direction for about 92 chains through survey Nos. 177 of Sugadavani and 116 of Bidare and reaches the enclosure No. II at a point about 5 chains south-east from the easternmost corner of survey No. 119.

13. *Cart-track*, leading from Mr. Crawford's bungalow in survey No. 293 of Bidare to Devadan.—It enters the forest in the northern boundary of the block at a point about 6 chains north from the southernmost corner of survey No. 249 of Bidare passes south-west, south-east and south for about 63 chains through survey Nos. 235 and 250 of Bidare and reaches the enclosure No. III at a point about 13 chains south-west from the south-west corner of survey No. 157. It again enters the forest at a point about 15 chains north-east

No. R. 8570-3—Ft. 124-17-4, dated 19th February 1918.

from the northernmost corner of survey No. 251, passes south and south-west through survey Nos. 250 and 251 of Bidare and 11 and 12 of Devadan for about 58 chains and quits the forest at a point about 10 chains north-east from the easternmost corner of survey No. 13 of Devadan.

ENCLOSURES.

(*B*). *The following are treated as enclosures in the block.*

No. I.

Survey Nos. 65, 66, 67 and 70 of Siragola have been clubbed together and treated as an enclosure with a margin of 5 chains all round. For the right of way *vide* foot-path No. 2.

No. II.

The hamlet of Gundihombala consisting of survey Nos. 118, 119, 120 and 121 of Bidare is treated as an enclosure with a margin of 5 chains all round. For the right of way *vide* foot-path No. 3.

No. III.

Sri Uddandaswami temple in survey No. 250 of Bidare is treated as an enclosure with a space of 10 chains square. For the right of way *vide* foot-path No. 8.

No. IV.

A space of 2 chains square is allowed around the "Bhattadakal Bhavi" (ಭತ್ತದ ಕಾಳ್ಭವಿ) in survey No. 181 of Bidare and treated as an enclosure. For the right of way *vide* foot-path No. 7.

No. V.

The cave temple of Sri Paradesappa in survey No. 114 of Bogasey together with survey Nos. 107, 108, 109, 110, 111, 112, 113, 114 and 115 is treated as an enclosure with the following boundaries.

Starting from a point about 11 chains west from the north-west corner of survey No. 107, the enclosure line runs north-east for about 35 chains through survey No. 105 of Bogasay to a point about 7 chains north-east from the north-east corner of survey No. 106; then south-east for about 28 chains through survey No. 105 to a point about 10 chains north-east from the north-east corner of survey No. 115; then south-west for about 37 chains through survey Nos. 105 and 22 to a point on the western boundary of the latter survey number about 10 chains south-east from the south-east corner of survey No. 109; then north-west for about 30 chains through survey Nos. 21 and 105 to a point about 8 chains south-west from the south-west corner of survey No. 107; then north-west for about 11 chains through survey No. 105 and meets the starting point. For the right of way *vide* foot-path No. 4.

By Order,
B. RAMASWAMAIYA,
Offg. Secretary to Government, Rev. Dept.

Letter No. 388, dated 17th November 1917, from B. Basavaradhya, Esq., B. A., B. L., Forest Settlement Officer in Mysore, Bangalore, to K. R. Srinivasa Iyengar, Esq., M. A. Revenue Commissioner in Mysore, Bangalore, through the Deputy Commissioner, Kadur District.

I have the honor to report on the conclusion of the settlement of the Gangagiri Block in Chikmagalur Taluk, Kadur District.

2. The initial notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest, appeared on pages (352-353), of the English issue of the *Mysore Gazette*, Part I, dated 7th September 1911, and the proclamatory notification undre Section 5 of the said Regulation was issued by Mr. B. T. Kesava Iyengar, Revenue Sub-Division Officer and the same was published on pages 935 to 937 of the Kannada issue of the *Mysore Gazette*, Part II, dated 7th October 1915.

3. The proclamatory notifications were got served on the villagers concerned through the Amildar of Chikmagalur Taluk by Mr. Kesava Iyengar himself.

4. The locality was inspected and perambulated by me in company with the Amildar, Chikmagalur, Taluk, and the Range Officer of Hebbe Range on the 2nd, 3rd, 4th, and 5th May 1917.

5. The following 24 claims were preferred to me during the enquiry.

(i) 8 claims to right of way.

(ii) 16 claims to miscellaneous rights.

B—Register of claims to lands, rights to forest produce or easements in the proposed Gangagiri State Forest

No	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
1	Anuegowda Patel of Siragala	6th May 1917	Stating that all the (1) gomal and kharab lands of his village have been included in the block and requests that the preliminary demarcation line which has come very near the cultivated fields and houses may be shifted away and (2) some portion of lands for grazing the cattle of the village and to bring the necessary agricultural and domestic implements may be excluded			Some survey numbers in cultivation have been proposed to be treated as enclosures out of these survey Nos 65 66,67 and 70 have been clubbed together and treated as one enclosure, they being situated in the middle of the proposed reserve Other lands about 13 in number being very near the demarcation line have been excluded from the block to save all further trouble both to the villagers and the Forest Department (2) All the gomal lands having been taken up for the reserve and the whole village having been included inside the reserve it is but fair that sufficient provision should exist for the villagers for the supply of pasture agricultural and other implements I have therefore left portions of survey Nos 24 and 15 abutting the Bhadra river as marked in the sketch The following foot paths are allowed — Foot path leading from Kandya to a house to the north of survey No 17 Foot-path branching from the above foot path is allowed as a means of approach to the enclosure consisting of survey Nos 65 66, 67 and 70		
2	Rudriah, Patel of Bidare	1st May 1917	Stating that they have (1) to perform "ಕಂಡ" ceremony in the temple of Sri Uddandeswami situated in survey No 250 and the demarcation line may be shifted (2) and the following rights of way may be admitted — (a) A way to go to the temple (b) A way from the temple to Kudre Abbe in survey No 235 (c) and another way to Bhattadakal bhavi		The temple may be treated as an enclosure	As many devotees attend the Sri Uddandeswami temple in survey No 250 for the "Kanda" ceremony it is treated as an enclosure with a space of 10 chains square and this additional space has been allowed for the use of the devotees so as to prevent risk of fire to the jungle, (3) A, B and C—these three ways are granted as prayed for and Bhattadakalbhavi in survey No 181 is treated as an enclosure with a space of two chains all round,		

No. R 8570-3—Ft. 124-17-4, dated 19th February 1918.

B—Register of claims to lands, rights to forest produce or easements in the proposed Gangagiri State Forest—*concld.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
			(3) The road to Mr Crawford's bungalow for carts is to be allowed. (4) The foot-path from Kalamma's temple to Kavalkandigiri (ಕಾವಲ್‌ಕಂದಿಗಿರಿ) in survey No. 284 is also to be allowed. (5) The hamlet of Gundihomlali has been included in the reserve and it will be very difficult for the inhabitants of this hamlet to control their cattle from entering the reserve and so the line may be shifted two or three furlongs away to the south of survey No. 118. (6) Half of the following survey numbers may be excluded from the block for the use of the villagers 181, 182 250, 240, 295 and 116			(2) The existing road is allowed. (4) Granted (5) Survey Nos 118, 119, 120 and 121 are clubbed together and treated as an enclosure with the usual margin and a foot-path 6 feet wide is allowed to it from the north-eastern corner of Survey No. 139 and passing through survey No 116 along the north western and northern boundaries of survey No. 122. (6) A very insignificant portion of survey No 240 will remain after giving the cultivation margin to survey Nos 295, 226, 229 and 994 and so the whole of survey No 240 has been excluded and the preliminary demarcation line is taken along its western boundary (7) No concession of any kind seems called for as the gomal of 2,863 acres and 11 guntas kharab of 456 acres and 19 guntas are still left for the village and that is more than enough to supply pasture for 486 heads of cattle in the village and agricultural implements and firewood for 116 houses		
	Rudrab, Patel of Bidere	4th May 1917	(7) The following concessions may be granted within the block — (a) To bring free of cost from the reserve per year jungle wood for 4 ploughs and one (ಒಕ್ಕಲು) (b) Five bundles of Naru (c) Two hundered bundles of Soppu (d) Two hundered small bamboos (e) Ten bundles of wate. (f) Three cart-loads of dry and two cart-loads of green fuel. (g) Jungle wood for preparing pillars, beams etc., required for house building purposes. (h) To graze their cattle free of cost in the reserve. (i) Permission to allow to bring the classified kinds of timber at half the usual rates when required						

3	Mr. C. S. Crawford ...	2nd May 1917	Stating that the demarcation line which passes on the boundary line between his cultivation survey Nos. 224 and 229 may be shifted to the boundary line of survey No. 230 and the whole survey No. 230 may be excluded from the reserve as he is willing to take up that number	The portion of land given to Mr. Crawford may be entirely excluded from the State Forest.	Survey No. 230 has been excluded, *vide* decision on claim number II (6) . .
					The following rights of way are allowed :— (1) Foot-path to Bogasoy village passing through the southern portion of survey No. 124 between 2 hallas as shown in the sketch map. (ii) Foot-path going to Basapur and passing through survey No. 181. (iii) Foot-path leading to Siragola and passing through survey Nos. 250, 235 and 232 (iv) Foot-path from the southernmost corner of survey No. 232 to Bidare village passing through survey Nos. 235 and 249. B. BASAVARADHYA, Forest Settlement Officer. 6th May 1917
4	Vasavante Gowda, Patel of Basapur.	1st May 1917...	Stating that the villagers find it very difficult to pull on without the lands now taken up for the forest as they have to graze their cattle there and get wood for the agricultural implements and fuel from that portion only and the lands in question may be excluded and left for their use as before.	A gomal of 465 acres has been left for the village and the number of cattle in the village is 265 for which about 90 acres are allowed as per rules and hence I think there is no necessity for granting their prayers	To give a cultivation margin to survey Nos. 22 and 136 and also to exclude the cart-track noted in the village map the line is slightly changed. Nothing more was considered necessary
5	Anne Gowda, Patel of Bogasoy.	1st May 1917	Stating that the cave temple of "Sri Parasdesappa" situated in survey No 111 together with its inam lands may be excluded from the reserve as they have to go there often. (2) The way to the said temple which passes through survey Nos. 105 and 22 and also another foot-path going to Bidare, passing through survey Nos. 21, 23, and 105 should be allowed.	The temple may be treated as an enclosure	A foot-path 6 feet wide from Ujjini passing through survey No. 62 and close to survey No 22 is allowed. This temple is one of local celebrity and is resorted to, by a number of devotees. I have given a margin of between 7 and 10 chains all round and treated it as an enclosure.
				Right of way may be given	A foot-path is allowed from survey No. 36 to the cave temple as shewn in the sketch for use by men and cattle all the year round. Another foot-path branching from the above and going to Bidre is also allowed.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Gangagiri State Forest, etc.—*concld.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
			(3) The following concessions may be granted to bring free of cost each year, jungle wood for preparing 4 ploughs and one (ಎತ್ತಮರ) five bundles of naru, 200 bundles of soppu, 200 small bamboos, 10 bundles of vate, and 5 cart-loads of fuel. (4) Free grazing should be allowed, jungle wood should be allowed free for house-building purposes, Classified kinds of timber may be given on half the usual rates when required from the reserve.		Great concessions have been shown according to the Malnad Raiyats Privileges Rules and there is no necessity for further concession.	Gomal of 1,152 acres, 31 guntas and kharab of 140 acres, 23 guntas are still left for the village. These are more than enough to supply all the requirements of the village and no further concession of any kind is necessary.		
6	Anne Gowda, Patel of Sugadavani.	1st May 1917	Stating that the demarcation line may be shifted a furlong away from the present line. (2) The foot-path going to Siravasi may be excluded.		This line may be shifted 5 chains away from the cultivated lands.	The line is shifted to give the usual cultivation margin near survey Nos. 256, 77, 263, and to avoid private property over which the line had been wrongly taken and also to reserve the cultivation margin to survey Nos. 103, 383, 176 and 178. (2) The foot-path has been excluded.		
			(4) Free grazing may be allowed in the block (4) permission to bring Sadli gowla, rakta honne wood for Neglapala (ನೇಗಿಲಪಾಳ) at 4 per plough in the village every year, bends or kowri and savigay naroo at two head loads per plough; green and dry fuel at 4 or 5 cart-loads per house per month.		I think it is unnecessary to grant their prayer since 3,386 acres of gomal land have been left for the grazing of 819 cattle. Sufficient extent of land has been left to get their agricultural implements. So I do not think there is any necessity for granting privileges prayed for.	(3 and 4) The number of cattle in the village including 124 goats is 973 and the gomal left for the village is 3,230 acres, 3 guntas in addition to 620 acres of kharab. This is more than ample to afford sufficient pasture and also to supply the villagers' requirements for agricultural and domestic purposes		
7	Siddegowda, Patel of Siravasi	4th May 1917	Praying that the demarcation line may be shifted a furlong away from the cultivation land survey No. 241. (2) That permission for free grazing and for bringing the agricultural and domestic requirements free of seigniorage from the forest may be granted.		The line may be shifted 5 chains away from the cultivated lands. A very small area has been taken and the concession is unnecessary.	The prayer is granted. After leaving the cultivation margin the area taken from this village is only 40 acres. Hence no necessity for any concession.		
8	Annegowda, Patel of Devadan.	6th May 1917	Stating that the demarcation line may be shifted further away from the cultivation lands. (2) That permission for free grazing and also to bring the agricultural and domestic requirements freely from the forest may be granted.		The line may be shifted to a distance of 5 chains from the cultivated portions. Four thousand two hundred and four acres of gomal land has been left for the village and I think it is not necessary to grant any privileges	The line is shifted to give the cultivation margin for survey Nos. 13 and 340 of this village and 257 of Bidare. As only a small area has been taken from this village, No concession of any kind seems called for. B. BASAVARADHYA, Forest Settlement Officer. 6th May 1917.

B. BASAVARADHYA,

No. R. 8570-3—Ft. 124-17-4, dated 19th February 1918.

Annual Report on the working of the State Life Insurance Scheme for 1916-17.

No. Fl. 4418-9-G. F. 114-17-3, dated 20th February 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Memo No 296—5, dated 19th February 1918, from the Secretary, State Life Insurance Committee, submitting the Report on the working of the State Life Insurance Scheme for the year 1916-17.

(Printed in extenso with appendices)

Order No. Fl. 4418-9—G. F. 114-17-3, dated 20th February 1918.

Recorded.

2. During the year under review there was a decrease in the number of policies dealt with as compared to the two previous years, the total number of policies being 1,488 as against 2,078 and 1,623 in the years 1915-16 and 1914-15 respectively.

3. The receipts and expenditure of the fund during the year amounted to Rs. 5,29,890 and Rs. 1,93,716 respectively, and the closing balance at the credit of the fund rose from Rs. 36,10,331 to Rs. 39,47,005.

4. Seventy-eight persons holding 191 policies attained their 55th year during 1916-17. The claims of 46 of these were paid, while the matured claims of the other 32 had not been preferred before the end of June 1917.

Government consider it desirable that some suitable action should be taken by the Insurance Office towards the early discharge of all such claims.

5. The total number of casualties of insured reported during the year was 118 against 85 in the previous year, of which 24 per cent was due to plague. It is observed that the death claims pending disposal at the close of the year under review has increased to 140 from 129 and 125 in the two previous years, one of which has been outstanding since 1902-03. Government desire that a paragraph may be devoted in future reports to indicate the steps taken by the Insurance Office in the matter of settlement of the old death claims.

6. The cost of management for the year was 3·33 per cent of the total premium income as against 3·12 and 2·60 in the two previous years, the increase being due to fees being paid for medical examination as stated in last year's report.

7. Government note that the percentage of the net balance at the credit of the fund after deducting unpaid claims to the total liability has continued to rise, being 36·28 against 35·32 and 34·58 in the two previous years respectively.

8. *Family Pension Branch.*—There was no addition to the Family Pension Branch during the year. The revision of the rules and table of rates in the working of this branch with a view of making the scheme more popular was sanctioned during the latter part of the year under review in Order No. Fl. 6042-90—G. F. 143-16-4, dated 11th April 1917.

9. *Public Branch.*—The Public Branch of the Mysore State Life Insurance Scheme came into actual operation in July 1916, 192 proposals for an assurance of Rs. 3,18,550 having been received to end of June 1917, out of which 109 were accepted for an assurance of Rs. 2,08,700. The receipts and expenditure under this head during the year amounted to Rs. 4,788 and Rs. 1,442, respectively, leaving a balance of Rs. 3,346 in favour of the fund at the end of the year.

No. FL. 4418-9—G. F. 114-17-3, DATED 20TH FEBRUARY 1918.

10. *General Remarks.*—Mr. Datta has in his note on the State Life Insurance Office pointed out that there is at present considerable avoidable delay in the disposal of proposals and issue of policies and his proposals calculated to improve the work of that office are separately under the consideration of Government.

J. S. CHAKRAVARTI,
Finl. Secy. to Govt.

To—The Secretary, Insurance Committee.
The Comptroller, Mysore Government.
PRESS TABLE.

Second Advance for Purchase of Motor Cars and Cycles.

No. Fl. 4336-85—G. F. 17-17-25, dated 18th February 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read again—

Government Order No. Fl. 5026-71—G. F. 16-12-28, dated 10th March 1913, laying down rules for granting advances to Government Officers for the purchase of Motor Cars or Cycles.

2. Government Order No. Fl. 2603-52—G. F. 16-15-41, dated 11th December 1915, directing that a second advance will not ordinarily be sanctioned for the purchase of Motor Cars and Cycles.

3. Letter No. 1755, dated 29th August 1918, from the Registrar of Co-operative Societies in Mysore, forwarding the representation of Mr. R. Ranga Rao, Deputy Registrar, that the Motor Bicyle he had purchased with the advance sanctioned under Government Order No. Fl. 7669-70—G. F. 16-14-101, dated 24th June 1915, had to be disposed of and that he may as a special case be granted a further advance for purchasing a new cycle on condition of his paying up the sum of Rs. 300 still outstanding against him before drawing the fresh advance subject to the payment of such interest as the Government may impose.

4. Memo Nos. C. 366-4 and C. 463-4, dated 16th August 1917, from the Senior Surgeon forwarding the applications of Mr. C. A. Nanjappa, Medical Officer, Victoria Hospital, and Mr. H. B. Mylvaganam, Specialist, Victoria Hospital, for advances for the purchase of motor cars.

Order No. Fl. 4336-85—G. F. 17-17-25, dated 18th February 1918.

In modification of the order of 11th December 1915, Government direct that second advances for the purchase of motor cars and cycles may be granted, interest at 6¼ per cent per annum being charged thereon.

Government do not consider it necessary to extend the concession of advances for the purchase of motor cars or cycles to other than touring officers.

J. S. CHAKRAVARTI,
Financial Secy. to Govt.

To—The Comptroller, Mysore Government.
The Registrar of Co-operative Societies in Mysore.
The Senior Surgeon in Mysore returning the applications of Messrs. C. A. Nanjappa and H. B. Mylvaganam.
The other Heads of Departments.
The Deputy Commissioners of Districts.

General Revision of Establishments.

No. Fl. 4450-99—G. F. 43-17-4, dated 22nd February 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. T. A. D. A. 1083, dated 8th January 1918, from the Comptroller to Government, inviting reference to the revision effected in Article 57, Civil Account Code, Volume I, by the 7th list of corrections, according to which the submission of proposition statements may be dispensed within the case of proposals for the revision of establishments of a minor character and suggesting that a similar rule may be introduced here, dispensing with proposition statements in certain cases.

Order No. Fl. 4450-99—G. F. 43-17-4, dated 22nd February 1918.

Government are pleased to direct that a proposition statement as laid down in Article 5 of Civil Account Code, Volume I, should be submitted

(1) in all cases of general revision of establishment,

(2) in cases of other revisions involving increase of cost of Rs. 1,200 per annum or more,

(3) with proposals which cannot be set out without such a statement.

The Comptroller will issue necessary Addenda and Corrigenda Slip to the Mysore Treasury Manual.

J. S. CHAKRAVARTI,
Financial Secretary to Government.

To—The Comptroller, Mysore Government.
The Heads of Departments.
The Deputy Commissioners of Districts.

Exd.—C. R.

Revision of the Comptroller's Office.

No. Fl. 4613-52—G. F. 92-17-3, dated 26th February 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Letter No. 2642—R. 147, dated 30th September 1915, from the Comptroller, submitting proposals for the revision of the Civil and Public Works establishment of his office as also of the accounts establishment of the Public Works Divisional offices.

2. Government Order No. 1326-27—G. M. 184-16-1, dated the 29th July 1916, appointing Mr. K. L. Datta, M.A., Accountant-General, (Retired) as a Special Officer to examine the State Account Department and report upon the improvement needed in the organization and working of the Department in its several branches.

3. Government Order No. Fl. 7750-99—G. F. 219-16-1, dated the 22nd June 1917, approving Mr. Datta's proposal for the complete amalgamation of the public works and civil branches of the Comptroller's office and calling for detailed proposals about the re-organization of the Comptroller's staff.

4. Government Order No. Fl. 7619-68—G. F. 233-16-3, dated the 20th June 1917, sanctioning the amalgamation of the State Huzur Treasury with the Bangalore District Treasury.

5. Government Order No. Fl. 1792—G. F. 11-17-3, dated the 25th September 1917, sanctioning retention of the Commercial Auditor pending re-organisation of the Comptroller's Office.

6. Government Order No. Fl. 677-9—G. F. 11-15, dated the 9th August 1917, directing that the appointment of Civil Courts Auditor be included in the Local Audit Staff of the Comptroller's Office and be continued as temporary for some time longer.

7. Correspondence ending with Government letter No. Fl. 37—G. F. 86-16, dated the 3rd July 1917, to the Comptroller, intimating that his proposal for the appointment of Mr. B. Srinivasa Iyengar, as Deputy Comptroller for Railways, will be considered along with the proposals of Mr. Datta, regarding the reorganisation of the Comptroller's Office.

8. Note dated the 13th September 1917, by Mr. Datta, submitting the detailed proposals regarding the re-organisation of the Comptroller's Office and staff involving a net saving of Rs. 536 per annum in the existing cost.

Order No. Fl. 4613-52—G. F. 92-17-3, dated 26th February 1918.

The main features of the scheme of re-organisation proposed by Mr. Datta are as follows :—

(1) The entire establishment of the Comptroller is divided into four classes, *viz.*,

(i) the Gazetted staff,
(ii) the Subordinate Account Service,
(iii) the Accountant Service, and
(iv) the Clerical Service.

(2) As a result of the amalgamation of the Civil and Public Works Branches of the Comptroller's Office, the number of sections has been reduced.

(3) The number of Gazetted Assistants of the Comptroller is reduced by two.

(4) With a view to improve the prospects of the officers in the Accounts Department, an additional Deputy Comptrollership is created.

(5) The two appointments of Chief Superintendents are abolished with a corresponding increase in the number of Assistant Comptrollers of which two posts will be reserved for the Subordinate Account Service.

No. FL. 4613-52—G. F. 92-17-3, DATED 26TH FEBRUARY 1918.

(6) Special arrangements for the training of Gazetted Officers, Superintendents as well as clerks are proposed. To enable Government to get men trained to hold charge as Gazetted Officers in the Account Department, it is suggested that officers having a special aptitude for accounts work should be selected from among Assistant Commissioners, with not more than five years' service and should be given a special training in the Comptroller's Office for about twelve months, without being required to hold charge of any section. If they are able to pass the departmental examination prescribed for financial officers of the Government of India within two years from the date they are posted to the Comptroller's Office for training, even if they have left it in the meantime, they should, it is proposed, be allowed a special reward of Rs. 1,000. It is also proposed that within the twelve months from the date they are in training in the office, they are able to pass the examination and if there is a suitable vacancy, they should be retained there; and if there is no vacancy, they should be reverted to the general line whether they have been able to pass the examination or not.

(7) A suitable number of reservists for leave vacancies and apprentices for training has been provided for.

(8) In place of several grades on progressive pay a few grades all on fixed pay have been proposed.

2. Government are pleased to accept the proposals of Mr. Datta subject to the following modifications and remarks:—

The establishment of the Civil and Public Works Branches including the Electrical Department Account Staff and of Huzur Treasury should be immediately amalgamated into one combined staff. The relative position of the several officials of these branches in the combined staff will be determined by a Committee of four officers consisting of the Comptroller, Mr. Satyaraj Chetty, Deputy Comptroller, Mr. L. Bishtopanth Badami, Officiating Superintendent, Government Gardens, and Mr. S. Shamanna, Assistant Comptroller. The Committee's report should be submitted to Government for orders within one month.

3. The sub-division of the whole account office staff into four services as proposed by Mr. Datta is approved.

4. The scheme of examinations suggested by him for the several services is also accepted subject to the following modifications:—

(1) The examinations for the Subordinate Account Service in Mysore should be adapted to local requirements.

(2) Provision may be made for exemption being granted, with the sanction of Government, from passing the Government of India examination for enrolled officers for promotion from the Subordinate Account Service to the Gazetted Service.

5. *Gazetted Staff.*—The strength of the Gazetted Staff is fixed at ten as suggested by Mr. Datta and agreed to by the Comptroller and the distribution of the work proposed among that staff is approved.

6. An additional temporary officer for a period of one year to revise the Account Codes and Manuals is also approved.

7. The scale of pay of the two Deputy Comptrollers is fixed at Rs. 600—40—800 instead of in two grades, *viz.*, on Rs. 700—40—900 and 500—40—700 as proposed.

8. The officer in charge of the Huzur Treasury may be given a local allowance of Rs. 50 like other Civil Service Assistant Comptrollers.

9. The scheme of training of Gazetted Officers suggested by Mr. Datta is generally approved, but provision should be made for deputation for short periods to British Indian Account Offices.

10. The proposals for the drafting of Assistant Commissioners for special training in the Comptroller's Office and for a special reward of Rs. 1,000 for their passing the Government of India examination for enrolled officers are approved.

Government recognise that an officer of the Account Department qualified for promotion in the general line should be transferred after some years' service in that

Department but no definite term need be fixed for service in the Comptroller's Office in the case of Assistant Commissioners transferred thereto.

11. *Ministerial Staff.*—The scheme of reservists and apprentices as suggested by him is also accepted. Temporary promotions from grade to grade may be given in all leave vacancies but no appointment will be admissible in the last grade of clerks.

12. The lumpsum grant for temporary establishment should be discontinued.

13. The local allowance of Rs. 10 of the Commercial Auditor and the local auditors at headquarters will be continued but the allowances of the two accountants in the Chief Electrical Engineer's Office should cease as suggested by Mr. Datta.

14. The appointments of Civil Courts Auditor and the Commercial Auditor are made permanent. The desirability of confirming the existing men should be reported on by the Committee.

15. The proposal of Mr. Datta to withdraw one or two clerks from the Public Works Sub-Divisions to strengthen the Divisional offices is reserved for separate consideration.

16. Mr. Datta's proposal to continue the establishment required for the open lines of railway on its present basis as entirely separate from the other establishment, is approved.

17. *Recruitment of Ministerial Staff.*—The recruitment to the Subordinate Account Service should, as far as possible, be made from the existing men in the Comptroller's Office and from Probationers. The Committee constituted as abovementioned will be requested to go into the question carefully and submit proposals.

18. The general principles enunciated by Mr. Datta in the method of recruiting the Accountants Service are accepted. The question of exempting existing men from passing the prescribed examinations will be considered by the Committee.

19. The suggestion of Mr. Datta that in respect of the temporary men with long service now working in the Comptroller's office eligible to be confirmed, a concession to count the temporary service should be granted, is also provisionally approved. The list of the men entitled to the concession should be submitted to Government with the Committee's proposals, when the matter will be finally decided.

20. *Menial Staff.*—Mr. Datta's proposals regarding the revision of the menial staff is approved with the modification that the Comptroller and the Deputy and Assistant Comptrollers may be allowed to have one more peon each.

21. The revision of the staff of the Comptroller as sanctioned by Government is embodied in the proposition statement appended to this order. The service of the attenders will be considered superior.

22. The financial effect of the proposed staff hereby sanctioned by Government is a net addition to the permanent cost of Rs. 1,314-5-6 per mensem or Rs. 15,772 per annum, with a corresponding reduction in the cost of temporary establishment of Rs. 1,284½ per mensem or Rs. 15,414 per annum for which provision has been made in the budget of the current year. The small increase of Rs. 30 per mensem during 1917-18 will be met out of the sanctioned grants.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Financial Secretary to Government.
The Other Secretaries to Government.
The Comptroller to Government.
The Chief Engineer and Public Works Secretary to Government.
Other Heads of Departments.

Encl.—C. R.

No. FL. 4613-52—G. F. 92-17-3, DATED 26TH FEBRUARY 1918.

Statement of proposition for revision of establishment under the Comptroller of Mysore.

No. Fl. 4240-49—G. F. 123-17-3, dated 12th February 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. Banks 979 of 17th January 1918 from the Comptroller to Government, submitting the Report on the Resource Operations for the year 1916-17.

"In extenso" as an annexure.

Order No. Fl. 4240-49—G.F. 123-17-3, dated 12th February 1918.

Recorded.

2. The operations during the year opened with a balance of Rs. 82·06 lakhs as against Rs. 72·27 lakhs in the previous year and closed with a balance of Rs. 66·18 lakhs. Though the net result of the cash transactions under report was Rs. 25·67 worse than in 1915-16, the balances in the treasuries continued to be in excess of the monthly minimum fixed.

3. One of the chief features of the Resource Operations of the year was the difficulty felt in getting the surplus balance with Messrs. Coutts & Co., London, remitted to Bangalore as usual, owing to the sale of Council Bills having been restricted to importers in England of materials from India for war purposes.

4. The balance at Messrs. Coutts & Co., went on accumulating till May 1917, when arrangements were made to utilise the funds in London in the purchase of Southern Mahratta Railway debentures stock.

5. During the year under report, funds moved by means of supply bills amounted to Rs. 4·16 lakhs as against Rs. 4·66 in the previous year. To popularize this mode of remittance the facility offered of issuing bills in all directions was continued during the year.

M. N. KRISHNA RAO,
Finl. Secy. to Govt., in charge.

To—The Comptroller, Mysore Government.
The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.

Exd.—C. R.

No. 4240-49—G. F. 123-17-3, DATED 12TH FEBRUARY 1918.

Letter No. Banks 979, dated 17th January 1918, from M N. Krishna Rao, Esq., B.A., Comptroller to the Government of His Highness the Maharaja of Mysore, to the Secretary to the Government of Mysore, Financial Department.

I have the honor to submit the following Report on the Resource Operations for the year 1916-17.

Treasury Balances.

2. Statement A shows the balances of the year as compared with those of the previous year. From this it will be seen that the year under report opened with a balance of 82 06 lakhs as against a balance of 72·27 lakhs in the previous year, and closed with a balance of 66·18 lakhs. The net result of the cash transactions of the year under report was therefore 25·67 lakhs worse than in the previous year. The chief causes which led to this result were :—

(1) The payment of His Highness' contribution of 10 lakhs to the Indian War Fund.

(2) Investment of 15 25 lakhs in the 4 per cent Southern Mahratta Railway Debenture Stock of 1936.

(3) The payment of the first three instalments aggregating Rs. 19,29,620 due on the 5 per cent Indian War Loan, 1929-47, for Rs. 35,08,400 subscribed by Government. The cash outgoings on the above accounts were counterbalanced to some extent by the (1) receipt of a sum of 8·78 lakhs from sale of Government of India 3½ per cent securities of the face value of 13 lakhs.

(2) Increase in the net incomings to Treasury on account of debt head transactions chiefly from Reserves and from Local and other Funds.

3. The opening balance which was 9·79 lakhs more than that of the previous year was 16·99 more in August 1916 due to the realisation in July 1916 of the fixed deposit of 10 lakhs which matured for repayment in that month. This excess over the previous year's balance decreased to 8 06 in September 1916 and to 4·57 below the previous year's balance in October 1916. There was in the subsequent months some recovery and on 1st April 1917, *i.e*, after the payment of the two instalments of the Subsidy to the British Government, the balance was about 23·07 more than the corresponding balance of the previous year. The decrease in Treasury balances from October 1916 to March 1917 as compared with balances in the corresponding months of the previous year was due to the special temporary loans taken in the latter year. The generally higher level of the balances of the year under report as compared with those of 1915-16 was due to the increased revenue realised during the year under all the principal heads of revenue and the larger receipts from the State Life Insurance Fund, Savings Bank Deposits and the increased Local Fund Receipts

4. As the sale of Council Bills was restricted to importers in England of materials from India for War purposes, it was not possible from February 1917 to have the surplus balance with Messrs Coutts & Co., London, remitted to Bangalore as usual. The balance at Messrs. Coutts & Co., went on accumulating to 12 86 lakhs on 1st May 1917. During May 1917 this balance was utilized for purchasing Southern Mahratta Railway Debenture Stock of the face value of £100,000 at a cost of Rs. 11·25 lakhs and another instalment of £35,380 in June 1917 at a cost of 4 lakhs. On account of these investments, the balance with the London Bankers was reduced at the close of the year to 5 03 lakhs.

5. The account of investment of surplus cash balances on 30th June 1917 stood as under as compared with that on 30th June 1916 —

Particulars of Investment	On 30th June 16		On 30th June 1917	
	Face value	Estimated market value	Face value	Estimated market value
	Rs	Rs	Rs.	Rs

Fixed Deposits in Banks	20,00,000	20,00,000	20,00,000	20,00,000

No. 4240-49—G. F. 123-17-3, dated 12th February 1918.

There was an increase of Rs. 20,62,920 in the face value of securities held at the close of the year as compared with the previous year. But this increase is the result of large fluctuations in the details of securities held. There was a decrease of Rs. 24,95,500 in the 3½ per cent Rupee securities and the small balance of the 3 per cent securities was converted into 4 per cent paper. Against these decreases there were the following additions:—

		Rs.
(1)	Government of India 4 per cent Loan of 16-17 ...	6,00,000
(2)	Southern Mahratta Railway Debenture 4 per cent Stock 1936 (Sterling)	20,30,700
(3)	Government of India 5 per cent War Loan, 1929-47 ...	19,29,620
	Total ...	45,60,320

The decrease in Government of India 3½ per cent securities was due to the sale of securities under the following two arrangements:—

(i) The arrangement with the Controller of Currency in Calcutta described in the last year's report under which he buys from the Government the notes required for investing the interest income of the Mysore Railway Loan Redemption Fund. The face value of notes sold under this arrangement was Rs. 5,72,400.

(ii) Under the arrangement sanctioned in Government Order No. Fl. 4687-8—G. F. 73-16-2, dated 23rd February 1917, the Promissory Notes for 13,00,000 were sold in March 1917.

(iii) As it was considered desirable to convert a portion of 3½ per cent securities into the 4 per cent securities issued in 1916-17, 3½ per cent securities of the value of 6,23,000 and the whole of the 3 per cent securities of the value of Rs. 1,900 were converted into the new 4 per cent loan paper of which notes of the face value of 6 lakhs were obtained.

(iv) The large balances with Messrs. Coutts & Co., in London, which could not be remitted to India were utilized for the purchase of the Southern Mahratta Railway Debenture Stock.

6. A sum of Rs. 19,29,620 was paid during the year on account of the first three instalments due on the 5 per cent War Loan, 1929-47, for Rs. 35,08,400 subscribed by the Government.

7. *Minimum Balance.*—Statement B shows the prescribed minimum for each Treasury and the actuals therein at the beginning of every month during the year under report. Except in Bangalore the actuals were generally in excess of the minimum. This result was due to the fact that it was considered necessary to allow balances somewhat larger than the minima in view of the large programme of expenditure and of the desirability of keeping treasuries well supplied with funds for meeting abnormal demands, if any, on account of Savings Bank and other transactions due to War conditions. The comparatively lower balances in Bangalore as compared with the minima were due, as usual, to the practice of replenishing the balance in that Treasury at frequent intervals from the reserve Treasury according to requirements.

8. *Movement of Funds.*—Supply Bills Funds moved by supply bills amounted to 4·16 as against 4·66 in the previous year. The Mysore District Treasury issued bills for the largest amount (2,09), next came Bangalore with 1,21, then Hassan with 72 and Tumkur last, with 14. There was no issue of bills by the Kolar, Shimoga, Kadur and Chitaldrug Treasuries. The issues by Hassan, Mysore and Tumkur were on Bangalore only, except in one instance in which a bill for Rs. 580 was issued on Tumkur, Bangalore issued bills on several treasuries and the following is an analysis of bills issued according to treasuries drawn upon.—

	Rs.
Tumkur	60,000
Shimoga	22,800
Hassan	20,000
Mysore	12,000
Kadur	5,992
Total ...	1,20,792

Against bills for 1,20,792 issued by Bangalore on other treasuries, remittances to Bangalore amounted to Rs. 2,94,890. Of the total amount of bills issued, Rs. 2,72,792 were on the application of the Mysore Bank, of which Rs. 1,08,792 were issued by Bangalore and Rs. 14,000 and Rs. 1,50,000 respectively were issued by Tumkur and Mysore on Bangalore.

No. 4240-49—G. F. 123-17-3, DATED 12TH FEBRUARY 1918.

To popularise this mode of remittance, the facility offered of issuing bills in all directions was continued during the year.

9 *Specie Remittance.*—Statement C shows the cash remittances between treasuries There was a net receipt of specie by the treasuries to the extent of 13,47 Bangalore and Mysore District Treasuries received as usual the largest amount, the net sums received being 21,55 and 10,98 respectively. Next came in order Kadur and Shimoga with 5 '5 and 1,31. The treasuries that sent outward remittances were Kolar (8,81), Tumkur (7,76), Hassan (5,00) and Chitaldrug (4,25)

10. *Currency Note Remittances*—Statement D gives particulars of remittances in Currency Notes The net amount remitted to Bangalore during the year was 69,71 against 53,54 in the previous year Every district, except Bangalore and Mysore, which had inward remittances of 6,84 and 6,39 respectively contributed to this result The outward remittances of Kadur and Shimoga were the largest amounting to 19,76 and 18,26 respectively, Next in order came Kolar (15,92), Chitaldrug, 11,04), Tumkur 10,97), and Hassan (6,99)

11 *Remittances by Messrs Coutts & Co*—The amount of surplus balance remitted by Council Bills during the year was 15 81 against 31,05 in the previous year This was due to the fact that remittances of surplus balances were made only to end of January 1917, and from February 1917 no transfer of funds to India could be made as no remittance was possible either by Councils or Exchange Bank drafts As explained above, the accumulated surplus was utilized for purchasing Southern Mahratta Railway Loan Debenture Stock and the amount so utilised during the year was 15,25.

12 *Absorption of small coins*—Statement E shows the details of small coins received and issued during the year by the several District Treasuries The total amount absorbed during the year amounted to 1,98 as under —

	(In thousands).
Half rupees	33
Quarter rupees	24
Two annas	40
One anna	64
Double pice	2
Single pice	26

No. Fl. 4438-47—G. F. 55-17-4, dated 21st February 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Note dated 29th May 1917, from Mr. K. L. Datta, Special Officer, on the system of Forest Accounts and his letter No. 162, dated 20th September 1917, forwarding an addendum and corrigendum to his note.

Order No. Fl. 4438-47—G. F. 55-17-4, dated 21st February 1918.

In his note read above, Mr. K. L. Datta has brought to the notice of the Government the unsatisfactory state of the accounts of the Forest Department. He has explained that the system of payment of salary, establishment, travelling allowance, contingencies and work bills is defective, that there is no proper accounting for disallowances in audit and for deposits received by District Forest Officers, that the account of "Advances" is in great confusion, that there is no regular verification of stock balances and that the accounting for and the audit of expenditure on conservancy and other works are not complete or effective.

2. The chief remedies suggested by him for rectifying these and other defects are :—

(i) Payment of salary, establishment, travelling allowance and contingencies on bills at treasuries as in the case of Civil, Public Works, Railways and other departments of Government.

(ii) Payment of work bills also at treasuries in accordance with the procedure recently sanctioned for the Public Works and Railway Departments.

(iii) Improvement in the form of registers of revenue and registers of leases.

(iv) Abolition of the head "Forest Remittances" for inter-departmental transactions.

(v) Changes in the form of Vendor's commission bills and accounts.

(vi) Introduction of measurements books and progress reports for sanctioned works.

(vii) Periodical verification and submission of returns of 'stock' and 'tools and plant' balances as in the Public Works Department.

(viii) Maintenance of necessary deposit registers in the District Forest Offices, the Treasuries and the Audit Office.

(ix) Avoidance of the clubbing under one head "Forest objection book advances" and "Advances to Contractors and others" so as to have careful watch over the two kinds of advances separately and the investigation and reconciliation of the large discrepancies under the head "Forest Advances"; and also

(x) A periodical local audit of the Forest accounts by officers of the Accounts Department.

3. The Conservator of Forests whose opinion was invited in regard to the adoption of the proposed changes, observes that the present system of accounts is not defective and that the unpunctuality in their preparation and submission is due

No. Fl. 4438-47—G. F. 55-17-4, dated 21st February 1918.

to the inadequacy of staff and that the remedy lies not in introducing a radical change in the system but in increasing the staff. He, however, agrees to the suggestions of Mr. Datta including the payment of establishment and other bills at treasuries instead of through cheques by Forest Officers, enumerated in paras 2 (i) and (v) to (x) *supra* but strongly urges that the procedure suggested in regard to the payment of work bills at Treasuries is unsuited for the Forest Department and that as regards (iv) there is no objection for altering the head of service but it would not be necessary on this account to alter the Cash Book.

4. After careful consideration of the views of the Conservator of Forests and all the aspects of the case, Government are pleased to pass the following orders:—

5. All salaries, establishment, travelling allowance and contingent bills of the Forest Department should be prepared on forms now in use in the other departments and presented for payment at Treasuries and payments by disbursing officers of the Forest Department on any of these accounts from sums drawn by cheques against letters of credit should cease with effect from 1st July 1918. The Conservator of Forests is requested to report through the Comptroller at a very early date, for the sanction of Government, the amount of permanent advances which should be allowed to each Range Officer and District Forest Officer for meeting petty and emergent contingent expenditure.

6. In regard to payments for conservancy and other works, Government are of opinion that the introduction of the system of payment on bills in treasuries and the consequential changes in the accounts and registers may be deferred for a period of two years after the introduction of the new scheme for the reorganisation of the Forest Department, including the increase in the number of ranges.

Though the system of payments for works by Forest Officers as at present laid down in the Forest Code and departmental orders is not proposed to be altered, Government desire to impress on the Conservator that improvements in departmental methods should be made by requiring each range officer and other subordinate officers to whom advances are made for meeting works expenditure, to invariably account for advances previously drawn before fresh cheques are issued by the District Forest Officers and by enjoining the strict application of Article 157 of the Forest Code so that the maximum advances ordinarily allowable to disbursers on the executive and protective staffs may be restricted to the amounts of their respective security deposits.

Attempts should also be made to introduce a system of execution of departmental works by contractors as far as possible.

7. The other suggestions of Mr. Datta regarding the abolition of the head "Forest Remittances", the modification of Form No. 10 (outstanding on account of Revenue) by the addition of a column to show the pendancy of the dues, changes in the forms of Vendor's commission bills and accounts, maintenance of the accounts of deposits (including security deposits of subordinates, etc.,) the introduction of measurement books and progress reports of sanctioned works, verification on stock and tools and plant balances, the method of accounting for forest disallowances and advances to contractors and subordinates, etc., are also approved.

8. The register of leases prescribed in the Forest Code, Article 63, may be slightly modified by providing 2 separate columns in the existing form, one to show the kind of produce and another to note the order of sanction as proposed by the Conservator. No changes are called for in regard to the register of buildings rented or of the register of other properties yielding revenue.

9. Government agree that the accounts of the Forest Department should be subject to local audit and inspection by the audit department and the procedure laid down for inspection of Public Works Divisional Offices in Government Order No. Fl. 7800-49—G. F. 220-16-1, dated 22nd June 1917, will be observed *mutatis mutandis* in conducting the local audit and inspection of Forest accounts.

10. The Conservator of Forests is requested to take very early steps for the investigation of all outstanding items of advances and for a thorough overhauling of the ledgers and rectification of differences between the Range Officers' and District Forest Officers' books and to intimate the result to the Comptroller as each

district is finished. A temporary establishment of 6 hands for a period of six months on pay not exceeding Rs. 40 each may be entertained at once for this purpose. A monthly report of the progress made should be submitted to Government.

11. Government desire that the Comptroller should make a periodical review of the objections outstanding in the objection books of his office. A list of objections outstanding for over three months should be sent to the Forest Officers concerned and an explanation of the cause of delay in settlement called for. The annual abstract of arrear objections now submitted to Government should, as far as possible, be supported by details together with reasons for non-settlement, as explained by departmental officers.

Special attention will be paid to the outstanding objections during the local audit of the Forest Accounts.

12. The several changes in the system of Forest Accounts now sanctioned by Government will be brought into effect from 1st July 1918. They are incorporated in the memorandum appended to this order, laying down detailed instructions for the guidance of departmental and account officers.

13. The Conservator of Forests is requested to have necessary amendments to the rules in the Forest Codes issued in consultation with the Comptroller.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Conservator of Forests in Mysore.
The Comptroller to the Government of Mysore.
The Deputy Commissioners of Districts.

Exd.—C. R.

No Fl. 4438 47—G. F. 55-17-4, dated 21st February 1918.

SYSTEM OF FOREST ACCOUNTS

Memorandum of Instructions—(to accompany Government Order No Fl 4438-47—G F 55-17-4, dated 21st February 1918

1 The accounts of the Forest Department may be broadly divided into (1) Cash and Revenue accounts, (2) Works accounts and (3) Accounts of Deposits and Advances and the main features of the changes in respect of each are detailed below —

2 (1) *Cash Accounts —Accounting for Revenue* —The head "Remittances Inter-departmental" will, in respect of the Forest Revenue, be done away with All revenue will be paid into the treasury with as little delay as possible Each remittance is required to be accompanied by a challan in duplicate, one copy of which forms the voucher for the entry in the cash book of the Forest Officer and the other is returned by the Treasury Officer A consolidated receipt for the Forest Remittances received and credited during the month is furnished by the Treasury Officer *to each Forest Divisional Officer dealing with the treasury* This procedure is necessary for the department to maintain stock registers and exercise a proper control over the demand, collection and balance of revenue The challans with which money is remitted into the treasury should however contain full particulars of the minor and detailed heads of account to which the revenue realised is adjustable in the books of the Comptroller The Treasury Officer will keep a subsidiary Register of Forest Revenue with printed headings for each detailed head such as "I (*a*) Timber," "I (*b*) Firewood and charcoal" and set apart separate pages for each Forest Officer, if the revenue of more than one division is paid into the same treasury At the end of the month, he will total up each column and arrive at the total Forest Revenue for the month, of the division concerned, agree it with the consolidated treasury receipt which he will forward to the Forest Officer concerned and send in abstract statement to the Comptroller showing the Forest Revenue of each division and also the total amount received in the treasury classified under the proper minor and detailed heads The Forest Officer will post his cash book, compare the total revenue with the consolidated treasury receipt received *from the treasury and forward the latter to the* Audit Office with his accounts, which would of course exclude all transactions relating to revenue as they would appear under the final heads directly in the treasury accounts No schedule of revenue need also be submitted to the Audit Office by the District Forest Officer The Conservator of Forests will issue needful subsidiary instructions to the Forest Officers in the matter of posting up the cash book and verifying the total revenue with the consolidated treasury receipts

3 *Payment of bills* —All salary, establishment, travelling allowance and contingent bills will be prepared in Civil Account Code Forms (Financial Forms 101, 19, 107, 107A 21A) and presented for payment at treasuries These bills will not be paid hereafter by disbursing officers of the department from sums obtained from the treasury by means of cheques against letters of credit Payments on account of contingencies should in the first instance be met *out of permanent advances* allowed to each Officer and recoupment of the advances made by encashing bills in Civil Account Code Form 12 (Fin[illegible] 21 A) at the treasury in accordance with the rules in the Account Code The responsibility of the drawing officers in regard to undisbursed pay will be as laid down in Article 63, C A C, Vol I as amplified by paras 153 and 154 of the Treasury Manual These claims payable at Bangalore will, however, be subject to preaudit by the Comptroller as in the case of all other departments

4 Payment for works will, however, continue to be made, as heretofore, by means of cheques against letters of credit, but it should be distinctly borne in mind that advances to Rangers and other subordinate officers should not be kept unadjusted for a long time and that no advance should be allowed until the amount previously advanced has been duly accounted for.

5 *Disallowances in Audit by Forest Officers* —The present method of keeping payments charged by Range Officers in their accounts out of the accounts of District Forest Officers and treating them in the same way as other advances must be stopped The aggregate amount disallowed each month should be charged in the cash book of the Forest Officer under a special head "Forest objection book advances" which should be cleared as soon as possible, each item being taken up in detail in an objection statement and pursued in correspondence Cash recoveries effected on items adjusted should be credited to the same head in the cash book The allocation of cash recoveries to be noted in challans for the information of the treasury should be "Unclassified Receipts" The net amount outstanding at the end of any month should always be ascertainable from the objection statement and should be reconciled every month with the progressive balance brought out in the disburser's personal account which would then show separately, advances on account of disallowances The audit office should also watch by means of objection statements on the monthly accounts the eventual clearance of all disallowances

No Fl. 4438-47-G. F. 55-17-4, dated 21st February 1918.

6 In the Audit Office, the items disallowed should be entered in the objection book the amount being shown in a separate column The objection book form will provide for additional columns for disallowances by the District Forest Officer as also for the objections taken by the Conservator Separate abstracts should be appended to the objection book, for objections raised by the Comptroller, the Conservator and the District Forest Officer in Civil Account Code, Form 130, and the balance outstanding at the end of each month should be worked out The total amount outstanding against all the Rangers shown in the monthly statements of advances submitted to audit office as due to disallowances in audit by Forest Officers should be verified monthly with the amount shown as outstanding under the head in the abstract.

7 *Vendors' Accounts* —As prescribed in Government Order No R 7445-6—Ft 56-16-2, dated 17th January 1917

(1) Duplicates of licenses should be sent to the District Office, as soon as the duplicate is handed over to the party

(2) Values should be assigned to each license before issue to the vendors, and,

(3) Transit rules should be framed so as to prevent the possibility of forest produce being removed by any route and escaping check altogether

8 Vendors' accounts should be self-contained so that an inspecting officer may ascertain from the records with the vendor that the amounts realised are not retained unnecessarily long and are promptly paid into treasury, The acknowledgments of treasury officers for remittances should be obtained in the F register itself when cash is remitted and the money order receipts pasted in the column concerned, when remittances are made by money order Triplicate copies of licenses should be eventually recovered and compared with the duplicates and the F accounts.

9 *Vendor's Commission Bills* —The bills should be prepared in the form prescribed (*vide* Appendix A) and should be submitted to the District Forest Officer to be passed for payment after pre-audit by him On receipt of the bill, the amount of commission will be entered against the item of revenue concerned in the extract of the Ranger's cash book in which the amount of revenue is included and also the date when it is passed for payment The bill will then be passed for payment by the District Forest Officer and the entries made in his office in the extracts from the Ranger's cash book initialled by him It will then be returned to the Ranger who will make the payment to the vendor, from amounts of cheques advanced by the District Forest Officer taking his acknowledgment on it, charge it in his cash book and send the voucher to the District Forest Office in support of the charge as an accompaniment to the monthly copy of his cash book The District Forest Officer will then enter the date of payment against the original entry made by him in the extract from the Ranger's cash book The entries in the extracts from the Ranger's cash accounts will prevent a second claim from being passed for payment or a second bill from being paid again

10 *Revenue Returns* —The registers in forms 4 to 10 should be bound at one end instead of in the middle and the alternate sheets perforated, so that by means of carbon paper, a second copy may be had ready along with the original The register in Form 10 should be applified by the addition of a column for "month," so as to enable the Conservator and the Government to make a proper review of the outstandings, with reference to their duration and amount

11 The register of leases prescribed in Article 63V of the Forest Code should be suitably modified by providing separate columns in the existing forms, one to show the kind of produce and another to note the order of sanction.

12 *Stock and Tools and Plant* —The stock accounts form the primary records of the department and it is necessary that there should be a systematic report of stock-taking by Range Officers to District Forest Officers and by District Forest Officers to the Conservator Every half-year on the 15th July and 15th January, Range Officers should submit a report of the results of stock-taking at the end of the previous half-year, noting the quantity and value of the deficiencies found, if any, and the steps taken for their rectification A similar report should be furnished by District Forest Officers also and in it should be mentioned the dates of count by Range Officers with the result of such count The periodical returns will enable Forest Officers and the Conservator to take timely action and fix responsibility in the case of shortages

13 With regard to tools and plant, a monthly account of receipts, issues and balances of affected items should be sent by Range Officers to the District Forest Officer and it should be checked by the latter with reference to sanctions accorded and orders issued The annual return should be checked with the monthly account and forwarded to the Conservator one for each range and one for the District office There is no necessity for consolidating and copying all the returns into the District accounts. The submission of separate original

returns will save copying work and inform the Conservator of the state of each Range Officer's Tools and Plant returns A certificate that the tools, etc , have been counted, the date of verification, and the result of count should be appended to each return It should be printed at foot of the form and suitably completed and signed by the Range and District Forest Officers

14 (2) *Works Accounts* —The Conservator's list of sanctions should be submitted to the Comptroller not later than the 5th of the month following that to which the sanctions relate The list should be complete and should not include items which do not fall under the head "A Conservancy and Works" The vouchers submitted by the Forest Officer should contain a clear reference to the description of the estimate and the number and date of the sanction For the purpose of checking the correctness of the Register in Form 28 maintained in the Divisional office, a consolidated work voucher in the form appended, (Appendix B) should be forwarded to the Audit Office every month for all works whether sanctioned by the Conservator or higher authority or by the Forest Officer himself A copy should be sent to the Conservator also

APPENDIX B

Consolidated Work Voucher

Heads of Account	Particulars	Sanction					Expenditure to date including this bill	Balance available
		Particulars	Amount	Number of Sub Voucher	Amount	Total		
1	2	3	4	5	6	7	8	9
			Rs		Rs a p	Rs a p	Rs a p	Rs a p
A 1 (a)	Timber operations in Close period	Conservator's S O No 10 dated 18th April 1906	2 000	11 b 12 b 13 b 14 b	2 13 7 21 11 2 9 1 6 10 1 8	89 11 13	410 12 11	1,599 3 1

15 This voucher should be audited in the Comptroller's office and every item of expenditure incurred without a sanctioned estimate or in excess of the estimate objected to The register of works expenditure now kept in the Comptroller's office will continue to be maintained and posted from the consolidated work voucher A note of the fact of completion of a work will be made from completion reports received The consolidated work voucher will be checked with the vouchers and the classified abstract of expenditure and all deviations from estimates duly noticed On completion of each work a completion report should be sent to the Conservator and after check in the office of sanction should be forwarded to the audit office for final record The register in Form 28 now maintained in the District Forest Offices need not contain a detailed description of work done The entries may be confined to a reference to month, voucher number and amount

16 There are no initial records at present in which the details of measurements for work done are entered Under "A V. Communications and buildings, there are (*a*) roads and bridges, (*b*) buildings and (*c*) other works, such as wells, clearing of compound etc In these cases, bills are prepared for work done showing the total quantity and the rate approved Measurement books similar to those in use in the Public Works Department should be brought into use in the Forest Department The books will form the primary records of quantities of work done or materials supplied and the basis of all payments connected therewith They should contain the acceptance of measurements by the piece-worker concerned and a reference to the bill of payment

17 A complete list of every operation in the department should be prepared and printed and the rates obtaining in each locality entered therein There should be a schedule for each district and it should have columns for the entry of comparative rates for three or four years A printed copy should be furnished to the Comptroller also, for audit of rates paid

18 *3 Accounts of Deposits and Advances* —(*a*) *Deposits* —Security deposits of subordinates and vendors, etc , should be paid direct into the Savings Bank by the parties and the pass book hypothecated to the District Forest Officer and lodged with him A simple register showing depositor's name, designation, amount of deposit, pass book number and

date of refund or release should be kept in the District Forest Office in Form C. No extract of this register need be sent to the Comptroller.

19. As regards other deposits, a detailed account in Civil Account Code, Form 41, showing the deposits received and one in Civil Account Code, Form 30, showing the details of the deposits repaid should be maintained in each District Forest Office and extracts therefrom in Civil Account Code, Forms 32 and 30, should be submitted to the Audit Office monthly by the Forest Officer. Repayments of deposits will find a place in the cash book, as also items which are carried to a revenue head by debit to 'Deposits.' All repayments in cash of deposits of more than Rs. 10 must invariably be made by means of cheques drawn in favour of depositers and delivered to them. Advices of adjustments of deposits need not be sent to the treasury as at present. A note should, however, be added to the monthly extracts, indicating distinctly the amounts passed through the treasury accounts and those which have been adjusted or repaid in the Forest Office without reference to the treasury, such as deductions from bills credited to deposits, and repayments of deposits, by credit to revenue. The treasury will maintain no detailed accounts, but will credit all deposits received to the head "Forest Deposits."

20. In the Audit Office, the monthly extracts received from Forest Offices will form the register of deposits as in the case of other departments and the amounts repaid will be posted in the money columns for the respective months from the extract of the register of repayments received from each Forest Officer. The totals of cash receipts according to Forest accounts should be compared with the totals of credits each month to "Forest Deposits" appearing in the treasury accounts. Items of adjustments and repayments will be posted in the Forest Classified Abstract from the monthly forest accounts. A broad sheet should be maintained in which the totals of debits and credits each month and the opening and closing balances at the beginning and end of each year should be posted. At the end of the year, the balance on account of each District Forest Officer on the books of the Comptroller should be verified in communication with the District Forest Officer. For this purpose, a clearance register in Civil Account Code, Form 32, should be submitted in July of each year by each District Forest Officer for the outstanding balances in the receipt register of the second preceding year and the verification should be carried out as prescribed in Civil Account Code, Volume II, Article 873.

21. (*b*) *Advances.*—A monthly agreement should be carried out between the statement of advances and the Rangers' books on the one hand, and between the former and the Comptroller's books on the other. The register of receipts and disbursements now maintained in the Forest Section of the Audit office should be abolished and a register should be maintained in the form appended (Appendix D). Separate statements for advances to Rangers and for advances to contractors should be submitted, both from the Range to the District Forest office and from the latter to the Comptroller.

22. Every half-year, (*i.e.*), in December and June of each year, a certificate from each Ranger, or other subordinate against whom advances are outstanding on account of disallowances in audit or unaccounted balance of cheques issued should be obtained by the District Forest Officer in acceptance of the amounts outstanding in the ledgers. The balances due from contractors should similarly be verified and be supported by contractors' receipts for the dues shown in the accounts. The dues, if any, to contractors should be borne out by the latest bill for work done. The half-yearly statement should thus be accompanied by the subordinates' certificates and by receipts from contractors acknowledging the unadjusted balance, against them. In the case of all items, the period from which an item is outstanding should be clearly specified and brief reasons for the delay in adjustment and steps taken to clear the items explained. The balances at the end of the year should be proved in the manner described above and should consist of current and efficient items.

23. The statement of advances should also be in the form (Appendix D) and it should clearly show the month from which each item is outstanding, the amounts due from each Ranger, his Deputy and other subordinates and each contractor against whom advances are outstanding. Particulars of advances (*i.e.*) whether they are disallowances in audit or are unaccounted balances of cheques should be clearly entered in the statements of advances to Rangers. The ledger account of each contractor should be maintained in the District Office and compared with the statement received from each Ranger.

24. *Accounts to be maintained and rendered.*—The registers and accounts to be maintained in the Range Office, those to be submitted to the District Forest Officer, those to be maintained by the latter, and the returns, etc., which are to be forwarded by the District Forest Officer to the Conservator and the Comptroller are shown below. The classified abstract of expenditure with the supporting vouchers, the statement of advances and the other returns will be submitted to the Audit Office not later than the 5th of the month following that to which the accounts relate.

No. Fl. 4438-47—G. F. 55-17-4, dated 21st February 1918.

I. Registers and Accounts to be maintained in Range Offices (excluding those maintained solely for Departmental purposes.)

One permanent advance register for contingencies.
Duplicate copies of work and establishment, etc., bills.
Cash book as at present with suitable modifications and additional columns as proposed by the Conservator.

Register of Rents of buildings	Form 1 a	(As at present)
Register of fellings	„ 3 a	
Register of daily receipts	„ 4	The registers in Forms 4 to 10 may however be bound and alternate sheets perforated so that by means of carbon paper, a second copy may be had ready along with the original.
Do disposals	„ 5	
Receipts and issues of timber and other produce in depots	„ 6	
Register of sales of timber and other produce cut and collected by Government agency	„ 7	
Account of Drift timber operations	„ 8	
Register of Revenue from timber and other produce cut, collected and removed by purchasers, etc.	„ 9	
Revenue outstandings	„ 10	
Do free grants	„ 11	
Register of leases	Art. 63	
Do licenses issued by vendors	(Form F)

Do elephants, cattle, etc.	do	
Do sanctioned works	Form 28	
Office copies of Annual Reports and Accounts.		
Register of Travelling allowance	Office copies.	
Register of receipts and Disposals of License books	Conservator's Form.	
Register of Kumri and Takkal cultivation	Do	

Plan of operations.
One objection book for Conservator's, Comptroller's and District Forest Officer's objections.

II. Accounts to be rendered to the District Forest Office.

Establishment, travelling allowance and contingent bills for countersignature, where necessary.
Extracts of cash books accompanied by vouchers for payments.
Copies of registers in Forms 4, 5, 6, 7, 8, 9 and 10.
Statement of advances granted and recovered.
Extract of sandalwood registers. Monthly statements of tools and plant to be prepared from daily accounts.
Annual return of tools and plant. Bill for supplies for District Forest Officer's check.
Report of Forest offences in Form A (old form).
Annual statement of Forest offences.
Monthly statement of value of uniforms supplied to Foresters.

III. Accounts and Registers to be maintained in the District Forest Office.

Plan of operations.
Cash books as at present with suitable modifications or additional columns as proposed by the Conservator.

No. Fl. 4438-47—G. F. 55-17-4, dated 21st February 1918.

Summary of Revenue and Expenditure.
Remittance book.
Permanent advance register for contingencies.
Registers in Forms 6, 7, 8, 9, 10 and 11 similar to Range Office Registers for consolidating Range transactions, relating to demands, collections and balances of revenue.
Registers in Forms 65 and 66.
Annual returns of sandalwood collected and sold (Forms 67 to 69).
Register of leases of Forest Produce.
Daily return of Tools and Plant.
Annual return of Tools and Plant.
Register of Deposits.
Ledger of advances to Contractors and Disbursers.
Record of sanctioned works ... ... (Form 28).
Copies of estimates sanctioned by the Conservator.
Measurement Books.
Schedule of rates for each Division.
Objection Book. (One book to be maintained for Conservator's, Comptroller's and District Forest Officer's disallowances).
Register of rents of buildings.

IV. Accounts to be rendered to Conservator.

Monthly.

Classified abstract of Revenue and Expenditure.
Copies of registers in Forms 7, 8, 9 and 10.
Summary of rough sandalwood received and issued by each Koti Ranger (Form 65).
Summary of receipts and disposals of assorted sandalwood (Form 66).
Lot roll of sandalwood exposed for auction sale (Form 67).
Statement of advances to contractors and subordinates to be forwarded to the Comptroller. (New Form.)
Recoveries for value of uniforms.

Quarterly.

Return of Revenue outstandings.
Plan of operations.

Annual.

Budget Estimate of Revenue and Expenditure.
Returns of Tools and Plant.
Annual reports and accounts Forms 37 to 51
Return prepared from monthly abstracts of Forms 57 and 58 ... ... ,, 68
Return prepared from monthly abstracts of Forms 60, 62 and 64 ... ... ,, 69
Lot Roll of sandalwood exposed for sale.
Yearly report of Inspections of Kotis.

Half-yearly.

Inspection report of Range Offices.

Occasional.

Completion reports of all buildings, roads and other works.

V. Accounts to be rendered to Comptroller.

Consolidated Treasury Receipt of Revenue, etc., remitted into Treasury.
Classified Abstract of Expenditure accompanied by vouchers for each item of expenditure above Rs. 25.
Consolidated schedule for works.
Schedules of deposits received and repaid.
Statement of advances to contractors and forest subordinates.
Monthly list of cheques drawn.
Annual Clearance Register in C. A. C., Form 32.

No. Fl. 4438-47—G. F. 55-17-4, dated 21st February 1918.

Cheques Bearing Civil and Military Station Stamps.

No. FL. 4183-229—S. R. 62-17-5, DATED 11TH FEBRUARY 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 433, dated 17th January 1918, from the Commissioner of Stamps in Mysore, stating that cheques drawn in Mysore (excluding the Civil and Military Station, Bangalore) but bearing a Civil and Military Station stamp are being accepted in the State Huzur Treasury, Bangalore.

Order No. Fl. 4183-229 -S. R. 62-17-5, dated 11th February 1918.

Cheques drawn by persons in the Mysore State, outside the Civil and Military Station, Bangalore, should bear a Mysore stamp (*vide* Notification No. F. C. 1820—S. R. 36-11-3, dated 1st November 1911, published on page 415 of the *Mysore Gazette*, Part I, dated 2nd February 1911). If cheques drawn by such persons bear a Civil and Military Station stamp, they should be treated as unstamped and as such should not be accepted in Treasuries and by officers receiving money on behalf of Government.

B. RAMASWAMAIYA,
Offg. Secy. to Govt., Rev. Dept.

To—The Commissioner of Stamps in Mysore.
The other Heads of Departments.
The Deputy Commissioners of Districts.

Revision of the Ministerial and Menial Establishments of the Chief Court of Mysore.

No. J. 3542-3—Cts. 318-16-5, dated 26th February 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Correspondence ending with letter No. 398, dated the 27th July 1917, from the Registrar, Chief Court, submitting for sanction, a proposition statement for the revision of the ministerial and menial establishment of the Chief Court involving an additional recurring expenditure of Rs. 4,287 per annum.

Order No. J. 3542-3—Cts. 318-16-5, dated 26th February 1918.

On a careful consideration of the proposals made by the Chief Court, Government are pleased to revise the scale of pay of the Clerical establishment attached to that Court as follows:—

			Rs.
One Head Clerk on	...	...	120—6—150
One clerk on	...	...	100
Two clerks on	...	...	90 each
Two do	...	...	80 ,,
Four do	...	...	70 ,,
Four do	...	...	60 ,,
Four do	...	...	55 ,,
Three do	...	...	50 ,,
Three do	...	...	45 ,,
Four do	...	...	40 ,,
Three do	...	...	35 ,,
Three do	...	...	30 ,,
Two do	...	...	25 ,,

2. As regards the menial staff, Government consider that the pay and prospects of the men should be improved by reducing the strength of the establishment to the requisite minimum and without entailing any extra cost. Out of the establishment proposed by the Chief Court, one dafterband on Rs. 10, three peons on Rs. 7 each and one lascar on Rs. 10 are accordingly disallowed.

3. Government also direct that of the three mutchis on the establishment, only the seniormost should be designated "Mutchi and Book-binder" and the other two classed as mutchis in the inferior service.

4. The present and sanctioned scales of the establishment are indicated in the appended statement.

5. The extra cost involved during the current year will be met from the sum of Rs. 3,500 provided in the budget for the revision of this establishment.

C. S. BALASUNDARAM IYER,
Chief Secretary to Govt.

The District Registrars of Districts.

NOTIFICATION

No. J. 3006—Regis. 36-17-2, dated 5th February 1918.

In exercise of the powers conferred by section 69 of the Mysore Registration Regulation, 1903, the Government of His Highness the Maharaja of Mysore are pleased to direct that the following be substituted in place of Rule 16 of the Registration Rules —

'Rule 16. In the fire-proof box supplied to District Registrars shall be placed and retained (1) Sealed covers deposited, (2) Wills registered or refused registration by District Registrars and remaining unclaimed for more than two years and (3) Wills received from Sub-Registrars under clause A (1) of Rule 85. A Register shall be maintained in each Registrar's Office, showing the sealed covers and wills deposited as above, withdrawn, opened, returned to parties or sent to Courts from time to time. The key of the fire-proof safe shall remain in the personal custody of the Registrar and every Officer assuming charge of a Registrar's office, either permanently or temporarily, shall compare the sealed covers and wills with the entries in Book V and in the Register prescribed in this Rule and shall report to the Inspector-General whether they are correct and whether the covers and wills are preserved properly.

By Order,
B. RAMASWAMAIYA,
Offg. Secy. to Govt., Rev. Dept.

To—The Compiler, *Mysore Gazette*.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The District Fund Administration Reports for the year 1916-17

Order No. 4319-33—L. B. 43-17-32, dated 2nd February 1918.

There was a delay of three weeks in the submission of the Bangalore District Report and almost all the other reports were received in time, *i.e.*, by the 1st October 1917. As the report of each District Board has been separately reviewed, Government propose to review in this Order the progress made collectively during the year 1916-17.

2. *Development of Local Self Government.*—The recommendations of the two Committees appointed to consider the question of the constitution and powers of Local Bodies and of their finances, together with the suggestions of the Local Boards and Municipal Conference of 1915, were considered and orders were issued during the year laying down the policy of Government in regard to these matters. Legislative action has also been since taken to amend the existing Local Boards Regulation with a view to give effect to the reforms accepted by Government in their Order dated 16th November 1916. It is hoped to bring the amending Regulation into force before the close of the official year.

The Rules under the Local Boards Regulation were revised so as to raise the number of elective seats on the Taluk and District Boards and rules were framed for the election of Vice-Presidents for District Boards. A further revision of the rules is engaging the consideration of Government with a view to their conforming to the provisions of the new Regulation.

3. *Constitution and working of Local Boards.*—In addition to the Kolar Gold Fields Sanitary Board, there were, as in the previous year, eight District Boards and seventy-seven Taluk Boards, but the number of Union Panchayets rose from 260 to 264 as a result of the establishment of four new Panchayets in the Tumkur District. The average attendance at the meetings of the Kolar Gold Fields Sanitary Board was practically the same as in the previous year (80 per cent), while that at the meetings of the other Boards showed a decrease, the percentage to the total strength being 74 and 65 at the meetings of the District Boards and the Union Panchayets against 76 and 70, respectively, in the previous year. Though there was a slight improvement in the attendance of members at the meetings of Taluk Boards, from 54 to 60 per cent, the percentage of attendance of officials did not show any improvement in spite of the observation made in this respect in previous years' reviews. The necessity of regular attendance at these meetings should be clearly impressed on the official members, who should co-operate fully in the work of the Local Boards.

4. *Audit of accounts and Finance Committees.*—Detailed rules were laid down during the year for the guidance of the Finance Committees to regularise and systematise their audit of the District Fund accounts every month. In spite of this, none of the Committees except that of Chitaldrug took sufficient interest in conducting the audit regularly every month. This is not satisfactory. The liability of the members under Section 36 of the Local Boards Regulation for any loss, waste or misappropriation of District Fund money or property should be specially impressed on the District Boards and they should be advised to take suitable measures

No. 4319-33—L. B. 43-17-32, DATED 2ND FEBRUARY 1918.

for the regular and prompt scrutiny of the accounts. The audit of the accounts of 1915-16 by the Local Audit staff of the Comptroller's Office did not disclose any grave irregularities. Omission to make necessary entries in the registers to prevent double claims, non-reconciliation of Pass Book balances with the monthly cash account balances and long delay in the payment of pound commission charges and in recoupment of imprests were the principal defects noticed during the audit. There was no improvement in the keeping of the accounts, and the disposal of the audit notes and objections in all the districts except Kolar was very dilatory. Objections raised in audit should receive prompt attention and the preparation of the accounts by the office staff should be carefully scrutinised.

5. *Financial Position.*—The income and expenditure of the year compare with those of the previous year as shown in the following statement:—

Items	1916-17	1915-16
Receipts.	Rs.	Rs.
1. Allotment from Local Cess	5,67,248	5,51,766
2. Railway Cess	1,78,597	1,09,132
3. House, Shop and Mohatarfa taxes ...	1,48,345	1,20,234
4. Tolls	45,414	41,225
5. Ferries	5,807	6,783
6. Markets	55,907	58,189
7. Accommodation to travellers ...	3,723	3,268
8. Fines under Village Sanitation Rules ...	938	649
9. Interest on investments	1	10,010
10. Contributions	48,836	70,160
11. Deposits	46,735	31,962
12. Drinking Water Wells Fund ...	2,30,058	1,72,551
13. Other items	92,109	95,524
Total ...	14,23,718	12,71,453
Expenditure.		
1. Public Works executed by Public Works Department	4,17,556	4,21,490
2. Public Works executed by Civil Department ...	1,61,750	1,61,219
3. Administration and Collection ...	71,947	58,585
4. Conservancy and Sanitation ...	1,22,746	1,18,252
5. Medical Relief	97,775	98,398
6. Accommodation for travellers ...	27,379	27,194
7. Railway Construction	6,556	1,49,705
8. Interest on Loan	...	19,328
9. Deposits	33,138	27,769
10. Drinking Water Wells Fund	79,017	71,061
11. Investments	72,815	...
12. Adjustment of Railway Loan collections erroneously credited in the accounts of 1914-15 ...	...	2,36,423
13. Other items	51,926	36,721
Total ...	11,42,605	14,26,145

The increase under receipts was mainly due to better collection of Local cess, to the levy of shop tax in Unions and of Railway cess newly in the Shimoga and Kadur Districts, and to the adjustment of the Government grant for rural water-supply due to the Bangalore District for 1915-16. The decrease under expenditure was only nominal and is due partly to the absence of adjustments of Railway Loan collections as in the previous year and partly to the partial adjustment of the expenditure on account of Railway construction in the accounts of the Kolar District Board. Out of the investment of Rs. 20,000 by the Kolar Gold Fields Sanitary Board in the Mysore Bank, War Loan Bonds of 1920 worth Rs. 10,000 were purchased. In the Tumkur District Board Accounts a sum of Rs. 52,815 out of their Railway cess collections is charged as an investment. The President is requested to report where and under what authority the investment has been made.

No. 4319-33—L. B. 43-17-32, DATED 2ND FEBRUARY 1918.

Demand, Collection and Balance.—Out of the current demand of Rs. 1,42,395 under house and shop taxes in Unions, only a sum of Rs. 83,909 or 58 per cent was collected, while out of the arrears of previous, years, arrears amounting to Rs. 1,10,212, 52 per cent was left uncollected. The arrears were very heavy in the Bangalore, Mysore and Shimoga Districts. The arrears under tolls in Hassan and under ferries in the Shimoga and Hassan Districts also continued to be heavy. In spite of the observations made by Government in this connection in the reviews of previous years, requesting the Presidents of District Boards to bestow greater attention to collection work, it is unsatisfactory to note that no attempt has been made to reduce the arrears even under the main item of revenue requiring the attention of the collection staff of local boards. The efficient administration of local bodies depends on their sound financial condition and Government desire that special measures should be promptly taken by the Presidents of District Boards to deal with all cases of arrears which at present encumber the accounts and to ensure timely collection of the current demand.

Public Works.—The outlay incurred on public works executed by the Public Works Department was, as usual, mainly on the repairs of roads. The expenditure on public works in the Unions was Rs. 39,479 or 33 per cent of that incurred by the District Board in the Civil Department. The condition of roads in the Bangalore and Kadur Districts is reported to have been not very satisfactory, but it is hoped that the Boards concerned will be able to improve the condition of the roads by increasing the mileage allotment to them, as under the Local Self-Government Scheme additional revenue has accrued to them. The lapses under Public Works, except wells in the Civil Department were very heavy and ranged from 18 per cent in the Kolar District to 73 per cent in the Bangalore District. The explanations furnished for these lapses which could have been avoided to some extent, are not quite satisfactory. The instructions contained in Government Order No. 9251-52—L. B. 249-14-1, dated 22nd May 1915, and in para 5 of the general Review on the District Fund Administration Reports for the year 1915-16 should be strictly followed.

Rural Water Supply.—The income and expenditure under the Drinking Water Wells Fund amounted to Rs. 2,30,058 and Rs. 79,017 against Rs. 1,72,551 and Rs. 71,061, respectively, in the previous year. Nine hundred and sixty-nine wells were in progress at the close of the year and 208 wells were completed during the year. Paucity of skilled labour and want of suitable boring plant retarded progress in the execution of the wells. The progress made under the Rural Water-Supply Scheme during the past three years has been reviewed separately in Government Order No. 3027-45—L. B. 83-16-40, dated 30th November 1917. The progress reported under the scheme has not been commensurate with the various facilities sanctioned by Government from time to time. A large portion of the allotment has been allowed to remain unexpended. Government hope that the local officers will pay sufficient attention to this important matter to ensure satisfactory progress in future and employ the special establishments sanctioned for the purpose fully.

Railways.—The extension of the Kolar District Board Railway from Kolar to Chikballapur was completed and the entire line opened for traffic in November 1916. Action was taken by the Chitaldrug District Board to raise a loan of Rs. 9 lakhs to finance a railway line from Chikjajur to Chitaldrug. The Government have since sanctioned the construction of the line and agreed to contribute a moiety of the capital cost.

Medical relief.—Two new dispensaries were opened at Anavatti and Santebennur in the Shimoga District. 12,90,981 patients were treated in the Local Fund Dispensaries subsidised in part from the District Funds against 11,20,108 patients in the previous year. The increase in the number of patients was chiefly in the Bangalore, Chitaldrug, Hassan and Mysore Districts and has not been explained in the reports. In the Kankanhalli Dispensary there has been an abnormal increase from 11,624 to 44,410 in the number of patients treated. The President is requested to investigate the cause of the abnormal increase and report the same to Government through the Senior Surgeon.

Vital Statistics.—The deaths registered during the year increased from 77,071 to 88,963 chiefly on account of the prevalence of plague in almost all the districts

and on account of cholera in the Mysore District. 102,714 births were registered against 10,068 in the previous year.

Conservancy and Sanitation.—Rupees 1,22,746 were spent on conservancy and sanitation against Rs. 1,18,252 in the previous year. The Village Sanitation Rules were newly introduced into 473 villages during the year and there were at the end of the year 1,397 villages into which the rules had still to be introduced according to the standing orders. The Presidents should take early action in the matter.

On the Kolar Gold Fields 35 persons were convicted out of 109 persons prosecuted for the breach of Sanitary Bye-laws. In the area under the control of the District Boards 654 persons were prosecuted for the breach of the Village Sanitation Rules, and of these 310 were convicted. The reports do not contain information regarding the action taken to set right the defects noticed in the notes of inspection by the Officers of the Sanitary Department. The Presidents are requested to see that a para is devoted to this subject in the reports in future.

General.—Orders have been passed recently revising the establishments for the Offices of the Presidents of District Boards. Separate establishments for the Taluk Board Offices are also being sanctioned. The facilities thus afforded will, it is hoped, result in an appreciable improvement in the nature of work done in these offices. The general Administration of several District Boards leaves much room for improvement, especially in respect of collection of revenue and execution of works, and Government trust that in view of large powers and responsibilities that will devolve on the Local Boards under the Local Self Government Scheme, the several members of these bodies, both official and non-official will show more initiative and take an active interest towards the speedy development and more efficient working of these bodies.

Office Establishments for Taluk Boards in the Bangalore District.

No 4533-5—L. B. 67-17-19, dated 12th February 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No 1872-9 —L B 67-17-1, dated the 27th September 1917, calling for the resolutions of the Taluk Boards as to whether an establishment consisting of a clerk on Rs 20 and an attender on Rs 12 will be sufficient for their offices and stating that the cost of this establishment should be met from the Taluk Fund and that the existing Local Fund clerks in the Taluk Offices should be transferred to the Presidents of Taluk Boards

2 Letter No C 484, dated the 26th January 1918, from the Deputy Commissioner, Bangalore District, submitting copies of the resolutions of the Taluk Boards in the district as called for in the above

Order No. 4533-5—L. B. 67-17-19, dated 12th February 1918.

The Taluk Boards in the Bangalore District are permitted to entertain an office establishment consisting of a clerk on Rs. 20 and an attender on Rs. 12 and to adopt the provisions of Article 263 B of the Mysore Service Regulations to it.

2 Government do not see any necessity for sanctioning peons for the Taluk Board Offices.

3. It is noted that the Taluk Boards of Channapatna and Kankanhalli do not want the attender for the present.

4. The Taluk Boards of Nelamangala and Magadi propose a pay of Rs. 8—1—12 and Rs 10 respectively for the attender. The Boards are empowered to vary from time to time the attender's pay within the sanctioned scale.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ--

Letter No. 355—S., dated the 21st January 1916, from the Deputy Commissioner, Tumkur District, reporting the practice that exists in the matter of payment of *miras* to talwars who help the shanbhogs in the collection of mohatarfa in the municipal towns of Sira, Chiknayakanhalli and Kunigal.

2. READ ALSO—

(i) Government Order No. 1668-76--R 539, dated the 10th August 1897, passing orders on the subject of *miras* due to minor village servants and laying down instructions as regards its levy.

(ii) Government Order No. 3329-36—R. F. 52-17, dated the 20th October 1900, issuing instructions regarding the payment of *miras* to talwars by mohatarfa payers in Municipal towns.

(iii) Letter No. 10942—Ml. 138-13-3, dated the 1st May 1914, to the Deputy Commissioner, Chitaldrug District, about the collection of "Talwar Cess" in the Harihar Municipality.

Order No. 4600-9—Ml. 185-15-2, dated 15th February 1918.

The Deputy Commissioner of the Tumkur District reports that for several years past the practice has prevailed of levying a fee of one anna per rupee of mohatarfa from mohatarfa payers as *miras* to talwars who help the shanbhogs in the collection of such taxes in the municipal towns of Sira, Chiknayakanhalli and Kunigal, that the shanbhogs maintain separate accounts of the *miras* payable by each Khatedar and collect the amount for payment to talwars. He solicits sanction to the continuance of the present practice, the amounts collected by the shanbhogs being, however, credited to the Treasury under municipal deposits and then paid to the village servants by means of cheques and also to the payment to the talwars of the *miras* collected for the years 1913-14 and 1914-15 and held in deposit, pending disposal of the audit objection in this behalf.

2. Government consider that the system of collecting the *miras* payable to talwars by the village servants is unauthorized and cannot be supported. They are accordingly pleased to direct that the practice be immediately discontinued.

3. Mohatarfa tax-payers are not bound to pay *miras* and any mamool in this respect cannot be recognised.

4. The Deputy Commissioner, Tumkur District, may dispose of the amounts of *miras* now held in deposit as he deems fit.

Order No. 4836-40—Ml. 156-17-1, dated 28th February 1918.

Government have considered the question of arrangements for the Presidentship of the Mysore City Municipal Council and the Chairmanship of the City Improvement Trust Board, and have decided to appoint a separate officer for each of the two offices.

2. Government are accordingly pleased to appoint Rajasabhabhushana Dewan Bahadur C. Srikanteswara Aiyar, as Honorary President of the Mysore City Municipal Council.

3. Rajasilpivisarada Rao Bahadur B. Subba Rao is appointed Honorary Chairman of the Trust Board.

4. The above appointments will take effect from the 11th March 1918.

5. Mr. T. G. Lakshman Rao, the present President and Chairman, whose resignation of the Municipal Councillorship from the abovementioned date is accepted, will, on relief, report himself to the Secretary to Government, Public Works Department, for duty.

6. The Municipal Council will be allowed to elect its own Vice-President.

No. G. 10777—MILY. 140-17-5, DATED 6TH FEBRUARY 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The Annual Report of the Mysore Military Forces for the year 1916-17, submitted by the Chief Commandant, Mysore State Troops, with his letter No 3827, dated 12th October 1917.

Order No. G. 10777—Mily. 140-17-5, dated 6th February 1918.

Recorded.

2. The most important event of the year was the mobilization of the Imperial Service Transport Corps in September 1916.

3. The expenditure under all branches of the Military Service amounted to Rs. 13,98,788 as against Rs. 11,72,860 in the previous year, the increase of Rs. 2,25,928 being chiefly due to the mobilization of the Transport Corps and to the temporary increase in the strength of the two Depots of the Imperial Service Regiment and the Imperial Service Transport Corps.

4. The detachment of the Mysore Horse at Shimoga with its outposts at Pavagada and Jagalur was temporarily withdrawn to Mysore. Reliefs of the 1st and 2nd Battalions of the Infantry stationed at Shimoga and Bangalore were carried out during the year besides the usual reliefs of the Taluk Treasury Guards.

5. The strength of combatants and followers of the Imperial Service Regiment in the field was 473 and 116, respectively, as against 448 and 137 in the previous year. The number of men of the Imperial Service Troops that came back invalided from the field during the year was 165, while the number sent as reinforcements was 259.

6. The Transport Corps which proceeded to Mesopotamia during the year under review acquitted itself creditably there. Good reports were also received of the powers of endurance and hard work of the Amrut Mahal bullocks that were sent there.

7. The Imperial Service Regiment continued on active service throughout the year and it is gratifying to learn that it maintained its good reputation for conspicuous gallantry. His Majesty the King of Servia was pleased to confer honours on Major Chamraj Urs, Jamadar Krishna Urs and Duffedar Keroji Kesarkar, while the Commander-in-Chief, Egyptian Expeditionary Forces, referred in eulogistic terms to the gallantry displayed by Major Chamraj Urs and Jamadar Basavaraj Urs. The Indian Meritorious Service Medal was awarded to Duffedar Major Syed Abdul Aziz and the 2nd class Order of British India with the title of Bahadur was conferred on Resaldar Hanumantha Rao Pawar.

8. His Highness the Maharaja was pleased to confer honours on Major Chamraj Urs and a few other officers of the Regiment and to sanction increased rates of Field Service allowances to all the details of the Regiment in the Field.

9. His Majesty the King-Emperor has since, in September last, been graciously pleased to approve of the grant of the honorary rank of Lieutenant Colonel in the British Army to the Chief Commandant with effect from the 11th August 1917 in recognition of his valuable services in Egypt.

10. The discipline of the several units was generally good.

11. Government have great pleasure in recording that the administration of the Department during the year under review was satisfactory.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Chief Commandant, Mysore State Troops.

Report of the Chief Inspector of Mines.

No. G. 10920-22—Geol. 64-17-5, dated 8th February 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. G. 633—Geol. 80-15-1, dated 14th July 1916, directing among other things that the annual Report to be submitted by the Director, Department of Mines and Geology, should embody the Report of the Chief Inspector of Mines on the Kolar Gold Fields.

2. Letter No. G. 4154—Geol. 7-16-3, dated 20th September 1916, from the Secretary to Government, General Department, to the Director, Department of Mines and Geology, stating, with reference to the acting arrangements sanctioned in Notification No. G. 4152—Geol. 7-16-2, dated 20th September 1916, that, during the absence of Dr. W. F. Smeeth on leave, Mr. R. Bocquet, Chief Inspector of Mines, would be in independent charge of the Mining Branch of the Department.

3. Letter No. 474, dated 1st December 1917, from the Chief Inspector of Mines in Mysore, forwarding his report for 1916-17 and stating that pursuant to the instructions conveyed in Government Order No. G. 633—Geol. 80-15-1, dated 14th July 1916, the report of the Chief Inspector of Mines for 1915-16 was not published separately as in the previous years but was embodied in the annual report submitted by the Director for the year 1915-16, and that this has necessitated the exclusion of a large amount of important matter and requesting that in modification of the order referred to above the Report of the Chief Inspector of Mines may be ordered to be published separately.

Order No. G. 10920-22—Geol. 64-17-5, dated 8th February 1918.

Mr. R. Bocquet having been in independent charge of the Mining Branch of the Department of Mines and Geology during the major portion of 1916-17 in consequence of the absence of Dr. W. F. Smeeth on leave, the report for this year has been separately reviewed and published.

2. Government are pleased to direct that in future the whole of the report of the Chief Inspector of Mines be published as an enclosure to the Report of the Director, Department of Mines and Geology. To preserve continuity the same procedure will be observed in respect of the report for 1915-16 also.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 11631-80—G. M. 627-16-13, dated 22nd February 1918.

Attention is invited to the marginally noted Government Orders in regard to the punctual submission of periodical reports and returns. Extracts of orders referred to are appended. Cases of delay have been noticed frequently and Government trust that Heads of Departments and other Officers concerned will take special disciplinary measures, wherever necessary, to ensure timely submission of periodical reports especially annual reports of administration and reports connected with the working of special schemes. If any unforeseen difficulty or inconvenience is experienced in submitting a report by the prescribed date, the fact should be reported to Government and extension of time applied for. All belated reports should invariably be accompanied by a special explanation of delay in each case.

No. G. 11631-80 - G. M. 627-16-13, dated 22nd February 1918.

1. Extract from Government Order No. 1223-62—Mis. 254, dated 26th July 1900.

Much inconvenience having been felt owing to the non-receipt of periodical reports and returns in due time, the Deputy Commissioners of Districts and Heads of Departments are requested to be so good as to submit all such reports and returns within the time prescribed. Delays especially in respect of returns due to the Residency, are undesirable and Government hope that stringent measures will be adopted to prevent the same.

Every communication submitting a report or return after the due date should, it is requested, be accompanied by an explanation of delay.

2. Extract from Government Order No. 17280-319—Mis. 4317, dated 25th June 1901.

Belated reports and returns lose much in value, and Government confidently rely upon Heads of Departments and Deputy Commissioners doing everything in their power to avoid them in future.

3. Extract from Government Order No. 684-723—G. R. 10-05, dated 4th August 1905.

The following simple rules should be observed by all concerned in regard to the prepa ration of the annual administration reports and returns:—

(1) All the offices having anything to do with the compilation of the annual reports and returns should regard it as a matter of first importance and urgency.

(2) Heads of Departments should insist on the timely submission of the returns and reports by the issue of reminders before the due date, and if need be, by orders for the with holding of pay in the case of default.

(3) The Head of each subordinate office should peruse the returns prepared for sub mission by him, and in addition to satisfying himself that they are complete and accurate, compare them with those of the previous year and enter explanations in regard to important variations and other noticeable features.

(4) The accounts, explanations, and report of each subordinate office should forthwith, as received, be scrutinised by competent and responsible officials in the higher office, and steps should at once be taken to get omissions and errors rectified.

(5) Responsible officials in the higher offices should keep the requirements of the annual report always in view and make notes of important events, reports and orders as they occur or issue.

(6) The official deputed to draft the report should begin his task at the earliest possible moment.

(7) The officer for whom the report is drafted should take a personal interest in the work and examine the materials collected and the sections drafted from time to time and guide the official with suitable instructions.

(8) The officers who have to submit reports to Government should send the appendices of the State Report as well as the appendices to their own reports to the Secretariat, as soon as they are ready, without waiting for the completion of their reports; and when the reports are ready, they should send two typed or manuscript copies of them to the Secretariat with all possible despatch, leaving it to the Secretariat to get them printed.

4. Extract from the suggestions for improving the efficiency of officers issued with Government Order No. G. 6421-68—E. A. 7-14, dated 19th December 1914.

Every officer who has to submit periodical reports or returns should have a statement kept of every such report or return, with columns showing the date on which it was sub mitted. This statement should be examined by him personally at least once a month. It is only by this method that an officer can ensure that reports and returns (whether monthly, quarterly, half-yearly or annual) are submitted punctually from his office.

No. 7930-41 - Edn. 1-16-114, dated 8th February 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Paragraph 4 of Government Order No. 5520-31—Edn. 1-16-14, dated 8th December 1917, stating that separate orders will issue on the scheme of travelling libraries.

Order No. 7930-41—Edn. 1-16-114, dated 8th February 1918.

The Secretary to the Education Committee of the Mysore Economic Conference states that the main outlines of the Scheme of Travelling Libraries are—

(1) to supply the President of each of the District Committees with as many sets of 'travelling' libraries as there are taluks in his district for circulation among the several villages in each of them ;

(2) each section of a travelling library is to cost Rs. 50, so that the price of one complete library will be Rs. 200, provision being made at the same time for the sale of the libraries to such of the villages as may desire to purchase them at a concession rate.

2. The scheme as proposed by the Education Committee is sanctioned, for a period of one year for the present. The rules for working out the scheme and the provisional lists of books and forms submitted by the Education Committee are tentatively approved and appended to this order.

3. The cost during the current year will be met from the provision made for the purpose in the Education State Funds Budget.

4. A report should be made three months before the expiry of the year for which the scheme has been sanctioned as to how it has been working and whether it may be continued for a further period and, if so, whether any modifications are necessary in the original scheme.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Secretary, Education Committee in Mysore.
The Secretary, Economic Conference in Mysore.
The Comptroller, Government of Mysore, through Branch II
The Inspector-General of Education in Mysore.
The Deputy Commissioners of Districts.
PRESS TABLE.

Exd.—C. R.

No. 7930-41—Edn. 1-16-114, dated 8th February 1918.

MYSORE ECONOMIC CONFERENCE.

Education Committee.

RULES.

Nature of Travelling Libraries.

The Library equipment would consist of (*a*) a book-shelf of suitable pattern, (*b*) 100 selected Kanarese standard works, (*c*) a sign-board containing the words "Travelling Library" in English and its equivalent in Kanarese, (*d*) a register including a catalogue of the books contained in the Library with spare pages for memoranda, (*e*) a set of rules in Kanarese suitably mounted for being hung up.

(2) For the present, only one set of 100 books will be provided for each Travelling Library. Travelling Libraries containing different sets of books will be provided later on.

Number and Distribution.

(1) Each District Committee will be supplied by the Education Committee with as many Travelling Libraries as the district has taluks.

(2) Ordinarily one Travelling Library will be placed by the District Committee at the disposal of each Taluk Progress Committee within the district for circulation in the taluk concerned. But District Committees will have power to depart from this rule according to necessity.

(3) As the scheme develops, more Travelling Libraries will be supplied to each district, so that a number of libraries may be circulated in each taluk.

Working.

(1) The scheme will be controlled by the Education Committee. A Sub-Committee will be appointed to deal with all questions relating to Travelling Libraries.

(2) The District Committees will be responsible for the custody, upkeep and proper use of the Travelling Libraries entrusted to them and for the working of the scheme within the district.

(3) Detailed rules and programme of the circulation of libraries will be laid down by the District Committee, or under its direction by the Taluk Progress Committee.

(4) Ordinarily each Travelling Library should circulate during the course of the year amongst six villages in the taluk, remaining in each place for about six weeks to two months.

(5) The District Committee should make arrangements for a responsible person being always in charge of each Travelling Library. Every transfer of charge should be recorded in the register provided. The Schoolmaster, the Shanbog or any other suitable person may be placed in charge of the Travelling Library as long as it is located in a particular village.

(6) The cost of circulating the Library amongst villages should be met by the District Committees. If necessary, a consolidated grant for the purpose will be given by the Education Committee to each District Committee.

(7) If any village wants to retain a Travelling Library permanently as a village library on payment, it may be allowed to do so on the price being remitted to the Education Committee. A fresh Travelling Library will be supplied in its place to the District Committee concerned. The Libraries will be sold at concession rates to the villages that wish to purchase them.

Accounts and Reports.

(1) Each Library will have serial number, the series being continuous throughout the State.

(2) Each Taluk Progress Committee should send a report to the District Committee every quarter in a prescribed form about the working of the Travelling Libraries.

(3) Each District Committee should send a report every quarter to the Central Committee in a prescribed form regarding the working of the Travelling Libraries within the district.

(4) The Education Committee will prepare a consolidated report of the working of Travelling Libraries every quarter and place it before the Standing Committee.

(5) Separate accounts will be maintained by the Taluk Progress Committees, District Committees and the Education Committee of all monetary transactions relating to Travelling Libraries. The accounts will be in the form of a simple cash-book, showing receipts on one side and disbursements on the other with full details.

Manufacture of Lac Dye and Varnish.

No. 8090-3—I. & C. 150-16-11, DATED 13TH FEBRUARY 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 15—1, dated the 14th and 17th July 1917, from the Officiating Director of Industries and Commerce in Mysore, submitting a scheme for improving the cultivation of local lac and the manufacture of lac dye and lac varnish involving a maximum expenditure of Rs. 75,000 for plants and equipment, Rs. 20,000 per annum for working expenses, and a recurring working capital of Rs 50,000 for the purchase of raw materials, and stating that the scheme will result in a net profit of Rs 1,500 per mensem to Government.

2. Correspondence ending with letter No 3309—295, dated the 15th December 1917, from the same officer, submitting modified proposals confining operations to the manufacture of lac dye and varnish from cake dye sold in the market, involving a capital expenditure of Rs. 2,500 for the construction of some vats and churns in addition to certain machinery intended to be erected for the manufacture of wood dye at a cost of Rs 3,000 and a working capital of Rs. 5,800 per mensem yielding a net profit of Rs 800 per mensem excluding a sum of Rs. 5,000 required for the construction of a building to locate this and wood dye concern for which he has submitted separate proposals.

Order No. 8090-3—I. & C. 150-16-11, dated 13th February 1918.

Government are of opinion that the scheme as finally submitted by the Director is well worth a trial and are accordingly pleased to sanction the same with the following modifications :—

(*a*) The amount of Rs. 5,500 required for machinery is sanctioned. The Director is requested to make temporary arrangements for the building required and to move Government for sanction later on, if necessary, after the scheme has passed the experimental stage for the construction or lease of a suitable building.

(*b*) As regards the working expenses, a lump sum of Rs. 10,000 will be provided to start with. The Director is requested to submit details of expenditure for the approval of Government before actually starting the work and operating on the same. The scheme should be modified so as not to commit Government to a larger expenditure than Rs. 10,000 as working capital until the financial results of the concern permit of a larger working capital being provided.

(*c*) Proper accounts should be maintained for the whole transactions connected with the concern and a half-yearly balance sheet and statement of profit and loss account should be published and the accounts audited half-yearly and audited report submitted to Government soon after the close of the quarter.

2. A report should also be furnished to Government after the starting of the scheme as to the date from which it was started and arrangements made for the proper conduct of work and a quarterly report on the working sent thereafter.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

Programme of Work for the Commercial Section.

No. 8413-63—I. & C. 48-17-14, dated 22nd February 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read again—

Government Order No. 1090-140—I. & C. 48-17-1, dated the 1st August 1917, sanctioning the reorganisation of the Industries and Commerce Department.

2. Government Order No. 2680-730—I. & C. 48-17-3, dated the 10th September 1917, sanctioning the formation of a separate Commercial Section in the Industries and Commerce Department and appointing Mr. C. Ranganatha Rao Saheb as Deputy Director in charge of Commercial Developments and Statistics.

3. Government Order No. 5082-131—A. & I. 215-14, dated the 5th January 1917, regarding the introduction of a uniform system of weights and measures in the State.

4. Government Order No. 6120-69—I. & C. 187-17-1, dated the 31st December 1917, transferring the functions of the Registrar of Joint-Stock Companies to the Deputy Director of Commercial Developments as *Ex-officio* Registrar of Joint-Stock Companies.

5. Note dated the 19th November 1917, from the Deputy Director of Industries and Commerce, containing proposals for the improvement of the work of the Commercial Section.

Order No. 8413-63—I. & C. 48-17-14, dated 22nd February 1918.

Government constituted with effect from the 1st November 1917 a separate branch in the office of the Director of Industries and Commerce to deal solely with questions relating to commercial development in the State, collection and publication of industrial and commercial statistics and the formation of an up-to-date bureau of information and appointed Mr. C Ranganatha Rao Saheb, Deputy Director, to be in charge of commercial developments and statistics. He has also been since appointed *Ex-officio* Registrar of Joint Stock Companies under the Companies Regulation.

2. Some of the more important items of work and activities necessary for a proper and continuous development of commerce in the State have been classified under four principal heads and given in Appendix A of the Government Order of the 1st August 1917. In order, however, to enable the Department to concentrate its attention at present on subjects likely to lead to definite practical results, Government proceed to indicate in the succeeding paragraphs the definite functions, duties and responsibilities to be immediately undertaken by the Commercial Section of the Industries and Commerce Department.

3. The Deputy Director will be directly responsible for developing the following special items of work on the lines indicated :—

(*a*) *Revision of the Industrial Survey of the State by bringing Mr. Sambasiva Iyer's report up-to-date.*—The lines on which it is proposed to revise the report with a skeleton plan should be submitted to Government for approval. The services of one of the Commercial Probationers may be utilised in this connection. The name of the Probationer selected may be reported for the information of the Government.

(*b*) *Collection and publication of complete trade statistics.*—The statistics should include not only the rail-borne trade but also other trade, foreign and domestic, relating to the State. The Deputy Director should submit a complete scheme showing the manner in which such statistics may be published and the establishment required for the purpose. Two of the Commercial Probationers

No 8413-63--I. & C. 48-17-14, DATED 22ND FEBRUARY 1918.

should be employed continuously in this branch of work. Such of the returns relating to trade and commerce as are now being compiled by the Revenue authorities or are received in the Revenue Commissioner's office will, in future, be forwarded to the Deputy Director of Commerce, who will compile and submit them to Government in proper form after careful scrutiny. The Deputy Director will be responsible only for industrial and commercial statistics. The co-ordination of the work of all agencies concerned with the collection of statistics will be attended to by a special officer attached to the Secretariat.

(*c*) *Establishment of a Bureau of Commercial Information.*—The work of the Bureau will consist of two parts—(i) systematic collection and dissemination of information regarding new industrial possibilities in each district and foreign and domestic trade of the State, (ii) supply of information required by the public in regard to trade matters.

The institution should be located in that part of the city where most of the business of the city is carried on, a suitable building being rented for the purpose for the present. It should be under the direct supervision of the Deputy Director assisted by the Assistant Director Mr. K. H. Ramayya and in the whole-time charge of one of the Commercial Probationers. One of the most important duties of the Assistant Director. Mr. K. H. Ramayya, should be to gather information regarding new industrial and commercial possibilities and popularise commercial ideals, methods and knowledge by means of lectures and bulletins in English and the Vernacular and preparation of illustrated handbooks regarding well-established industries giving details about cost of machinery, working expenses and other useful information. Information may also be collected through the agency of commercial correspondents, the District Committees under the Economic Conference, the District Industrial and Economic Superintendents and Commercial Associations and other agencies. All information should be verified and tabulated so as to furnish practical data to enquiring merchants. The libraries at present attached to the office of the Industries and Commerce Department and the Industries and Commerce Committee should be transferred to the building in which the Bureau is located and all bulletins relating to trade and commerce should issue from the Bureau. All such bulletins should be approved before they are actually printed. All rules published from time to time for regulating State aid to industries should be carefully compiled and published broadcast throughout the State for general information through the agency of this section. A complete catalogue of all the bulletins already published and of books in the library together with a list of books that may be purchased to make the library more useful should be prepared forthwith. The Bureau should be developed in course of time by the employment of separate specialised hands under each department of Commerce and of Commercial Agents in different industrial centres. The Bureau should be in close touch with the District Committees and the District Museums and publish through their medium tabulated information for each district. The question of publishing a monthly Trade Journal will be considered later on. The Deputy Director should arrange through the Bureau to be in touch with the Mysore Chamber of Commerce and Commercial Organizations both in and outside the State.

(*d*) *Standardisation of weights and measures.*—The scheme sanctioned by Government in Government Order No. 5082-131—A. & I. 215-14, dated 5th January 1917, for enforcing the use of standard weights and measures has not been fully brought into operation. Government are of opinion that the entire control over measures to be adopted for ensuring an adequate supply of weights and measures and testing and stamping the same may be transferred to the Commercial Section, the responsibility to enforce the rules continuing with the Revenue and Police Departments. The services of one of the Commercial Probationers should be utilised in this connection as a whole-time officer. The provision of Rs. 16,000 made for the supply of weights and measures will be placed at the disposal of the Deputy Director. The Revenue Commissioner will be requested to submit in consultation with the Director and the Deputy Director of Commerce detailed proposals for defining the duties and responsibilities of the various agencies concerned, the exercise of control over the special staff sanctioned and changes needed in the rules.

(*e*) *Development of the scheme relating to the formation of Central and District Museums.*— The Deputy Director will be responsible to render all necessary assistance to organise these institutions on proper lines. The work of the Central Commercial Museum should be correlated with that of the Bureau.

(*f*) *Development of Joint-Stock Companies.*—Now that the Deputy Director has been appointed as *Ex-officio* Registrar of Joint-Stock Companies, he will be held responsible for the rapid development of Joint-Stock enterprise in the State. Proposals for the establishment required and generally to bring into force the new Companies Regulation should be expedited.

(*g*) *Investigation of loans and financial assistance to industrial enterprises.*— The Commercial Section will be directly responsible for all economic as well as financial investigations which are necessary in connection with the formation of Joint-Stock Companies, the starting and development of industrial enterprises with Government assistance. No loans, or advances exceeding Rs. 5,000, will be granted before each case or scheme has been scrutinised by the Commercial Department with reference to the capital required to complete it, the net outturn expected and such other particulars, so that no ventures may be recommended for Government help without all the financial considerations being carefully taken into account and all available and necessary data collected and placed on record. Every application for a loan of any magnitude received either by the Committee or by the Director of Industries and Commerce shall be referred to the Commercial Section in the first instance for investigation and report. These investigations should be conducted with the aid of the Assistant Director as well as one of the Probationers who will be attached to the section. The question of the sufficiency of the security offered will be investigated as at present by the District Economic Superintendents and other officers authorised under the existing rules. The Deputy Director will also be responsible to inspect on behalf of Government all important commercial concerns pioneered or assisted by Government at least once a year and submit a report to Government through the Director. He will be assisted in this work by the Commercial Auditor that may hereafter be attached to the Department.

(*h*) *Development of the work of the Central Industries and Crafts Depot.*— The entire management of the depot will be placed under the Deputy Director who should submit a comprehensive scheme as to the lines on which this institution may best be developed and run on commercial lines.

(*i*) *Land Mortgage Bank.*—Preparation of a scheme for the establishment of a Land Mortgage Bank in the State.

(*j*) *Cotton Mills at Mysore and Davangere and other large industries.*—The Deputy Director will advise and help the cotton mill syndicates at Mysore and Davangere and assist in bringing the cotton mills into existence. The Deputy Director will be responsible to work out all the details and submit a practical scheme for the orders of Government. He will also, whenever required, render similar assistance in developing other large industries.

(*k*) *Preparation of a Commercial Guide and Directory for the whole State.*— This should be undertaken by the department; but if private enterprise is forthcoming to take up the work, the same should be encouraged. The Assistant Director, Mr. K. H. Ramayya, should also assist in this work.

4. To facilitate the work assigned to the Assistant Director, Mr. K. H. Ramayya (who will, in addition to his duties in connection with the collection of commercial information and popularising commercial ideals and methods, be also Assistant Editor in charge of the work of publication of departmental bulletins and other publications relating to industrial and commercial matters) will be given the services of a clerk and typist. He will be required to prepare in advance a quarterly programme of work specifying in detail the centres in which industrial and commercial possibilities will be investigated and the publications which will be completed within the period. His office will be located in the same buildings as that of the office of the Bureau of Information. He should submit for sanction through the Deputy Director half-yearly estimates of expenditure that will have to be incurred under printing, illustrations and other similar items. He will be empowered to

No. 8413-63—I. & C. 48-17-14, dated 22nd February 1918.

correspond directly with the District Committees and District Economic Superintendents and other agencies in collecting information.

5. The proposals made by the Deputy Director for expanding the usefulness of the Mysore Bank for the development of trade and industries may be submitted to Government with the opinion of the Bank.

6. The work of the Commercial Section should be conducted on the lines indicated above at least for the next twelve months and Government consider that if the programme given above is carefully adhered to, it will give sufficient work for the Commercial Section for at least one year. Government direct that every officer employed in the section should maintain a diary of work done by him. A draft of a form of a diary to be maintained by each officer may be submitted to Government for approval. The Deputy Director should check the diaries of the Assistant Director and Probationers and submit a review to Government quarterly through the Director.

7. The Deputy Director will be generally subordinate to the administrative control of the Director but the Director should give him full scope and independence in regard to matters assigned to him, referring important cases in which there may be difference of opinion to Government.

The Deputy Director will be authorised to correspond in his own name with all co-ordinate and subordinate officers and private persons, and in the name of the Director with Heads of Departments except in matters relating to Joint-Stock enterprise. All communications intended for Government will be forwarded by the Director with his own opinion whenever necessary.

8. The Director of Industries and Commerce is requested to arrange to give effect to this order at once and submit progress reports on the work done by the new section in his office every month till the scheme comes into complete operation.

Loan of Rs 50,000 to the Tirthahalli Tile Factory.

No. 8027-33—I. & C. 125-16-10, DATED 12TH FEBRUARY 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Correspondence ending with letter No. 112, dated 3rd—6th September 1917, from the Officiating Director of Industries and Commerce, recommending the grant of a loan of Rs. 50,000 to the Tirthahalli Tile Factory on certain conditions.

2. Letter No. C. 52, dated 18th October 1917, from the Secretary, Industries and Commerce Committee, forwarding the Committee's opinion in regard to the loan recommended.

3. Letter No. 2389—194, dated 17th November 1917, from the Officiating Director of Industries and Commerce, forwarding a copy of the proceedings of the extraordinary meeting held by the Directors of the Tirthahalli Tile Factory on the 27th September 1917, resolving to entrust the management and construction of works, for the time being, to the Department of Industries and Commerce.

4. Further correspondence ending with letter No. 1373, dated 13th December 1917, from the Director of Mines and Geology furnishing a report in regard to the existence of adequate quantity of clay of the required quality in the vicinity of the Factory.

Order No. 8027-33—I. & C. 125-16-10, dated 12th February 1918.

The Tirthahalli Tile Factory was started as a joint stock company with a nominal capital of one lakh of rupees, of which 560 shares of Rs. 100 each have been paid up. The entire amount raised from the share-holders has already been spent in erecting the kiln and engine house and the purchase and erection of the machinery and it is stated that in addition to the subscribed capital there is a further debt of Rs. 18,000 on the factory for charges already incurred. The Director of Industries and Commerce reports that unless the incomplete works are completed at a cost of about Rs. 10,900 and a new kiln constructed at a cost of Rs. 13,000 and sufficient money is made available for working expenses, it is not possible to start the manufacture of tiles in the factory on a commercial scale. The Director considers that if a kiln of a larger capacity is constructed the concern may be made to yield a profit and recommends the grant of a loan of Rs. 50,000 to enable the factory to begin work, the factory being taken over under Government Management for a period of two years. The Industries and Commerce Committee also recommend the grant of the loan, provided the quantity of clay available is sufficient. The report of the Geological Department on the sufficiency of clay is satisfactory.

2. After a careful consideration of all the circumstances, Government have, in view of the facts that without Government help this important industrial enterprise is not likely to make any further progress and its failure in this particular case will seriously prejudice the cause of industrial development in the Malnad, decided to grant it some financial assistance on the understanding that Government, in sanctioning the loan and giving the factory the help of the Department to complete the work and manage the same, undertake no responsibility nor offer any guarantees for the success of the enterprise and the recovery of the loan will be rigorously enforced irrespective of the financial results of the concern under the arrangements proposed. This should be made clear in the agreement to be executed by the Company for transferring the management to the Department and for the repayment of the loan.

No. 8027-33—I. & C. 125-16-10, DATED 12TH FEBRUARY 1918.

3. A loan of Rs. 50,000 is sanctioned as recommended, subject to the following conditions :—

(*a*) The loan will be charged interest at the rate of 5 per cent per annum and will be secured as a first charge on the existing plant, machinery and buildings and those to be erected or purchased in future.

(*b*) The factory will be placed under the management of the Department of Industries and Commerce for a period of two years or for such further period as may be required by Government. During the said period the Director of Industries and Commerce, subject to the general control and instructions of Government that may be issued from time to time, will have the sole and exclusive authority in the management of the concern; but he will be required to consult the Directors of the Company in all important matters.

(*c*) The loan should be repaid within ten years after the working of the Company is put on a satisfactory financial basis, such date to commence not later than two years after the factory has started work. The surplus profits will be first utilized in paying the Government instalments of the loan.

(*d*) The Government will have full power to call upon the Company to take over the factory while under the management of the Department of Industries and Commerce at any time for any sufficient reasons, of which they will be the sole judge, and impose on such transfer or so long as the Government debt remains undischarged, such further conditions as they may deem necessary for the security of the loan, nor will they at any time be responsible for any of the results of the factory.

4. The Director of Industries and Commerce is requested before drawing any part of the loan to prepare and arrange in consultation with the Government Advocate for the execution of two documents, one a deed for the repayment of the loan so that the incidents attaching thereto may be kept quite distinct from the position of the Department of Industries and Commerce as Managing Agents and the other containing the conditions under which the Department take over the factory as Managing Agents. If the Memorandum and Articles of Association of the Company do not provide for the employment of Managing Agents, the same should be amended, before any further action is taken, by means of a special resolution.

5. The Director of Industries and Commerce is requested to report forthwith if the Directors are agreeable to the conditions now proposed and if so to take all the necessary steps and report progress to Government within a month. He is also requested to report the steps that will be taken by him for the proper working of the factory, the maintenance and audit of accounts and the publication of a balance sheet and a profit and loss statement.

No. 1900-1903—Muz. 92-17-5, dated 8th February 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 1900-1903—Muz. 92-17-5, dated 8th February 1918.

In Government Order No. 1100-2—M. F. 92-17-4, dated 9th November 1917, the action of the Deputy Commissioner, Mysore District, in appointing temporarily the Head Gumasta of the French Rocks Sub-Taluk as Peshkar of the temples at Melkote in place of Vidwan Venkatachar, deceased, was approved and the Deputy Commissioner was informed that separate orders will be passed regarding the revision of the scale of pay attached to the Peshkari offices in the State.

2. In connection with the filling up of the existing vacancy of the Peshkar of the Melkote temples, the Deputy Commissioner of Mysore and the Muzrai Superintendent are of opinion that the practice of recruiting for these posts retired men from the general service has proved unsatisfactory and that the emoluments of the offices should be revised so as to attract younger men in active service of suitable qualifications who may be retained in the office for a term of years or replaced if found to be undesirable. It is recommended that these offices may be of two grades, the first consisting of the Peshkarship of the Nanjangud temple and that of the Melkote temples with a pay of Rs. 50-2-60 and the second consisting of the Peshkarships of the remaining temples, *viz.*, Chamrajnagar and Seringapatam with a pay of Rs. 30-1-35. Roughly the former will be of the rank of a Taluk Sheristadar and the latter of that of a Taluk Head Gumasta, while the leave and pension contribution at the usual rates is to be contributed in addition by the temples concerned.

3. The Government are pleased to approve of the scheme and to direct that necessary provision be made in the revision proposals of the temple expenditure now under investigation. The only other temple in the State which is under the charge of a Peshkar is the one at Kalasa in the Mudgere Taluk. The pay and position of this official may also be brought into line with the present scheme and a pay of Rs. 30-1-35 with the usual malnad allowance may be provided in this case also.

4. The Deputy Commissioners of Mysore and Kadur Districts are requested to submit their proposals regarding the recruitment of suitable men to these offices.

6. Is a service register maintained for every permanent official and brought up-to-date? Are these registers arranged in order and kept in the records in a separate box? Who keeps the key of the box?

7. Is a character roll maintained for each official and are these also brought up-to-date?

8. Is an office order book maintained? Are orders of leave, punishment, etc, regularly recorded and given effect to?

9. Is a register of applications for appointments maintained and are selections made therefrom?

10. Are all appointments made in accordance with rules pertaining to the department?

DISTRIBUTION OF WORK.

11. Is a record of the distribution of work among the several clerks in each branch maintained? Is the work assigned to each official sufficient, without being excessive?

12 Does each official maintain a diary or a personal register, and do the entries show sufficient work for each day? What is the general condition of the work indicated by these records? Is it up-to-date and efficient?

ARREAR LISTS.

13. Does every official prepare and submit once a month, a list of references pending with him as required by Rule 14 of the General

Rules of Office Procedure? Are these lists consolidated and is a statement submitted by the 5th of the month following?

14. Are these lists scrutinised carefully by the ministerial head of the office and reminders sent promptly where necessary?

15. Are similar monthly statements called for from subordinate offices, if any, and scrutinised before the 15th of the month following?

16. A copy of the latest arrear list may be appended.

REPORTS AND RETURNS.

17. Is a register of periodicals maintained and posted up-to-date? Is it scrutinised by the head of the office?

18. Is a calendar showing the dates of periodicals, reports and returns due to and from the office maintained and kept up-to-date? How many such returns were overdue at the time of the inspection?

FURNITURE LIST.

19. Is a register of furniture maintained? Are all articles of furniture entered therein together with details as to the cost and date of purchase of each? Is the register verified once every quarter and the result reported to the head of the office? Is a note made in the register of all articles lost or which have become unserviceable? Is the furniture adequate to the needs of the office or more than necessary? What is the condition of the furniture kept?

STATIONERY AND FORMS.

20. In whose custody is the office stationery? Are the stock and issue registers regularly maintained? Are they submitted monthly for the inspection of the officer in charge? Is a verification by stock-taking done once a year?

21. Is a general indent book maintained for monthly issue of stationery?

22. Are old and unserviceable articles sold by public auction and the proceeds credited to Government? (*Vide* Rule 19 of the Stationery Rules.)

23. Who keeps the stock of departmental and office forms? Where are they kept? Are they neatly arranged? Is a stock register of the forms maintained? Are all receipts and issues noted in the register?

24. Is a register of periodical issue of stationery maintained? (*Vide* Rule 36 of the Stationery Rules.)

FILE OF STANDING ORDERS.

25. Is a complete set of the standing orders relating to the work of the office maintained? Are circular instructions relating to several branches of the office maintained in each branch in separate files? Are these files complete and up-to-date?

26. Is each provided with a table of contents and if bulky, also an index?

27. Is a similar file maintained of circulars issued from the office?

28. Are the Departmental Codes and Manuals, if any, kept up-to-date?

LIBRARY.

29. In whose charge is the Office Library and where is it kept?

30. Is a register maintained for entering books and publications as they are received and is it written up-to-date?

31. Is a catalogue of the Office Library maintained up-to-date?

Is the stock of books verified with reference to the catalogue once a year?

32. Are all books received into the Library correctly labelled and deposited in their appropriate places?

33. Are all correction slips inserted in their proper places in the volumes of enactments, rules, etc.?

34. Are any books issued without a receipt or lent to strangers without the permission of the head of the office?

35. Is a monthly report of books, removed and not returned, submitted?

36. Are cases of loss of or damage to any books reported promptly and orders obtained for their replacement?

TOUR.

37. Is a definite programme drawn up and adhered to?

CORRESPONDENCE REGISTERS.

38. Are the registers of inward and outward correspondence properly maintained as required by the office manual?

39. How many of such registers are maintained? Are a peon book and tappal book maintained?

40. Are the registers written up neatly? Are the entries concise and clear?

41 Are all receipts classified in the manner laid down in Rule 11 of the General Rules of Office Procedure?

42. Is there any delay in the fair copying and despatching of letters? Are all papers despatched invariably on the day they are signed or the following day? A few issues may be examined with reference to the peon book and tappal book.

43. Is a register maintained to enter all covers as they are received in the office?

44. Is a separate petition register maintained in the form prescribed by rule 22 of the Petition Rules and does it show the method of disposal and the date and nature of endorsements granted?

45 Is there any abnormal delay in the disposal of petitions?

46 Is the half-yearly return of petitions sent up regularly, as required by rule 24 of the Petition Rules?

47 Are disposal lists properly maintained? Is the classification of disposals into series done on any uniform basis?

48 Are all the registers periodically examined by the ministerial head of the office and signed by him in token of his inspection?

49 Are all disposals promptly made over to the record-keeper, duly arranged and stitched? What is the number of such records remaining to be sent to the record room?

CASH AND CONTINGENCIES

50 Are the following registers prescribed by rule 25 of the General Rules of Office Procedure maintained?

(1) Cash book
(2) General ledger or classified abstract of the monthly totals of the cash book.
(3) Contingent register
(4) Order book for contingent charges.

51 What is the amount of permanent advance held by the office? Is an account of it correctly kept? What is the balance on hand? Is it forthcoming?

52. Is there any money on hand awaiting remittance to the Treasury or payment to parties? Details may be furnished.

53. Are there any long standing advances made out of the office imprest, awaiting adjustment? Details may be furnished

54 Are all charges incurred on account of contingencies entered into the contingent register from day to day? (*Vide* Article 81 of the Civil Account Code) Are totals struck at the end of the month?

55. The necessity for any unusual charges maybe scrutinised

56. Are all contingent charges incurred under due authority, sanction of higher authorities being obtained where necessary?

57 Is the contingent bill drawn at the end of each month in the manner laid down in the Civil Account Code and are the initials of the head of the office obtained?

58. Is the expenditure kept within the budget grant?

59. Is the account of the service postage labels correctly written up? Who keeps them and where? Does the stock on hand agree with the book balance? Is it periodically verified by the head of the office?

60 Are salary bills prepared with reference to the attendance register, leave register and office order book? Are drafts of the pay bills maintained?

61. Is an acquittance roll maintained? Are all salaries drawn duly disbursed and proper receipts taken therein? Is the stamped receipt obtained for payments of over Rs. 20? Is the register examined every month by the head of office?

62. Are the bills and payments posted in the cash book and the postings made under the initials of the head of the office?

63. Is undisbursed pay shortdrawn invariably in the pay bill of the next month?

64. Has necessary sanction been obtained for drawing the pay or allowances of incumbents of appointments requiring sanction of the higher authorities?

65. Are all sums drawn on travelling allowance bills disbursed and acquittance taken?

66. Are drafts of the office travelling allowance bills maintained?

67. Is there any undisbursed travelling allowance kept? If so, how is it dealt with?

68. Are personal claims of officers to pay or allowances or increment disposed of without undue delay?

69. Are Pension applications prepared and submitted to the authorities concerned in time? Is a quarterly list of pending pension applications prepared and submitted? The last quarterly list may be examined.

RECORDS.

70. The rules, if any, under which the records are arranged may be quoted. If no such rules exist, the system of arrangement followed subjectwar or chronological, etc., may be briefly explained.

71. Is the arrangement of records in accordance with the rules?

72. Are all the records sorted according to the prevailing system? If not what is the quantity of papers remaining to be sorted? What time is necessary to complete their sorting?

73. In whose charge are the records kept? Are records permitted to be removed without a substitute slip signed by the requisitioning official?

74. A list of the records taken out of the record room and outstanding for long periods may be given.

75. What is the arrangement for the custody of importa[illegible] and confidential records? In whose charge are they? Is a separate list of such records maintained?

76. Does the record room present a clean and tidy appearance?

77. Have rules been framed for regulating the periodical destruction of unserviceable records and have all time-expired papers been eliminated according to such rules and under due authority?

No. 1501—E. A. G. 69, DATED 26TH FEBRUARY 1918.

MISCELLANEOUS.

78. Are the following lists maintained under the O. & D. Scheme ?

(1) List of important questions requiring consideration at a time ?

(2) List of subjects for study *re* subjects connected with the department in which individual officers may usefully specialise ?

Are these lists revised and progress reviewd once every half-year ?

79. Is an inspection minute book maintained and written up as laid down in para 4 of Government Order No. 10870-918—E. A. 43-14-1, dated 10th April 1915 ?

80. Extent to which points noted for action at previous inspections have been attended to.

81. General remarks, if any.

No. 1501—E. A. G. 69, DATED 26TH FEBRUARY 1918.

QUESTIONS PARTICULARLY APPLYING TO THE OFFICE OF THE SUPERINTENDENT OF THE MEDICAL STORES, BANGALORE

1. Examine the stock registers of European medicines. Are receipts and issues promptly entered?

2. Examine the stock register of surgical instruments

3. Examine the stock register of country medicines.

4. Are these entries checked by any responsible officer? If so, by whom?

5 How many indents from Medical Institutions were disposed of during the current year and how many remain to be complied with?

How many were complied with by this date last year?

6 Which is the longest pending indent? What is the cause of delay?

7 Was the stock on hand verified with the balance shown in the stock registers? If so, when and by whom?

8. Are all outstandings recovered?

No 1501—E. A. G. 69, DATED 26TH FEBRUARY 1918.

APPENDIX B.

MEMO OF QUESTIONS FOR THE INSPECTION OF MEDICAL INSTITUTIONS

Name and designation of the Inspecting Officer

Duration of inspection.

When and by whom last inspected.

1 Is the building a Government one or a private one, rented or otherwise made available for a hospital or dispensary?

2 Is it kept in a good condition?

3 Is the accommodation sufficient for the purpose?

4 Are any repairs or alterations necessary?

5 Are there the necessary out-houses, such as kitchen, latrines, dead-house? Are they in good condition?

6 Are residential quarters provided for the staff? If so, what is their condition?

7 Is the institution conveniently situated?

8. Is there a good water-supply and drainage?

9. Is the supply of bedding, clothing and furniture sufficient? What is the condition of the same?

10. What are the hours during which out-patients are attended to?

11 Are attendance registers maintained for the staff?

Are the times of arrival and departure regularly noted by the Medical staff and are any irregularities in attendance duly noticed by the head of the institution

12. Are duty rolls of the Medical, Nursing and menial staff maintained and are they adhered to?

13 Is the establishment sufficient and efficient? If not, give suggestions for improvement

14. Are medicines and appliances sufficient? Are they properly labelled, arranged and preserved? Are poisons kept separately?

15 In whose custody are the poisons? Does the stock on hand correspond with the entries in the stock registers?

16. Are indigenous drugs used? If so, to what extent?

17. Are stock books of medicines, and surgical instruments maintained and kept up-to-date?

18 Is a register maintained, showing the daily issues of important and costly medicines and drugs?

19. Verify the book-balance and the stock on hand and note the result.

20. What is the number and condition of the surgical instruments? Are any missing or broken? What steps have been taken to replace them?

21. What is the daily average of attendance of patients for twelve months preceding the inspection? What was it in the previous twelve months?

22. Is there any satisfactory explanation for the variation? In the case of indoor patients was the diet ordered and supplied proportionate to the number of patients? The diet charged off on particular days may be verified with the diet sheets of patients.

23. What are the prevalent diseases?

24. How many surgical operations have been performed during the current year till date of inspection? What is the number of operations performed in the previous year?

25. How many labor cases were conducted by the Midwife, if any, attached to the institution?

26. Is she popular?

27. Who is the Medical Officer in charge, what are his qualifications? How long has he been in charge?

28. Are his relations with his subordinates good? Does he possess the confidence of the public?

29. Have there been any complaints against any member of the staff? What action was taken on such complaints?

30. Are the Hospital books and registers kept neat and posted up-to-date?

31. A. What is the average income from fees, if any, charged for medicine?

Are correct accounts maintained of the receipts from fees?

Are they remitted to the Treasury regularly?

32. Is a visitors' book maintained? What is the general tenor of the remarks therein?

33. Is any use made of Medical journals received in circulation? Examine notes taken.

34. General remarks, if any.

35. Are the diet and other articles supplied by a contractor and if so, are the articles supplied at the tendered rates?

36. Is the quality of the articles supplied satisfactory? Is the work of the steward satisfactory?

37. Does the steward insist on the quality of the articles supplied by the contractor? Is an order book to the contractor maintained?

INDEX FOR FEBRUARY 1918.

PART I.

A
